Early Learning Center at George
Earle Elementary Strategic Plan
For
Continuous School Improvement

Introduction

This section provides a narrative overview of the Vision and Profile steps of the School Improvement Process completed by the Early Learning Center at George Earle Elementary Continuous School Improvement Team and Stakeholders. The key actions in the vision stage of the school improvement process requested stakeholders to participate in examining research-based factors related to student performance, determine beliefs, examine the expectations that stakeholders have for student learning, develop a shared vision to focus school improvement, and fulfill the mission of the Board of School Trustees and the School City of Hobart. The key actions in the profile stage of the school improvement process led stakeholders to describe students and their performance, school effectiveness, the school and community contexts, and to determine the target areas for improvement.

Research-Based Practices and Organizational Conditions of Improving Schools

Ensure desired results

- Our district has high expectations for student achievement that are communicated with students and parents.
- Our district implements a vision for student learning through goals and strategies.

Improve teaching and learning

- Our district uses multiple assessments to provide feedback for improvement in instructional practices and student performance.
- Our district uses data to inform decision-making about teaching and learning.
- Our district delivers on these expectations for student learning through a curriculum that is coherent and rigorous.
- Our district uses instructional strategies that provide students with focus, feedback, and sufficient opportunities to master skills.
- Our district creates classroom environments that are conducive to learning.
- Our district optimizes technology and multimedia as learning tools.

Foster a culture for improvement

- Our district uses technology to assist families with student learning.
- Our district improves performance by coming together regularly for learning, decision-making, problem-solving, and celebration as a professional learning community.
- Our district engages in research and best practices that support the ongoing improvement of teaching and learning.

Quality teachers

- All teachers are certified and trained in their teaching areas.
- Our district designs and delivers quality staff development to address the individual needs of teachers with skills that can be directly applied to the classroom.

Effective leadership

- The sharing of leadership for the improvement of teaching and learning occurs throughout the district.
- The leadership articulates a compelling need for improvement and provides meaningful ways for the professional learning community to focus on its performance.

Quality information

- Our district collects data from state and local assessments and other vital areas that contribute to the quality of excellent schools. Our district strives for data that is free from

errors.

- Our district warehouses data that delivers student data to target strengths and weaknesses.

Policies and procedures

- Our Board of School Trustees regularly meets to create and update bylaws and policies.
- Our Superintendent develops administrative guidelines to implement Board policy.
- Our district communicates policy in annual notices and student handbooks.
- Our district has emergency response and crisis teams for school safety.
- The district maintains and practices continuous school improvement planning with a relentless focus on student learning.

Resources and support systems

- Our district ensures that leadership supports the vision for student learning.
- Our district allocates technological resources to target areas for improvement.
- Our district allocates time for improvement efforts.

Our School District's Beliefs

- Learning is the shared responsibility of the school, student, parent and community.
- Learning occurs best in a safe, secure environment.
- Our schools value and respect diversity, creating an equal opportunity for all children to learn.
- Successful learners, whether students or adults, set goals and monitor progress in achieving them.
- Motivation to learn is influenced by a student's emotional state, beliefs, interests, and goals.
- Students learn best when they are actively engaged in meaningful, challenging work.
- Students learn best when the staff maintains high expectations for learning.
- Successful students create and use a variety of thinking and reasoning strategies and can communicate ideas.
- Interactions with adults, who serve as role models and mentors, contribute to student learning and achievement.
- Effective educators engage in learning communities that use research and best practices that support the ongoing improvement of teaching and student performance.

Vision for Student Learning:

The School City of Hobart Community will foster intellectual curiosity, natural abilities, critical thinking, and literacy in students while developing respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

School City of Hobart and the Board of School Trustees Mission:

The primary mission of the School City of Hobart and the Board of School Trustees is to continually provide effective community schools.

A. Our Schools Equip Children for Adulthood

Effective Community Schools adequately equip young people for adulthood in the 21st century. Our students must be prepared both for employment and for day-to-day living in a complicated and rapidly changing world. This necessitates that our schools provide students with the intellectual tools necessary for life-long learning. Among these tools must be: skills to facilitate participation in a democracy, communication skills, critical thinking, and other flexible learning skills as well as the ability to work both individually and in a team situation. It is expected that these skills be developed through all curricular areas.

B. Our Schools Address the Needs of Individual Students

Effective Community Schools address the needs of individual students and focus on individual development. Students bring to the schools a great diversity of interest, aptitudes, motivations and learning styles. Our schools must be able to address this diversity by identifying individual needs, responding with appropriate teaching strategies, flexibly meeting these needs and recognizing each individual student's ability to contribute to the school community.

C. Our Schools Are Community Schools

Effective Community Schools are necessary to a healthy community. Our schools must always recognize their affirmative duty to the entire community, including families, government, business and industry, other institutions, civic groups and individual citizens. Our schools must draw from the strengths of this community to identify and accomplish their goals.

D. Our Schools Are Committed to Success

Effective Community Schools fully utilize the resources of the entire school community (administration, teachers, support personnel, families and students) in all aspects of school life. Our schools cannot succeed without the committed involvement of all.

Early Learning Center at George Earle Mission Statement:

At my school I pledge today

to show respect in every way.

Reading, math, technology,

exploring with curiosity.

I will learn in many ways

to do my very best always!

I'll be proud of my class and me

Because we are Brickies!

Learning Areas and High-Priority Expectations for Student Learning

Learning Area - Language Arts

Expectations for Student Learning

All students will read and comprehend a variety of genres and informational text, as well as communicate ideas through writing.

Learning Area – Problem Solving

Expectations for Student Learning

All students will use problem solving skills to think critically and apply knowledge and reason to solve problems.

Learning Area - Careers

Expectations for Student Learning

All students will demonstrate the skills and knowledge necessary for managing the dual role of productive and successful community member and wage earner by gaining employment in a career or by continuing education at the post-secondary level.

Learning Area - Citizenship
Expectations for Student Learning

All students will develop an understanding and commitment to the democratic ideals of human dignity, justice and equality by focusing on productive citizenship in a democratic society.

Rationale for Learning Areas

Our district's vision for student learning envisions our students as respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

Language Arts, Problem Solving, Careers, and Citizenship are the focus of accountability requirements for our district.

Early Learning Center at George Earle Elementary School mission:

Early Learning Center at George Earle Elementary School Equips Children for Adulthood

Gains Analysis

School City of Hobart

READ 180 and System 44

End of Year Summary Report

Results Based On Program Data

08/20/2015 to 05/27/2016

Executive Summary

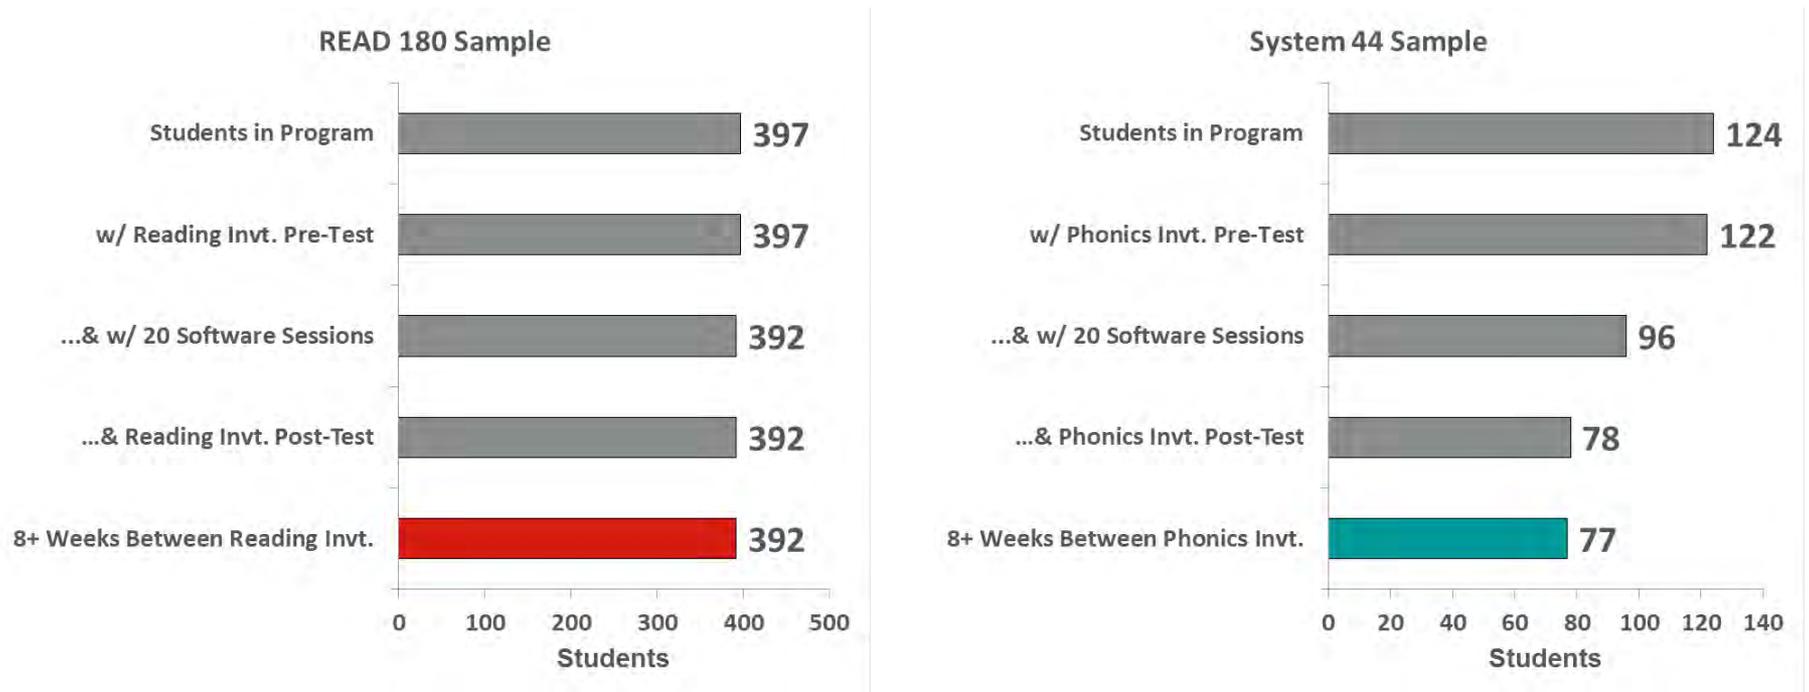

In partnership with the district, Houghton Mifflin Harcourt has analyzed data from six sites that implemented the *READ 180* & *System 44* reading intervention programs this school year.

Preliminary Analysis Observations

- The analysis includes data from 397 *READ 180* and 124 *System 44* students.
- 392 students enrolled in *READ 180* completed 20+ sessions of software usage and had 2+ Reading Inventory (8+ weeks apart).
- 77 students enrolled in *System 44* completed 20+ sessions of software usage and had 2+ Reading Inventory (8+ weeks apart).
- End of Year 2015-2016 data export indicates evidence of strong growth with good software use in *READ 180* and evidence of strong growth with good software use in *System 44*.

Analysis Sample Selection Overview

How Many Student Records Had Sufficient Data for Analysis?

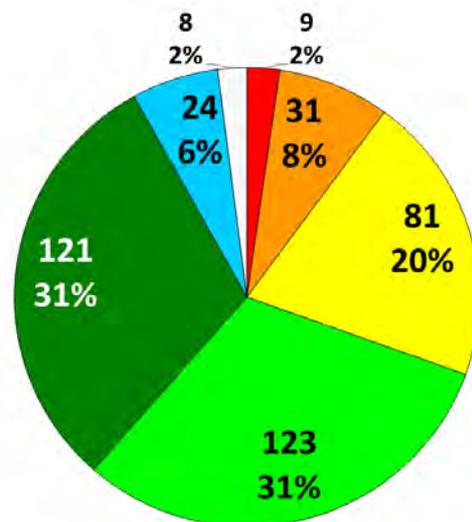

Gains analysis inclusion criteria was set to include students in *READ 180* and *System 44* who had a minimum of 20 software sessions and a minimum of two test administrations at least eight weeks apart (Reading Inventory for *READ 180* students and Phonics Inventory for *System 44* students).

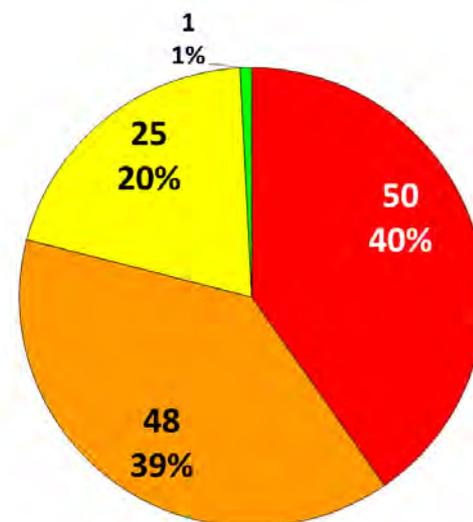

Placement Reading Inventory Overview

Were Students Appropriately Placed in READ 180 & System 44?

KEY	
■	BR to 199L
■	200L to 399L
■	400L to 599L
■	600L to 799L
■	800L to 999L
■	1000L to 1199L
■	1200L or More

READ 180 Students at Placement

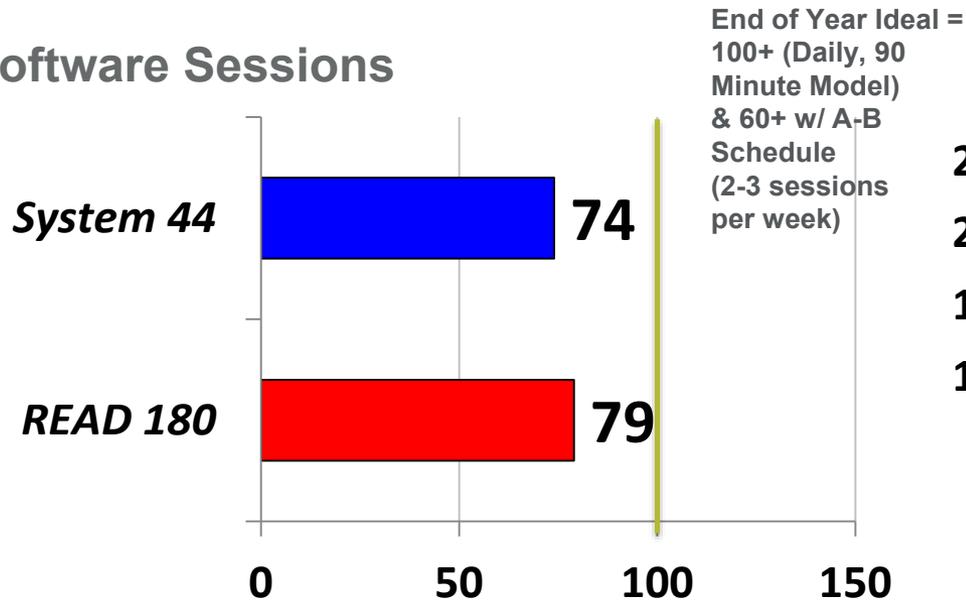

System 44 Students at Placement

Students with **low Lexiles** (BR to 400L in grades three to five & BR to 600L in grades six & up) should be screened with HMH Phonics Inventory. Pre-Decoder, Beginning or Developing Decoder status students should be placed in *System 44* but Advancing Decoders belong in *READ 180*.

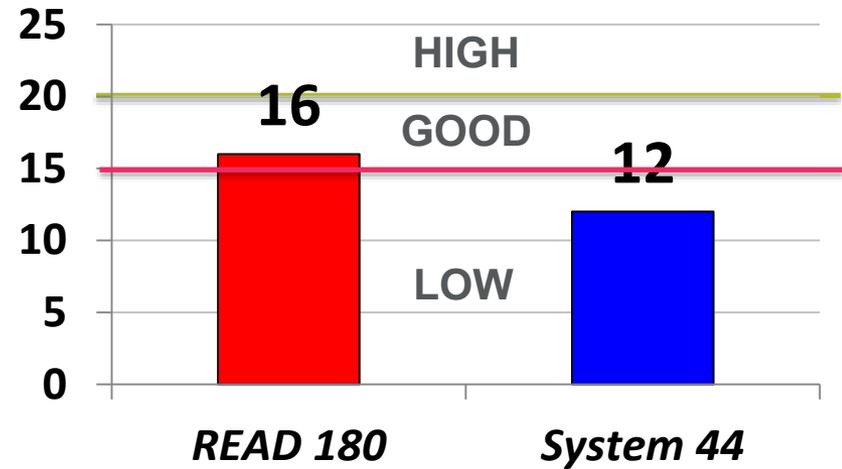

Students with limited phonemic awareness may not sustain higher Lexiles without Tier 3 intervention.

Summary Program Usage

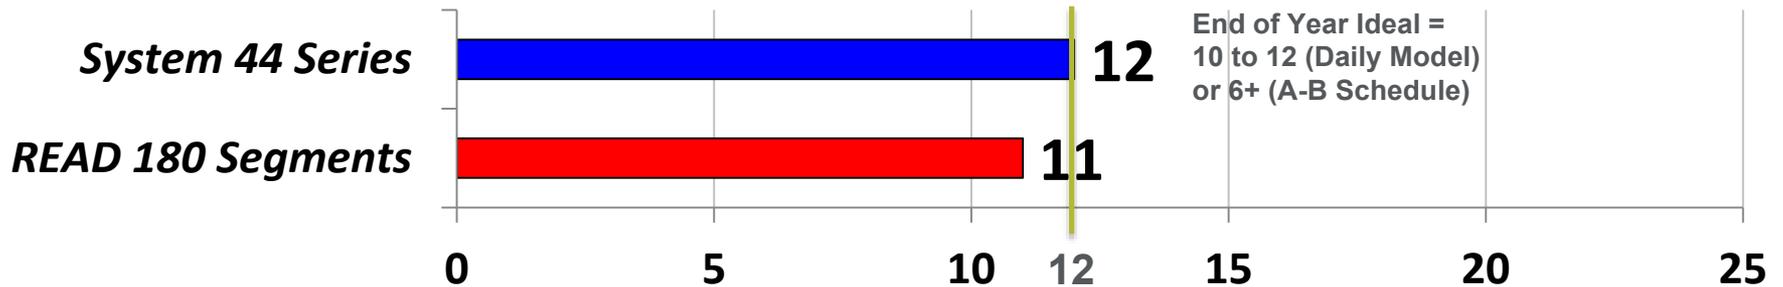

Software Sessions

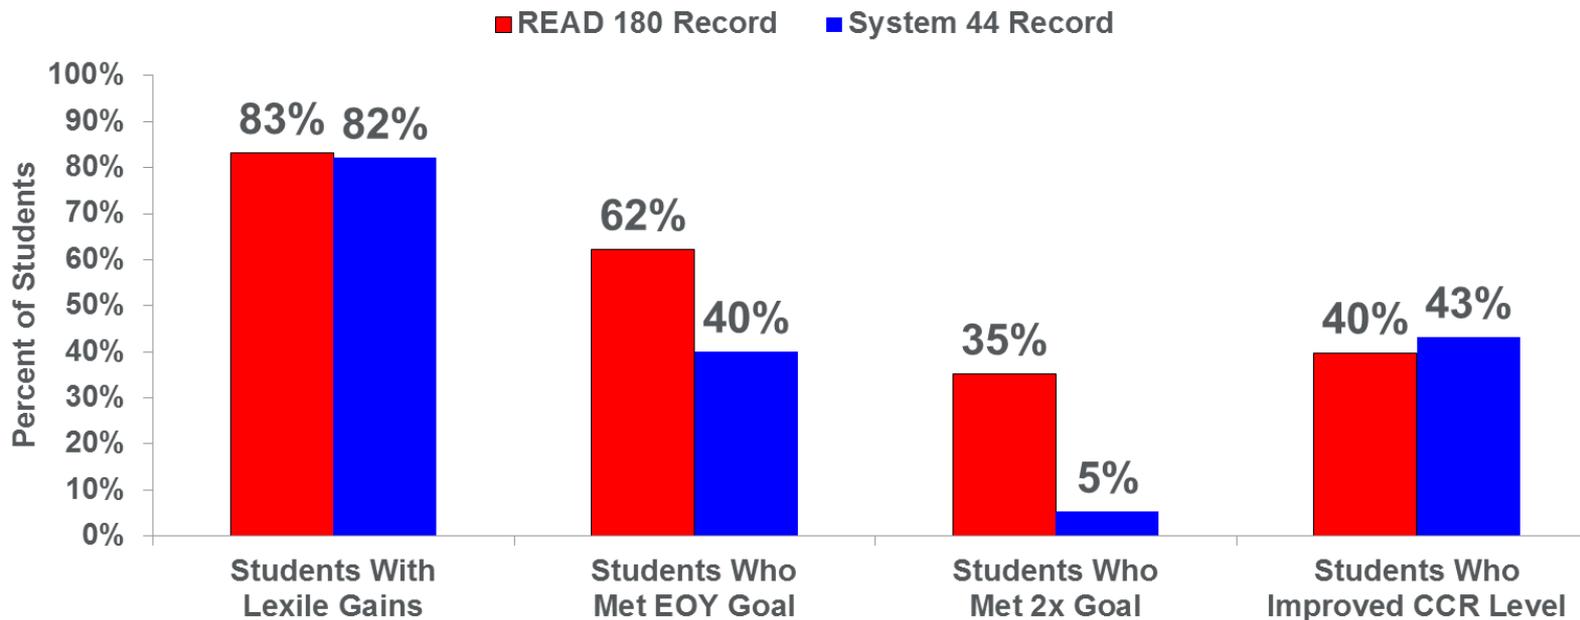

Minutes per Session

Software Content Units

Summary End of Year Reading Inventory Growth Metrics

392 Students
w/ Reading Inventory

95 Students
w/ Reading Inventory

Total Students in
Reading Inventory
Sample

These results are from students with 20+ software sessions and Reading Inventory tests that were at least eight weeks apart. Numbers for *System 44* on subsequent slides may vary because they are based on Phonics Inventory rather than Reading Inventory results.

Implementation Reports

READ 180 Super Stars

A Selection of Students with Notable Growth and Program Use

Student	Grade Level	School	READ 180 Segments Completed	READ 180 Software Sessions	First Reading Invt. Test Date	First Lexile Score	Current Reading Invt. Test Date	Current Lexile Score	Low End Annual Goal	High End Annual Goal	2x Annual Goal	Change in Lexile	Normal Growth Rate

Student #8	9	Hobart High School	8	42	9/17/2015	785	3/15/2016	975	40	70	80	190	3.5
Student #9	6	Hobart Middle School	6	52	9/4/2015	637	5/12/2016	886	55	90	110	249	3.4
Student #10	8	Hobart Middle School	21	107	9/10/2015	1046	5/11/2016	1191	30	55	60	145	3.4

There were **207 READ 180 Super Stars**, with evidence of both strong participation and Lexile gains. The students with the most growth relative to expectations are displayed above.

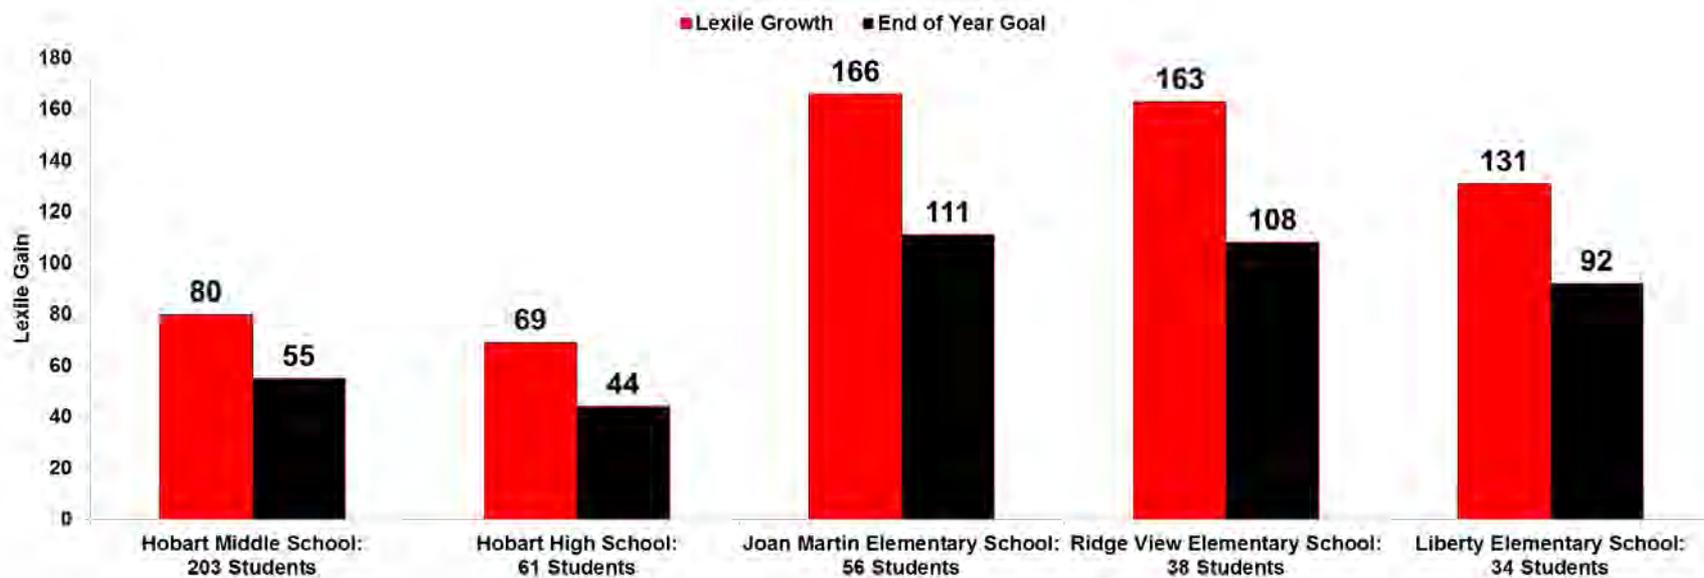

To reach “Reading Super Star” status, students must have:

- **At least 20 sessions** (days) of software usage
- **At least one Segment completed** in the *READ 180* software
- **A growth rate between 1.0 and 4.0***
- Pre-Test Reading Inventory Lexile score of **over 100L**.

*Students with greater than four times the normal growth rate may have had inappropriately low initial Lexile scores and are excluded from the Super Stars list.

Mean Lexile Gain and Goal by Site

Mean Change in Lexile and Low End Growth Goal by School

This analysis is based on students who completed **at least two** Reading Inventory tests a minimum of eight weeks apart. **Review the Reading Inventory Growth Summary Report for more information.**

(Analysis Note: Sites with fewer than 10 students or a negative change in average Lexile are not shown above)

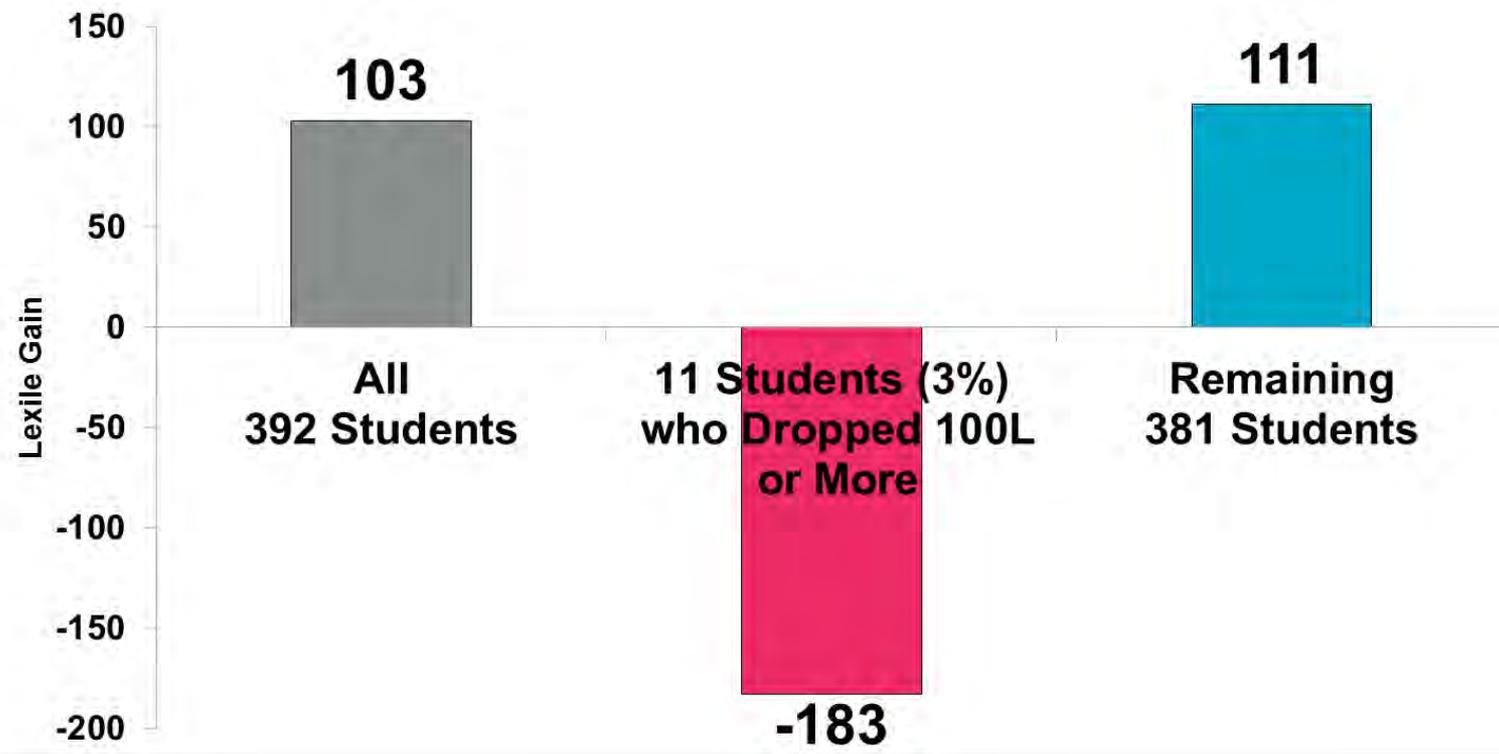

READ 180 Usage and Reading Inventory Metrics

School	Number of Students	Grade Range	Reading Inventory Lexile Metrics							READ 180 Metrics			
			Mean Starting Lexile	Mean Current Lexile	Change in Lexile	Low End Annual Growth Goal	High End Annual Growth Goal	Average Annual Growth Rate	% of Students Exceeding Average Growth	Mean READ 180 Sessions & [Max]	Sessions Per Week	Minutes Per Session	Mean Segments Completed
Ridge View Elementary School	38	4 to 5	559	722	163	108	153	1.3	68%	96 [119]	3.1	16	11
Joan Martin Elementary School	56	4 to 5	539	705	166	111	158	1.2	73%	107 [122]	3.4	18	15
Hobart High School	61	9 to 10	864	933	69	44	76	1.2	62%	48 [99]	1.9	15	7
Liberty Elementary School	34	4 to 5	627	758	131	92	135	1.2	68%	61 [112]	2.6	16	8
Hobart Middle School	203	6 to 8	757	837	80	55	90	1.1	57%	81 [142]	3.1	16	11
READ 180 Totals	392	4 to 10	712	815	103	70	108	1.2	62%	79 [142]	2.9	16	11

HMH recommends that *READ 180* students complete the Reading Inventory three to five times a year for screening, monitoring progress, and making instructional decisions. Strongest results are typically achieved when students follow the *READ 180* Instructional Model daily, and when care is taken to ensure a positive testing environment.

Potential Impact of Large Lexile Declines

Highlighted Change in Lexile That Could Reflect Test Motivation

Assuming a student was targeted, Reading Inventory can provide an accurate measure of reading comprehension ability. A drop in Lexile of 100L or more might indicate that the student was not focused and attentive and did not do as well as possible. Even when best practices are in place, expect nearly 2% to 5% of students to drop 100L or more. When challenges are present, the percentage of decliners can climb to 30%.

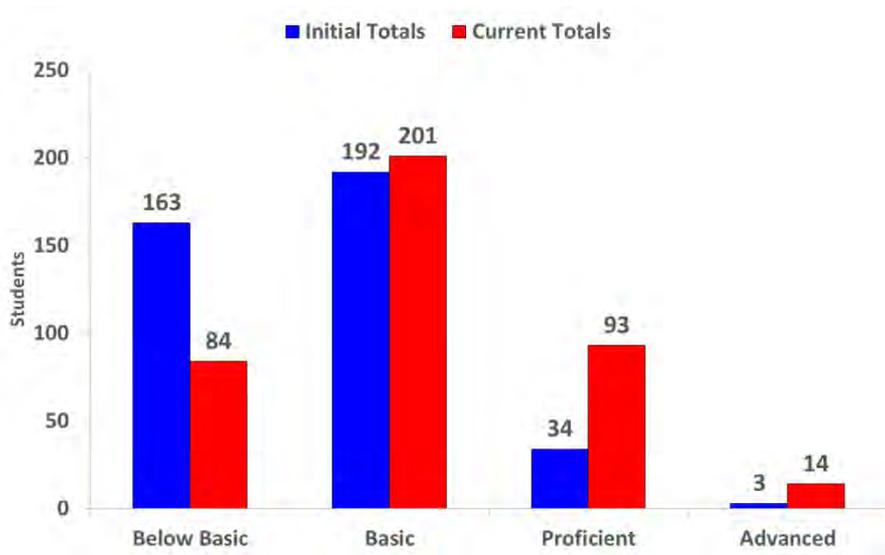

Revised *READ 180* Results

School Level Results without 100L Decliners

School	Number of Students	Grade Range	Reading Inventory Lexile Metrics							READ 180 Metrics			
			Mean Starting Lexile	Mean Current Lexile	Change in Lexile	Low End Annual Growth Goal	High End Annual Growth Goal	Average Annual Growth Rate	% of Students Exceeding Average Growth	Mean READ 180 Sessions & [Max]	Sessions Per Week	Minutes Per Session	Mean Segments Completed
Ridge View Elementary School	38	4 to 5	559	722	163	108	153	1.3	68%	96 [119]	3.1	16	11
Hobart Middle School	194	6 to 8	750	842	92	56	91	1.2	60%	81 [142]	3.1	16	11
Joan Martin Elementary School	56	4 to 5	539	705	166	111	158	1.2	73%	107 [122]	3.4	18	15
Hobart High School	60	9 to 10	868	941	73	44	76	1.2	63%	47 [99]	1.9	15	7
Liberty Elementary School	33	4 to 5	620	759	139	93	137	1.2	70%	61 [112]	2.6	16	8
READ 180 Totals	381	4 to 10	707	818	111	70	109	1.2	64%	80 [142]	2.9	16	11

When students see scores drop by 100 Lexiles or more, it often means they are being impacted by factors outside the program. Their scores, meanwhile, affect the overall averages negatively. The table above shows what the *READ 180* results would have been apart from students who dropped by 100L or more.

READ 180 Student Progress along Reading Inventory College & Career Ready Lexile Performance Levels

		Current Reading Invt. Performance Levels				Initial Totals
		Below Basic	Basic	Proficient	Advanced	
Initial Reading Invt. Performance Levels	Below Basic	77	71	15		163
	Basic	7	122	58	5	192
	Proficient		8	19	7	34
	Advanced			1	2	3
Current Totals		84	201	93	14	392

156	(40%)	Students Moved UP
220	(56%)	Students Stayed in Level
16	(4%)	Students Moved Down

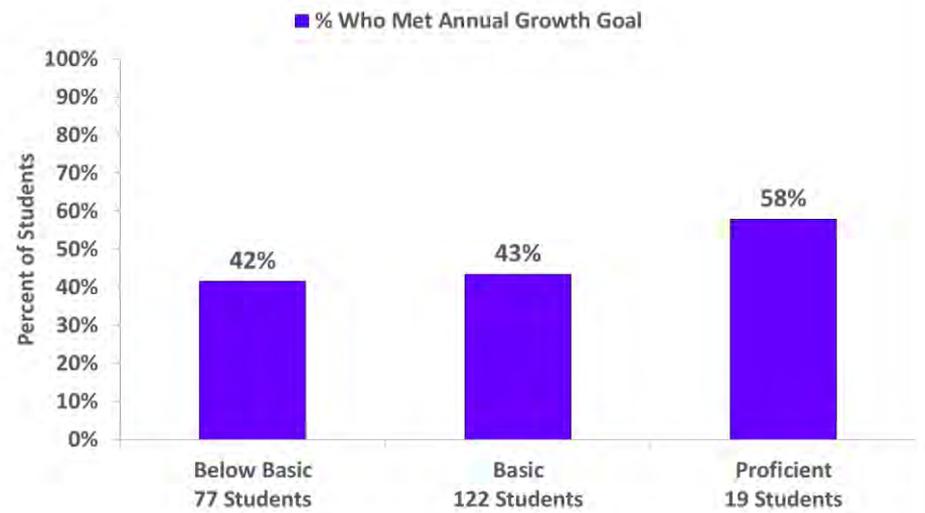

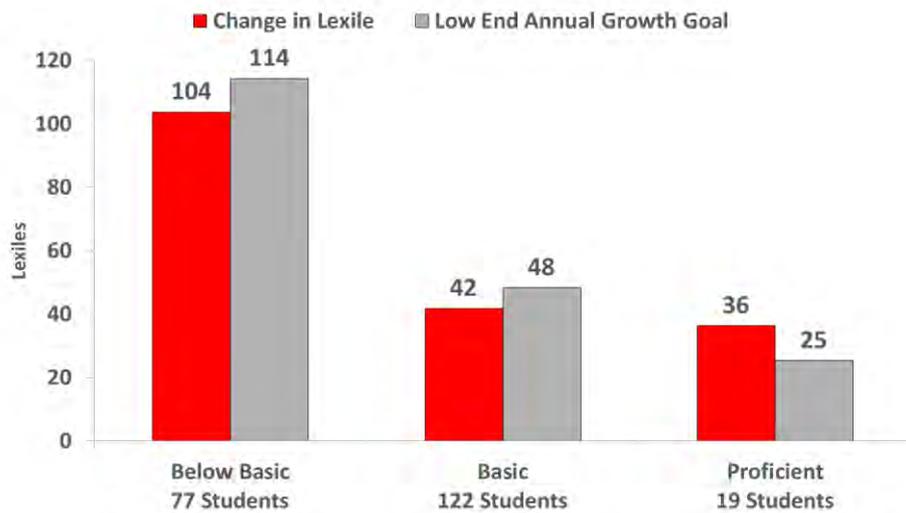

The above results show students' Reading Inventory scores aligned to the Lexile Performance Levels set by MetaMetrics. As students move through the program, lower, non-proficient reader populations should decrease and higher, proficient reader populations should increase.

Lexile performance bands used in this analysis can be found in the Appendix.

Analysis Note: Charts above reflect Lexile data aligned to the Reading Inventory College & Career performance levels, regardless of whether students were administered Reading Inventory EE or Reading Inventory CC.

Students who Maintained Performance Level

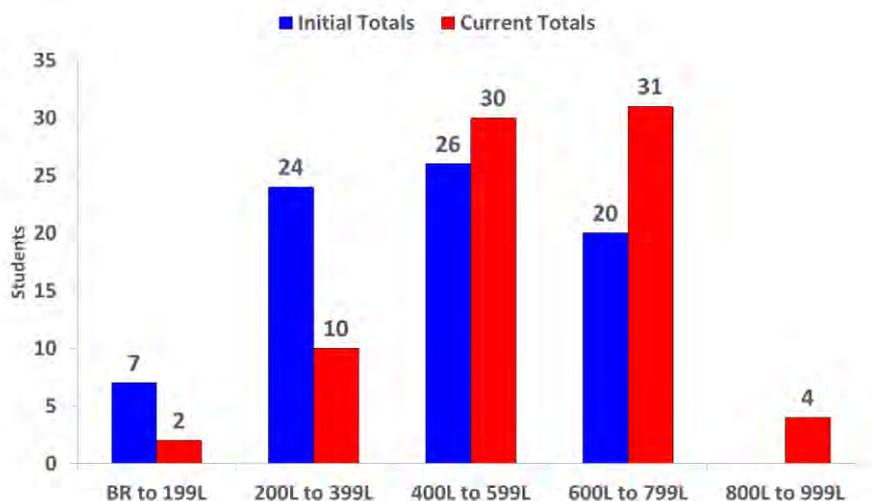

Lexile Results for Students Who Did Not Move Up/Down a Level

Students who maintained their performance levels demonstrated Lexile growth on average; these charts show the average advances they made towards growth goals. Below Basic students may need phonics instruction in order to demonstrate significant Lexile growth.

Below Basic *READ 180* Student Results

Summary Movement Between 200L Ranges of Below Basic Readers

		Current Reading Invt. 200L Band					Initial Totals
		BR to 199L	200L to 399L	400L to 599L	600L to 799L	800L to 999L	
Initial Reading Invt. 200L Band	BR to 199L	2	4	1			7
	200L to 399L		4	15	5		24
	400L to 599L		2	13	11		26
	600L to 799L			1	15	4	20
	800L to 999L						0
	Current Totals	2	10	30	31	4	77

40	(52%)	Students Moved UP
34	(44%)	Students Stayed in Level
3	(4%)	Students Moved Down

Unlike other levels, the Below Basic College and Career Ready Range is 600L+ wide.

These reports show the progress of students who stayed in the Below Basic range by tracking their pre-test and post-test Reading Inventory results along 200-Lexile bands.

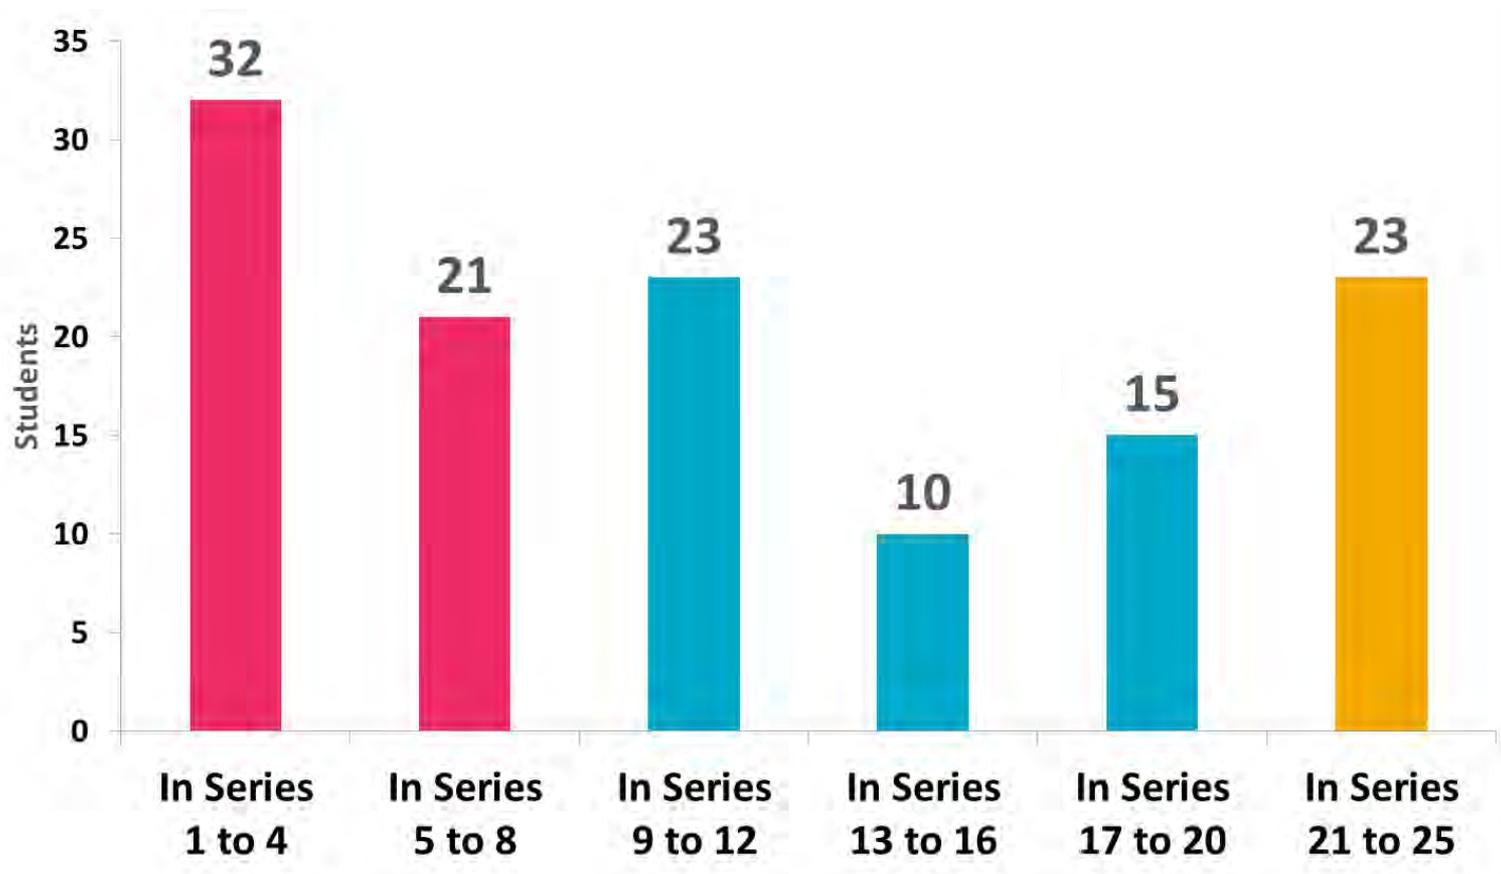

NEXTGENERATION

Implementation Reports

System 44 Student Progress and Use

Overview of Students' Current Location in Program

The chart above shows how much content *System 44* students have completed. Students should strive to complete **at least** 10 Series in a year, and to complete all 25 during their time in *System 44*.

System 44 Summary Implementation Metrics

Student Content Completion as a Measure of Growth

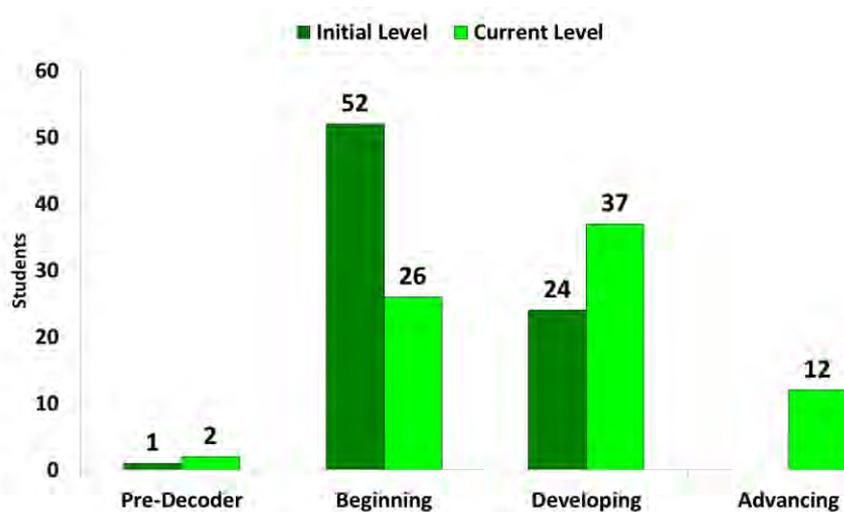

School	Number of Students	Software Metrics			Content Progress			
		Mean Sessions	Mean Sessions Per Week (NG)	Mean Minutes per Session	Mean Topics Completed	Mean Fast Tracked Topics	Mean Minutes per Topic	Mean Current Series
Hobart Middle School	24	72	0.0	13	45	12	37	18
Joan Martin Elementary School	30	96	0.0	15	79	22	33	12
Liberty Elementary School	44	46	0.0	11	47	19	29	7
Ridge View Elementary School	26	99	0.0	10	55	9	39	11
Students Placed in Series 1	93	84	0.0	10	57	12	34	12
Students Placed in Series 4	31	45	0.0	17	52	29	34	11
Students Using System 44	124	74	0.0	12	56	16	34	12

On a standard daily implementation of *System 44*, schools can achieve 100 sessions of usage in a school year. In the standard implementation model, students should use the software for 15-20 minutes each day (or session). Regular use of software helps students complete the Topics more quickly; when all 160 Topics have been completed, the student is ready to exit *System 44*. **Review the results here to identify successes as well as schools that may need additional support. Use the *System 44* Response to Intervention Summary Report for more information.**

Analysis Note: Because Phonics Inventory and Reading Inventory use varies greatly, this chart shows software use for ALL System 44-enrolled students to avoid skewing usage results based on test administration. If students were manually placed in a specific Series other than #1 or #4 then they are reported in the total and school-level results but cannot be reported by initial placement Series.

System 44 Student Phonics Inventory Results

Total Students by Initial and Current Decoding Level

		Current Phonics Inventory Decoding Levels				Initial Level
		Pre-Decoder	Beginning	Developing	Advancing	
Initial Phonics Inventory Decoding Levels	Pre-Decoder			1		1
	Beginning	1	22	25	4	52
	Developing	1	4	11	8	24
	Advancing					
Current Level		2	26	37	12	77
		38	(49%)	Students Moved UP		
		33	(43%)	Students Stayed in Level		
		6	(8%)	Students Moved Down		

HMH recommends that *System 44* students complete the Phonics Inventory three times a year for screening and monitoring progress. Students should be moving into higher levels of decoding as they progress through the program. Strongest results are typically achieved when students follow the *System 44* Instructional Model daily and when care is taken to ensure a positive testing environment. **Compare pre-test and post-test results to spotlight successes and identify areas that need additional focus. Review the Phonics Inventory Summary Progress Report for more information.**

Analysis Note: Above data reflects ONLY those students with sufficient software usage and Phonics Inventory test administrations to meet the "Gains Analysis Sample" criteria.

Summary Phonics Inventory Results

Accuracy and Fluency Metrics by School

School	Number of Students	Initial Phonics Invt. Accuracy of 60	Current Phonics Invt. Accuracy of 60	Change in Accuracy	% of Students with Improved Accuracy	Initial Phonics Invt. Fluency of 60	Current Phonics Invt. Fluency of 60	Change in Fluency	% of Students with 4+ Points Gain in Fluency	% of Students with Advancing Decoder Status
Hobart Middle School	20	40	44	4	60%	11	16	5	60%	20%
Joan Martin Elementary School	15	36	38	2	67%	10	14	4	47%	27%
Liberty Elementary School	19	36	39	3	74%	7	11	4	47%	5%
Ridge View Elementary School	23	33	38	6	78%	7	14	7	65%	22%
System 44 Phonics Invt. Gains Sample	77	36	40	4	70%	9	14	5	56%	18%

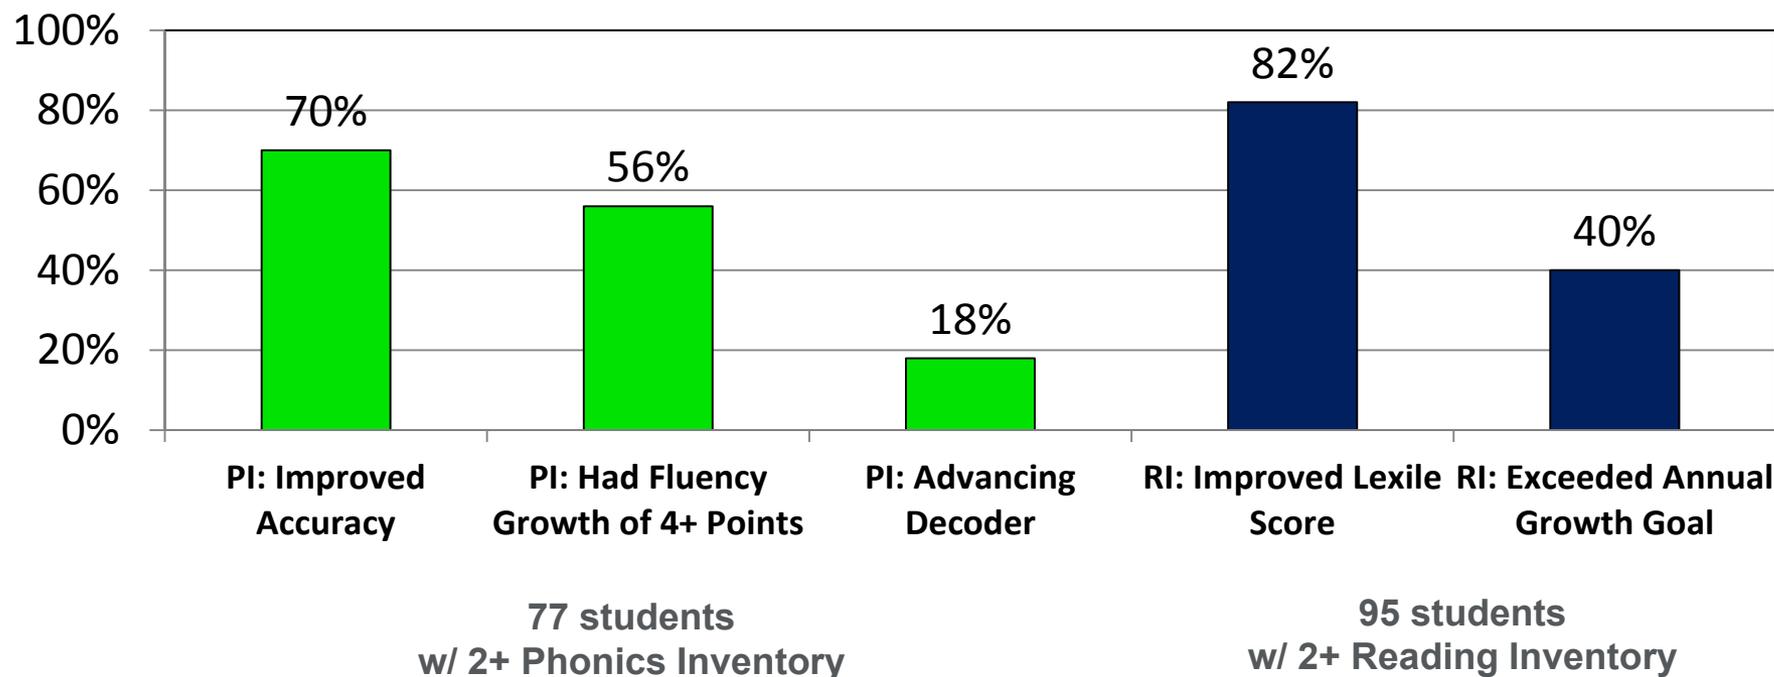

Results for *System 44* students with two or more Phonics Inventory administrations are displayed above with the initial and most recent tests providing metrics. Students with limited Series completion between Phonics Inventory administrations tend not to demonstrate changes in Accuracy and Fluency.

- Accuracy growth indicates students have improved their ability to recognize and decode words—a prerequisite skill for fluent reading.
- Fluency growth indicates students have improved their ability to recognize and decode words with automaticity—a prerequisite skill for reading comprehension.
- Fluency growth of four points is one year of growth.
- Students with Advancing Phonics Inventory decoding levels tend to demonstrate the greatest Lexile growth by end of year Reading Inventory administration.

Analysis Note: Above data includes ONLY those students with sufficient software usage and Phonics Inventory test administrations to meet the “Gains Analysis Sample” criteria.

Phonics and Reading Inventory Results

Overview of Test Results for *System 44* Students

This chart shows that foundational reading skills are improving; reading comprehension results often depend upon foundational reading skills.

Meeting annual goals for Lexile growth goal is more likely when students reach Series 20 to 25 or when students demonstrate Advancing Decoder status on Phonics Inventory.

Analysis Note: Above data reflects ONLY those students with sufficient software usage to meet the "Gains Analysis Sample" criteria and Phonics Inventory/Reading Inventory tests at least 8 weeks apart.

Reading Invt. Admin Totals	2884	2884	2518	1356	62	1	

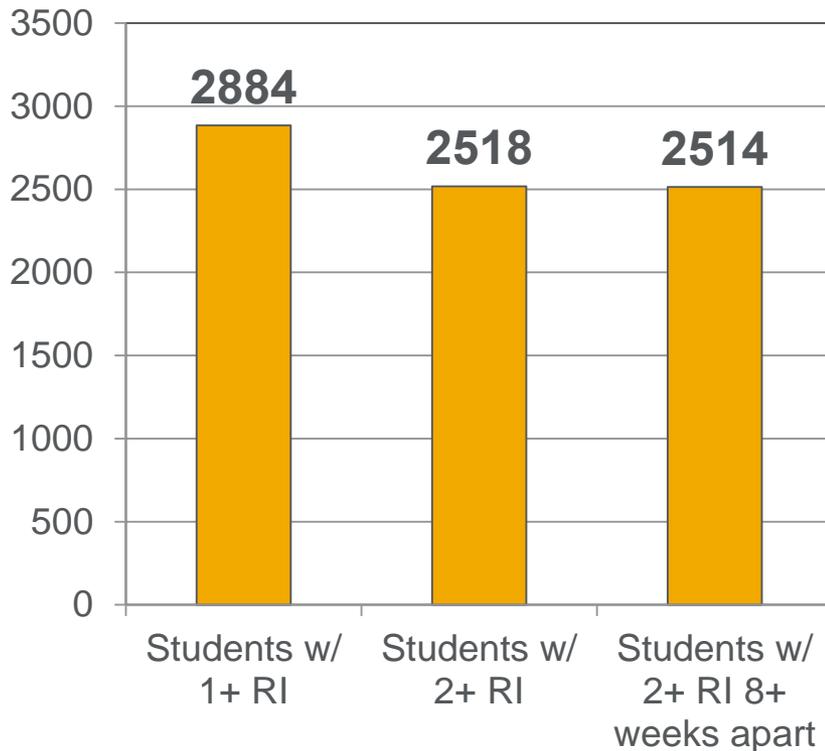

HMH recommends that districts administer the Reading Inventory to students three to five times per year. By End of Year, students should have completed two to three Reading Inventory tests.

Reading Inventory report above does not include *READ 180* or *System 44* student records.

Reading Inventory Cohorts

Intervention Need Estimate and Growth Report Sample Sizes

Cohorts for Reading Inventory Analyses

Reading Inventory summary reports serve two functions:

1. Summarize whether students need intervention. These measurements can be based on single Reading Inventory score. 2884 students have a recent Lexile for this.
1. Measure Lexile growth. This requires two Reading Inventory test administrations at least eight weeks apart. 2514 students met this standard.

Reading Inventory report above does not include READ 180 or System 44 student records.

Reading Inventory Screening Results

Total Students by College and Career Ready Performance Level

Grade Level	Number of Students	Minimum Proficient Lexile for Grade Level
Kindergarten	19	0
Grade 1	192	190
Grade 2	291	420
Grade 3	296	520
Grade 4	220	740
Grade 5	217	830
Grade 6	12	925
Grade 7	249	970
Grade 8	264	1010
Grade 9	229	1050
Grade 10	321	1080
Grade 11	274	1185
Grade 12	300	1185

RI Only Student Totals	2884
-------------------------------	-------------

Below Basic	Basic	Proficient	Advanced
		16	3
	94	89	9
51	73	102	65
19	58	146	73
10	26	116	68
10	25	81	101
11			1
9	51	80	109
6	33	116	109
7	47	106	69
24	59	189	49
34	72	129	39
53	73	127	47
234	611	1297	742

The above results represent the most recent Lexile score for all non-intervention students with at least one Reading Inventory. 611 students in the Basic Reading Inventory CC range could need Tier 2 intervention and that 234 students in the Below Basic range could need either Tier 2 or Tier 3 support.

Reading Inventory report above does not include READ 180 or System 44 student records.

Reading Inventory Summary Metrics

Summary Lexile Metrics by Grade Level

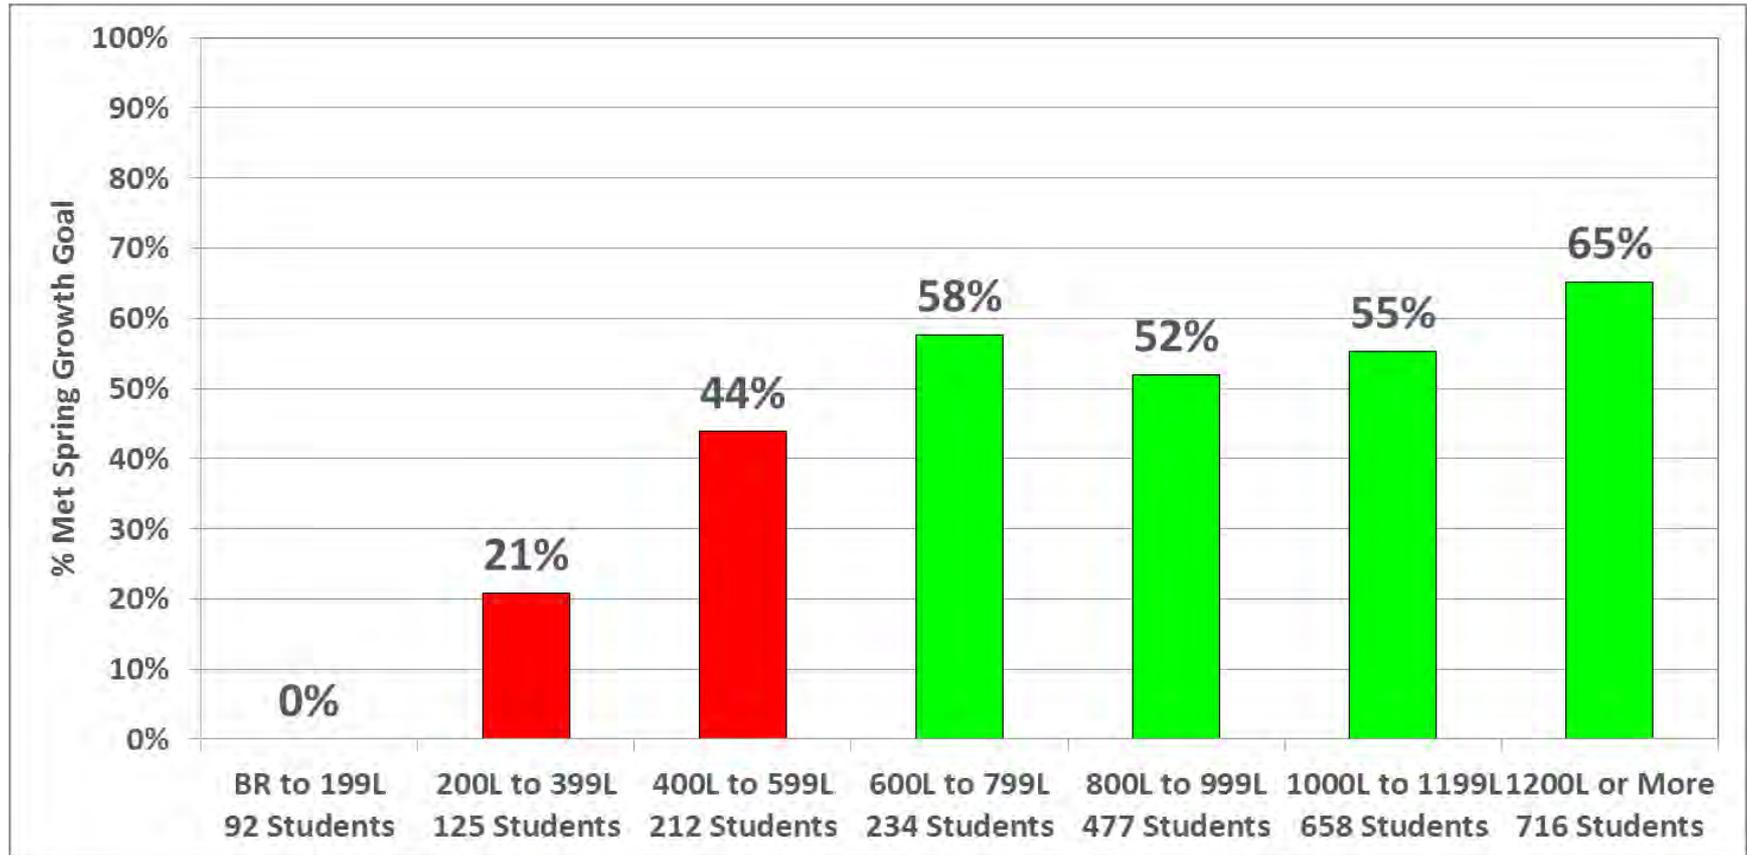

Grade Level	Number of Students	Current Lexile Range	Reading Invt. Lexile Metrics

RI Screening Totals	2514	0L to 1816L	897	963	66	66	98	0.8	53%

HMH recommends that students complete the Reading Inventory three to five times a year for screening, monitoring progress and making instructional decisions. Strongest results are typically achieved when care is taken to ensure a positive testing environment and when student targeting is used for the first Reading Inventory administration.

Reading Inventory report above does not include READ 180 or System 44 student records.

Achieving Personal Lexile Growth Goals

Percent of Universal Screening Students Who Exceeded Low End Goal

Reading Inventory report above does not include *READ 180* or *System 44* student records.

Total Students in Each 200L Range 2884

186 169 245 255 504 716 809

- The above results reflect the most recent Lexile score for all non-intervention students with at least one Reading Inventory.
- Students with low Lexile scores may have gaps in phonemic awareness (0L to 400L in grades three to five & 0L to 600L in grades six & up). Left unaddressed, these gaps will limit potential Lexile growth each year.
- Use the HMH Phonics Inventory to determine whether such gaps exist.
- Red cells above indicate students scoring in the range where phonemic awareness could be limited.
- Green cells indicate students near the low-end cut-score for a proficient Lexile under Reading Inventory CCR bands.

Reading Inventory report above does not include READ 180 or System 44 student records.

Student Progress along Reading Inventory College Career Ready Lexile Performance Levels

System 44 Usage Metrics Expectations:

Blended or Stand-Alone Model Implementations

Metric	Mid-Year	End of Year
Days (Sessions)	50	100+
Sessions per Week	3+	3+
Minutes per Session	16 to 20	16 to 20
Topics Completed	40+	80+
Series Completed	5 to 10	10 to 25
Current Series	10 to 12	10 to 25

Stand-Alone Model

System 44 Data Inclusion Process by School

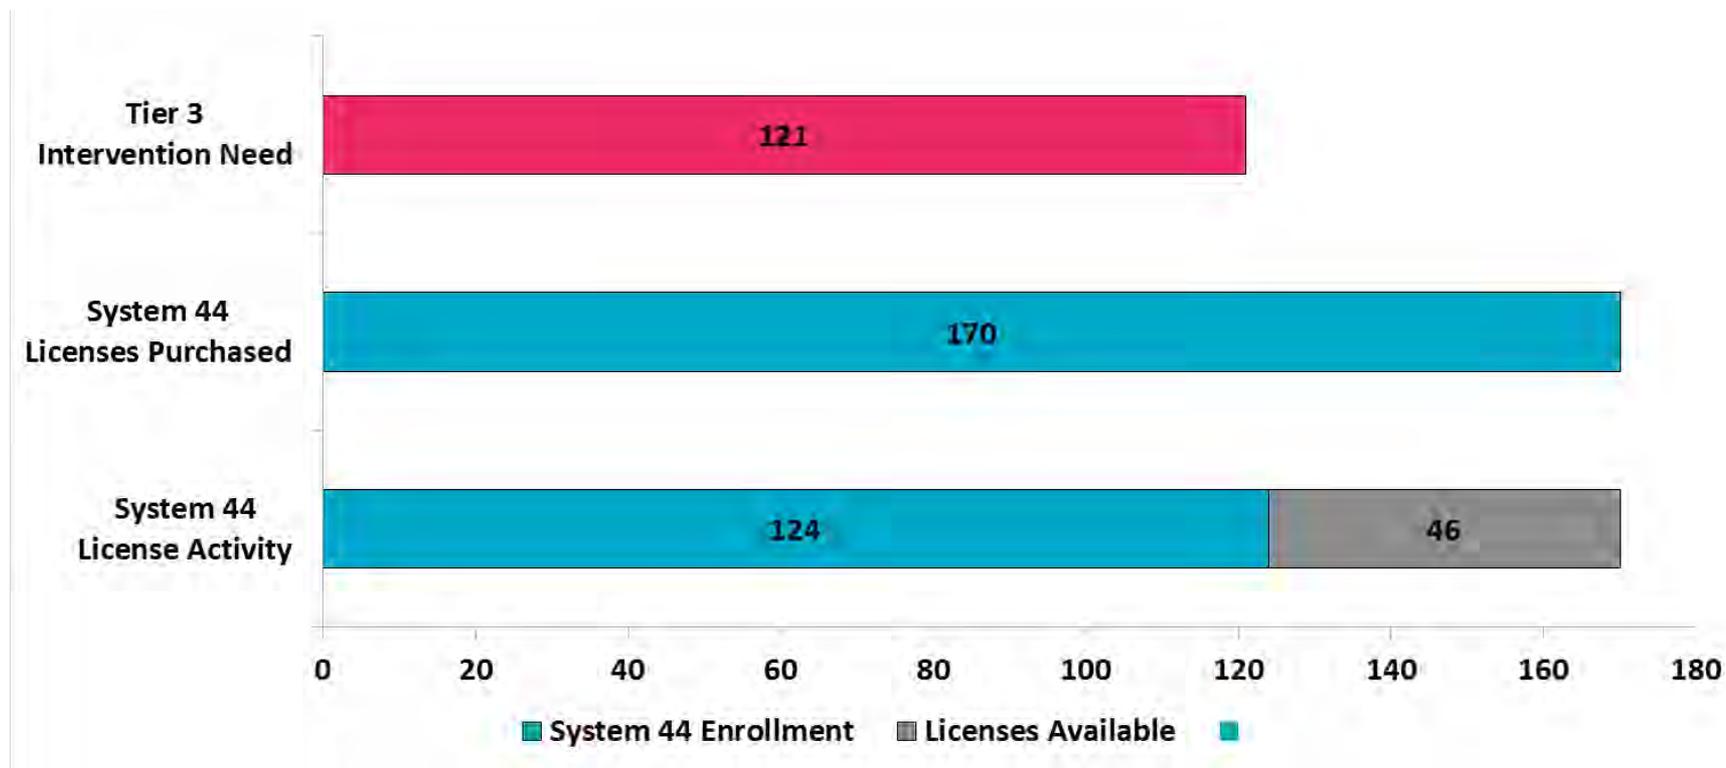

School	Students Who Used System 44 Software	Students with Pre-Test Phonics Inventory Data	Students with 20 or More System 44 Software Sessions	Students with Post-Test Phonics Inventory Data	Students with 8 or More Weeks Between Tests
Hobart Middle School	24	23	22	20	20
Joan Martin Elementary School	30	29	27	15	15
Liberty Elementary School	44	44	23	20	19
Ridge View Elementary School	26	26	24	23	23
System 44 Student Totals	124	122	96	78	77

Yellow highlights show where large numbers of students were lost from a site sample. Orange highlights show smaller losses and progressive losses stretching over multiple criteria at the same site.

To be in the Gains Analysis, students need to have at least two Phonics Inventory tests a minimum of eight weeks apart and must have at least 10 software sessions **per semester** (20 per year). This table shows how many students from each site met each of the criteria for analysis. As you go from left to right, the number shows how many students met that criterion and **all others to the left**.

Also, 95 students in System 44 had necessary software sessions and 8+ weeks between Reading Inventory test administrations.

System 44 License Utilization

Enrolled student counts come directly from the export and are the most accurate reflection of current license utilization. Available license counts reflect total purchased licenses. For more detailed license availability counts, including number of activated licenses, please work with your Account Executive and Customer Service reps.

Low and High End Lexile Growth Goals

Using Student's Fall Lexile & Grade Level to Set Goals for Students

- HMH Reading Inventory can be used to set reading goals and to compare students' response to instruction to growth expectations from fall to spring.
- Monitoring growth helps educators to determine if students are on track to meet achievement standards.
- Expected growth is determined by fall Reading Inventory Lexile and grade level. For more on using fall Lexiles to set growth goals consult the professional paper *Growth Expectations – Setting Achievable Goals*
- **Tier III reading intervention students are unlikely to reach personal growth goals without a firm grasp of phonemic principles.**
- HMH recommends that *System 44* students receive three Phonics Inventory Tests to monitor emerging skills.
- Without knowledge of a student beyond data in the export, Gains Analysts assign student records with personal Lexile growth goals derived from tables similar to the one at the right.

With the release of Reading Inventory College & Career, HMH and MetaMetrics (creator of the Lexile Framework) updated the Lexile ranges that comprise Below Basic, Basic, Proficient, and Advanced performance levels for each grade. To establish the new performance levels, MetaMetrics conducted an extensive study of college and career texts. The new score ranges more accurately reflect the increased expectations for college and career readiness and indicate whether students are on track to comprehend college and career level texts by the end of high school.

Student Performance:

College and Career Readiness

AP Five-Year School Score Summary (2016)

This report shows five years of data at the school, state and global levels. On the first page, a graph illustrates the year-over-year change in the percentage of AP students with scores of 3 or higher, next to a table that provides the overall total exams, total unique students and both the number and percentage of AP students with one or more scores of 3 or higher. On subsequent pages, the report provides subject-specific summary data by year: total exams, total exams by score and mean score.

✓ Data Updated Jun 26, 2016, Report Run Jul 13, 2016

“Success” on an AP Exam is defined as an exam score of 3 or higher, which represents the score point that research finds predictive of college success and college graduation. These findings have held consistent across the decades. One example of such a study comes from the National Center for Educational Accountability, which found that an AP Exam score, and a score of 3 or higher in particular, is a strong predictor of a student’s ability to persist in college and earn a bachelor’s degree.

The data in this report differs from other College Board reports, such as *The AP Report to the Nation*, which tracks exams taken by seniors throughout their high school career (cohort-based) and includes public school data only.

Indiana College Readiness Reports

2014 High School Graduates
School City of Hobart

Data Sources: Indiana Commission for Higher Education (CHE); Indiana Department of Education (IDOE), National Student Clearinghouse (NSC)

NOTES:

High School Graduates ("Students"): Count of Indiana high school graduates and associated disaggregations are based on the total count of graduates reported on the IDOE-GR report for 2014. Graduate counts are not IDOE cohort graduate counts and thus may not match cohort graduate counts and associated disaggregations reported in other places, such as DOE Compass. SOURCE: IDOE

College Enrollment: Represents students reported as enrolled in postsecondary education, regardless of institution type, within the year following high school graduation (e.g., for 2014 high school graduates, postsecondary enrollment is counted for 2014-15 school year). A student was considered enrolled only if: a) s/he was enrolled as a degree or certificate-seeking undergraduate student and b) s/he was enrolled for the equivalent of at least one semester during the school year. SOURCES: NSC, CHE

Indiana Public College Enrollment: Represents students reported as enrolled in an Indiana public postsecondary institution. SOURCE: CHE

21st Century Scholar Status: Represents students who were eligible for affirmation and affirmed. Students who were enrolled in K-12 as Scholars but did not affirm, or students who affirmed but were not eligible, are not considered 21st Century Scholars for this report. SOURCE: CHE

AP Participation/Passing Exam Status: Represents students who sat for and/or passed (received score of 3 or higher) at least one Advanced Placement exam. SOURCE: IDOE

College Entrance Exam Readiness Benchmark: Represents students who passed/did not pass at least one college readiness benchmark score established by the testing agencies. The SAT benchmarks are 500 for both the Critical Reading and Mathematics sections. The ACT benchmarks are 18, 22, 22, and 23 for the English, Mathematics, Reading, and Science sections, respectively. If no SAT or ACT score was on file for student, s/he was reported as not taking a college entrance exam. Data available for 2012 high school graduate cohort onward. SOURCE: IDOE

Dual Credit Status: Represents students who earned/did not earn credit hours awarded by Indiana public colleges that were recognized by both the high school and the postsecondary institution. Dual credit calculations only include credits awarded by Indiana publics. SOURCE: CHE

Full-time/Part-time Enrollment Status: Full-time enrollment defined as enrolled in 12 or more credits in the semester of entry at an Indiana public college. Part-time enrollment defined as enrolled in fewer than 12 credits in the semester of entry at an Indiana public college. SOURCE: CHE

Remediation Enrollment: Represents Indiana public college students identified as deficient in the general competencies necessary for regular postsecondary curriculum in English/language arts and/or mathematics. Students enrolled in both credit and non-credit remedial coursework are included in remediation totals. SOURCE: CHE

Remediation Success: Represents Indiana public college students who successfully complete the subject(s) in which they were identified as needing remediation. Students who were identified as needing remediation in both English/language arts and math needed to successfully complete both English/language arts and math in order to be counted as earning remedial credit. SOURCE: CHE

Freshman GPA: Represents cumulative grade point average for the latest term of enrollment at an Indiana public college in the year following high school graduation. SOURCE: CHE

Freshman Credit Hours Earned: Represents average number of institutional credits earned during the year following high school graduation at an Indiana public college. SOURCE: CHE

*****Not Applicable/Suppressed Data:** Data may be missing either because no data were available or fewer than 10 students were in a group and the data had to be suppressed for privacy reasons. In some cases, at least two groups of student data had to be suppressed because of complementary suppression rules

This report reflects the achievement of your graduates on the ACT over time and an indication of the extent to which they are prepared for college-level work. The ACT consists of curriculum-based tests of educational development in English, mathematics, reading, and science designed to measure the skills needed for success in first-year college coursework. Table 1 shows the five-year trend of your ACT-tested graduates. Beginning with the 2013 Graduating Class, all students whose scores are college reportable, both standard and extended time tests, are included in this report.

Table 1: Five Year Trends - Average ACT Scores

Grad Year	Total Tested		English		Mathematics		Reading		Science		Composite	
	District	State	District	State	District	State	District	State	District	State	District	State
2012	39	22,372	20.7	21.7	20.7	22.5	22.4	22.6	21.3	21.9	21.3	22.3
2013	292	26,227	17.4	21.0	17.5	21.9	17.6	22.1	16.8	21.4	17.5	21.7

2016	40	27,268	21.0	21.6	20.6	22.1	22.2	22.9	22.1	22.0	21.5	22.3

Figure 1. Percent of ACT-Tested Students Ready for College-Level Coursework

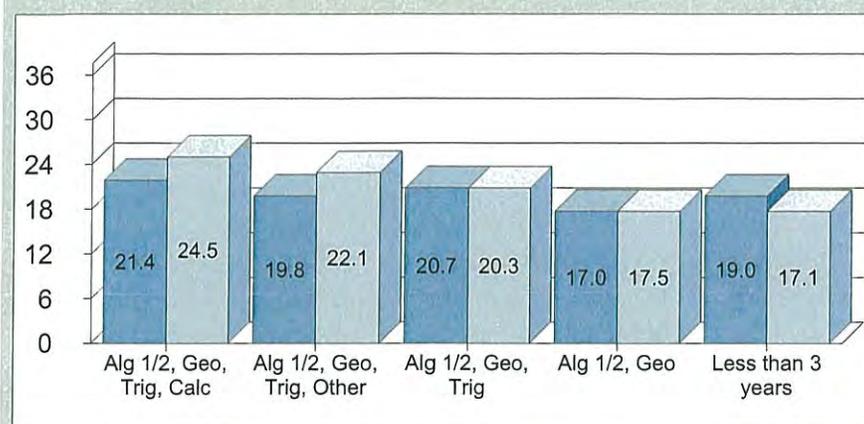

A High School College Readiness Letter has been sent to the Principal of each high school with at least one ACT-tested graduate.

College Readiness Letter for: SCHOOL CITY OF HOBART

ACT Research has shown that it is the rigor of coursework - rather than simply the number of core courses - that has the greatest impact on ACT performance and college readiness. Figures 2 and 3 report the value added by increasingly rigorous coursework in mathematics and science respectively.

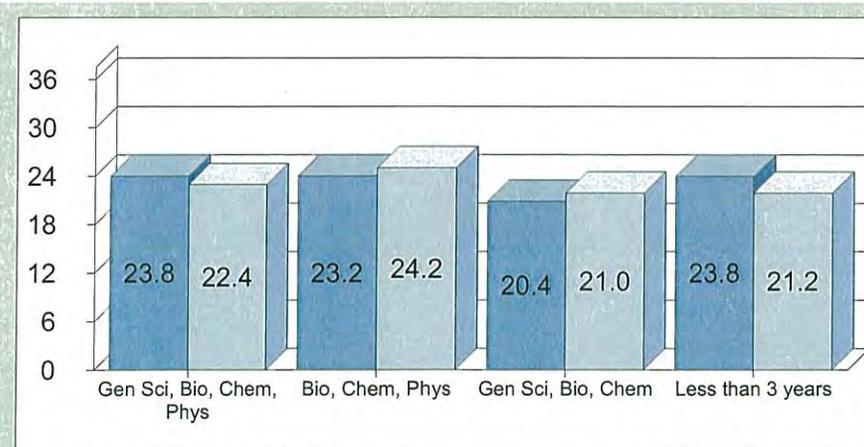

Figure 2. Average ACT Mathematics Scores by Course Sequence

Value Added by Mathematics Courses

Students who take Algebra 1, Algebra 2, and Geometry typically achieve higher ACT Mathematics scores than students who take less than three years of mathematics. In addition, students who take more advanced mathematics courses substantially increase their ACT Mathematics score.

Figure 3. Average ACT Science Scores by Course Sequence

Value Added by Science Courses

Students taking Biology and Chemistry in combination with Physics typically achieve higher ACT Science scores than students taking less than three years of science courses.

In order to ensure that all students are ready for college, an overview of vital action steps is provided.

College Readiness for All: An Action Plan for Schools and Districts

- 1. Create a Common Focus.** Establish collaborative partnerships with local and state postsecondary institutions to come to a shared understanding of what students need to know for college readiness. Use ACT's College Readiness Benchmarks as a common language to define readiness.
- 2. Establish High Expectations for All.** Create a school culture that identifies and communicates the need for all students to meet or exceed College Readiness Benchmark Scores.
- 3. Require a Rigorous Curriculum.** Review and evaluate the rigor and alignment of courses offered and required in your school in English, mathematics, and science to ensure that the foundational skills leading to readiness for college-level work are taught, reaffirmed, and articulated across courses.
- 4. Provide Student Counseling.** Engage all students in early college and career awareness, help them to set high aspirations, and ensure that they plan a rigorous high school coursework program.
- 5. Measure and Evaluate Progress.** Monitor and measure every student's progress early and often using college readiness assessments like ACT Aspire and the ACT. Make timely interventions with those students who are not making adequate progress in meeting College Readiness Benchmarks.

To learn more about these recommended action steps and ACT programs that will help improve college readiness for your students, contact ACT Customer Service at 319-337-1365 or customerservices@act.org.

SAT® Takers: Critical Reading Mean Scores and Middle 50th Percent Range

Data in this report are for high school graduates in the year 2016. The College Board administered the first redesigned SAT in March 2016. While a majority of the Class of 2016 took only the pre-March 2016 SAT, a small percentage took the new SAT. The report includes senior test-takers in this class who took the SAT prior to March 2016. A small percentage of seniors take their first SAT between March and June of their senior years. Results from the new SAT can be accessed from the SAT Suite of Assessments integrated score reporting portal. For more information see sat.org/k12-scores.

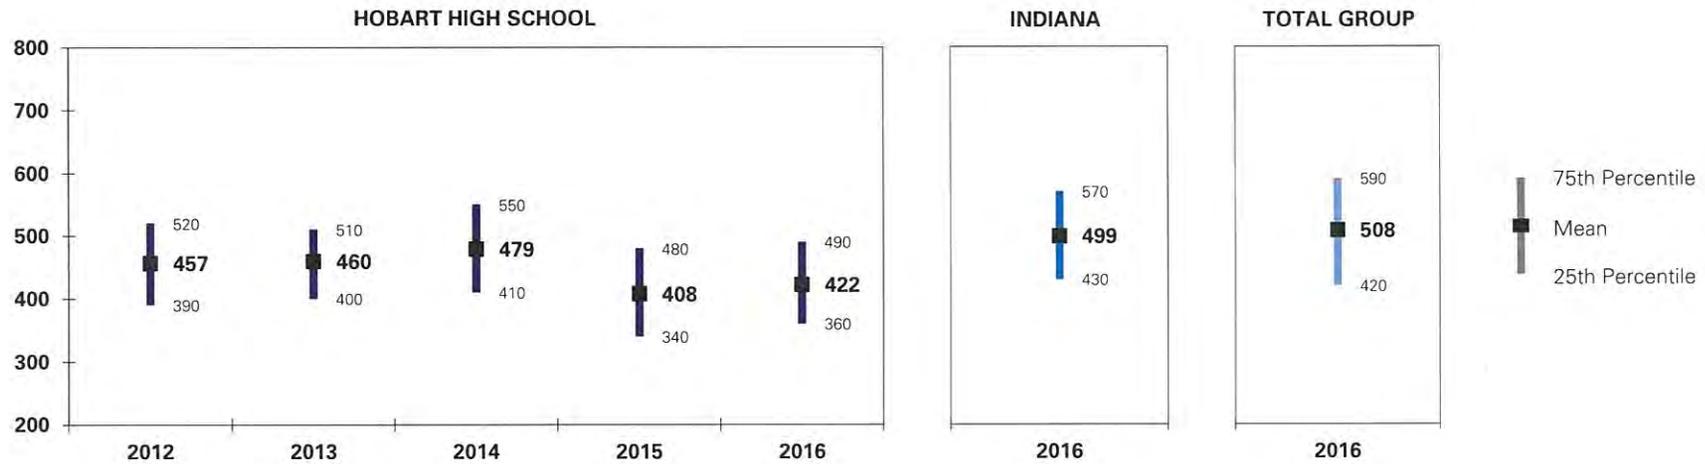

Mean and *Middle 50th Percent Range*: The mean is the arithmetic average of a set of scores. To calculate the mean, the scores are totaled and the sum is divided by the number of scores. Extreme scores on the high or low end of the distribution may skew the mean in smaller sets of scores. The middle 50th percent range shows the score range between the 25th and 75th percentiles.

	2012	2013	2014	2015	2016	Five-Yr Change
HOBART HIGH SCHOOL	474	481	478	428	427	-47
INDIANA	493	493	497	496	496	+3
TOTAL GROUP	496	496	497	495	494	-2

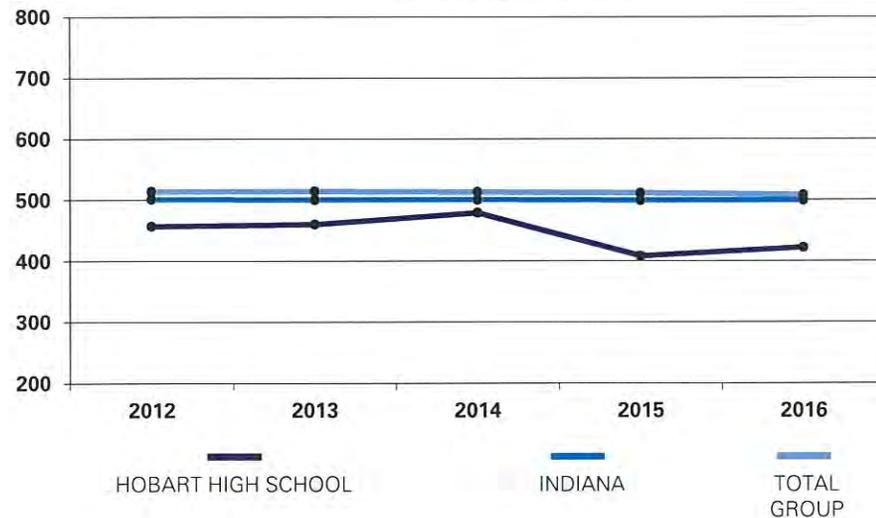

Mean Scores and *Point Change by Year*: The change below each year reflects the point difference between the mean score of that year as compared to the mean score of the previous year. The *Five-Year Change* in mean score reflects the point difference between the mean score in 2016 as compared to the mean score in 2012.

SAT Takers: Mathematics Mean Scores and Middle 50th Percent Range

"Mean" and "Middle 50th Percent Range": The mean is the arithmetic average of a set of scores. To calculate the mean, the scores are totaled and the sum is divided by the number of scores. Extreme scores on the high or low end of the distribution may skew the mean in smaller sets of scores. The middle 50th percent range shows the score range between the 25th and 75th percentiles.

Mean Score Five-Year Trend

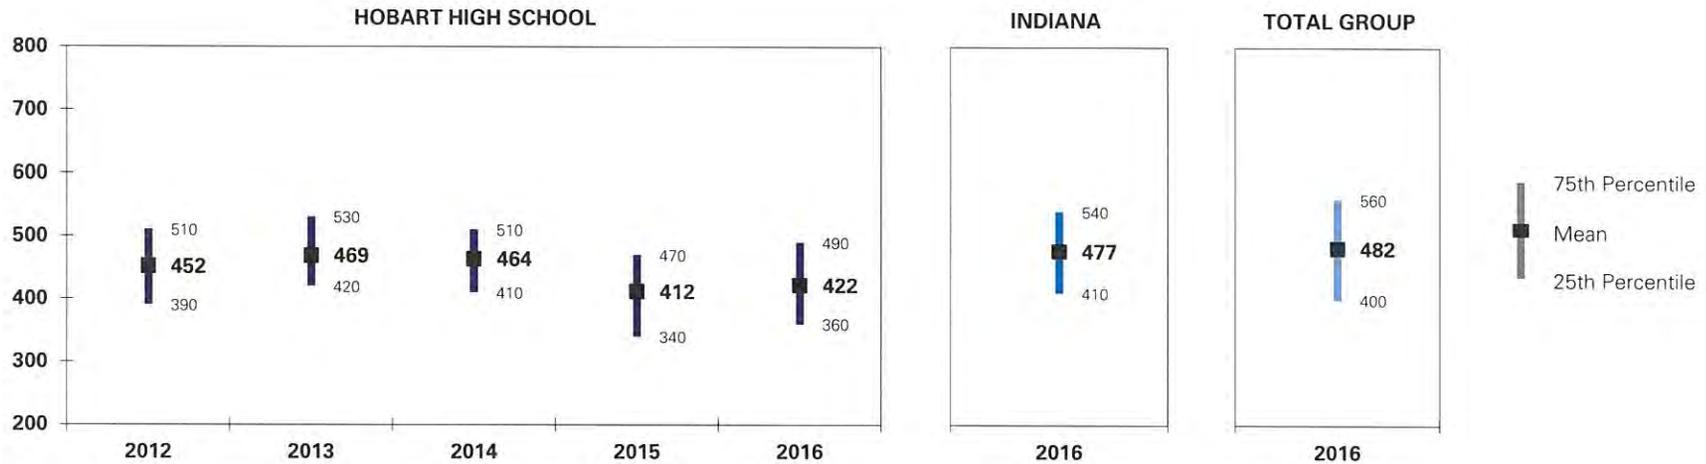

Mean Scores and Point Change by Year

	2012	2013	2014	2015	2016	Five-Yr Change
HOBART HIGH SCHOOL	457	460	479	408	422	-35
INDIANA	501	500	500	499	499	-2
TOTAL GROUP	514	514	513	511	508	-6

Change values are shown below the mean scores for each year.

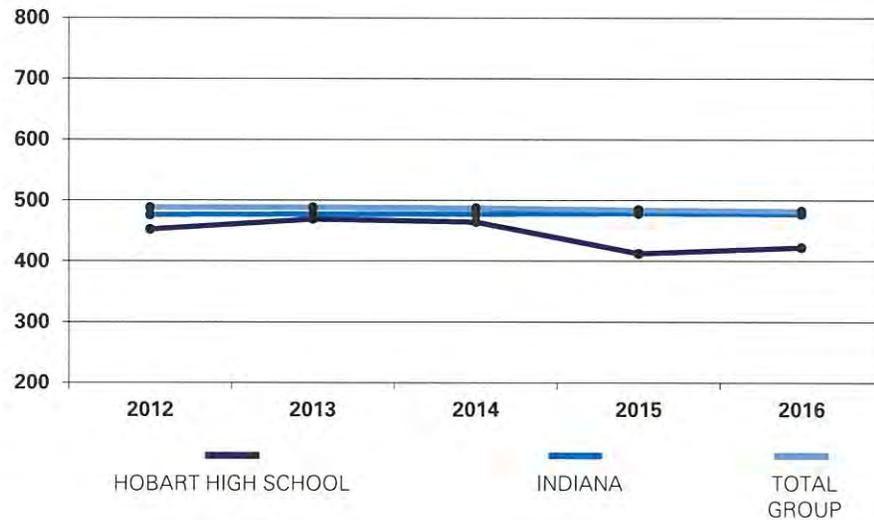

"Mean Scores" and "Point Change by Year": The change below each year reflects the point difference between the mean score of that year as compared to the mean score of the previous year. The "Five-Year Change" in mean score reflects the point difference between the mean score in 2016 as compared to the mean score in 2012.

SAT Takers: Writing Mean Scores and Middle 50th Percent Range

Mean and *Middle 50th Percent Range*: The mean is the arithmetic average of a set of scores. To calculate the mean, the scores are totaled and the sum is divided by the number of scores. Extreme scores on the high or low end of the distribution may skew the mean in smaller sets of scores. The middle 50th percent range shows the score range between the 25th and 75th percentiles.

Mean Score Five-Year Trend

* Includes score senders who took the SAT and/or an SAT Subject Test.

'One-Year' and 'Five-Year Change': The 'One-Year Change' reflects the difference in the percent of score senders for 2016 as compared to 2015. The 'Five-Year Change' reflects the difference in the percent of score senders for 2016 as compared to 2012.

GROUP SCORES ON THE SAT

How to Tell When a Difference Between Two Group Mean (Average) Scores Is Statistically Significant or Most Likely Just Chance

How to Use This Graph

- > Use this graph when comparing the mean scores of similar groups across different years or within a given year.
- > First, determine the average size of the two groups for which you are comparing scores, then locate that point on the horizontal axis.
- > Next, locate the point on the vertical axis corresponding to the difference in the mean scores of the groups being compared.
- > Locate the point where the two values intersect. Score differences that lie in the area to the left and beneath the curve are most likely to be due to chance; i.e., the chance of the two mean scores being different is 5 percent or less. Those that lie in the area to the right and above the curve are considered statistically significant.

Percentage of High Schools Experiencing Change in Mean (Average) Scores for College-Bound Seniors from 2015 and 2016

Critical Reading

Mean Change of at Least	Schools with 50–99 Test-Takers	Schools with 100–299 Test-Takers	Schools with 300+ Test-Takers	All Schools with 50+ Test-Takers
10	59%	44%	37%	49%
20	28%	13%	11%	19%
30	11%	4%	7%	7%
40	4%	1%	4%	3%
50	2%	1%	2%	1%

Mathematics

Mean Change of at Least	Schools with 50–99 Test-Takers	Schools with 100–299 Test-Takers	Schools with 300+ Test-Takers	All Schools with 50+ Test-Takers
10	60%	46%	39%	51%
20	29%	15%	13%	20%
30	12%	4%	8%	8%
40	4%	1%	5%	3%
50	2%	1%	3%	1%

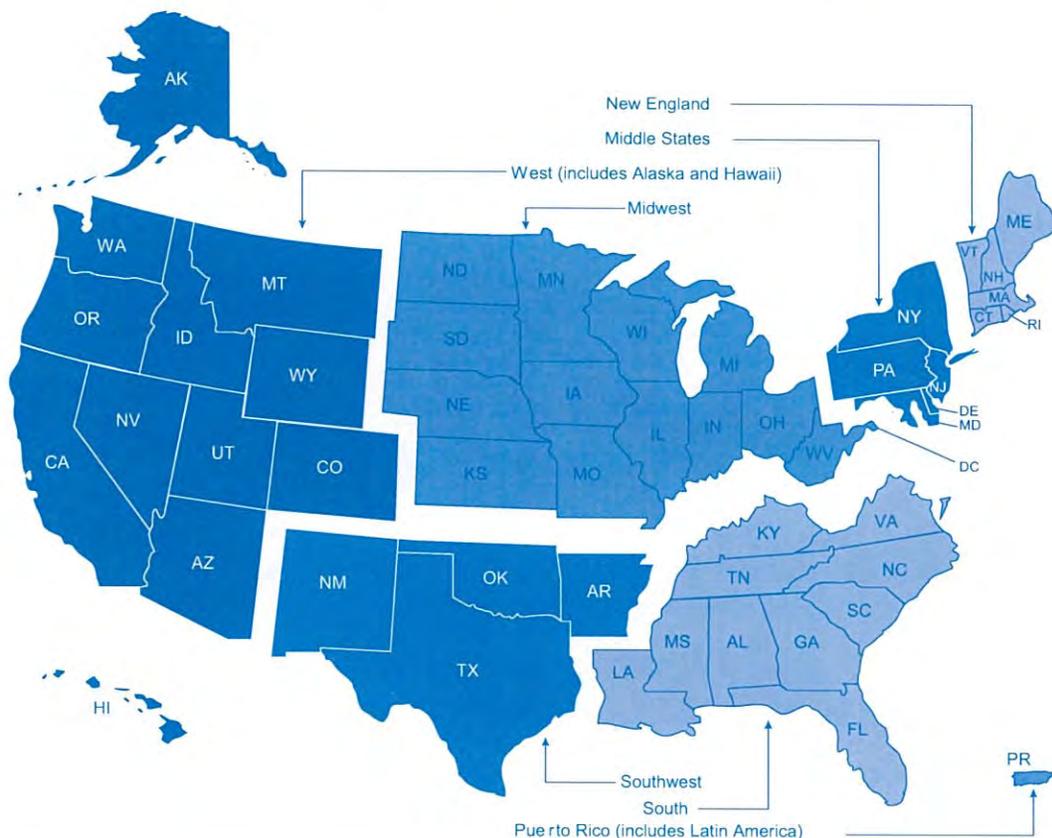

Writing

Mean Change of at Least	Schools with 50–99 Test-Takers	Schools with 100–299 Test-Takers	Schools with 300+ Test-Takers	All Schools with 50+ Test-Takers
10	59%	45%	37%	49%
20	28%	14%	12%	19%
30	10%	4%	6%	7%
40	4%	1%	3%	2%
50	2%	0%	1%	1%

Points to Note

- > More than half of all high schools experience mean score changes of at least 10 points up or down from one year to the next.
- > Broken down by school size, mean changes are most likely at low-volume schools and least likely at high-volume schools.
- > Mean scores are reported where there are five or more test-takers. Percentiles (75th, 50th and 25th) are reported when there are 20 or more test-takers.

DATA EMBARGO IN EFFECT. This report contains information on college-bound students in the class of 2016 who took the pre-March 2016 SAT or SAT Subject Tests at any time during high school. *Data and other information in this report are embargoed from dissemination to the media and general public until after the College Board makes state and total group-level data and information publically available. The embargo will be lifted no later than September 30, 2016.* Prior to that time, you may use the data and other information in this report for internal purposes. The College Board will post updated information in the coming weeks about the embargo at <https://collegeboard.org/press>; if you have questions, please contact the College Board communications department at communications@collegeboard.org.

The SAT® Program

The SAT® assesses student reasoning based on knowledge and skills developed by the students in their course work. The SAT Subject Tests™ (formerly known as SAT II: Subject Tests) are a series of one-hour, mostly multiple-choice tests that measure how much students know about a particular academic subject and how well they can apply that knowledge. Most students also complete the optional SAT Questionnaire (formerly known as the Student Descriptive Questionnaire) when they register to take SAT Program tests, providing valuable contextual information to aid in interpreting and understanding individual and group scores. *College-Bound Seniors 2016* includes students who tested through January 2016. The College Board administered the first redesigned SAT in March 2016. While a majority of the Class of 2016 took only the pre-March 2016 SAT, a small percentage took the new SAT. The report includes senior test-takers in this class who took the SAT prior to March 2016. To help schools with the transition to the new SAT, we have included an addendum on results from the March - June 2016 administrations.

Using This Report

College-Bound Seniors presents data on high school graduates in the year 2016 who participated in the SAT Program. Students are counted only once, no matter how often they tested, and only their latest scores and most recent SAT Questionnaire responses are summarized. Because the accuracy of self-reported information has been documented and the college-bound population is relatively stable from year to year, SAT Questionnaire responses from these students can be considered highly accurate. Therefore, you can use this report to:

- Interpret scores of individual students within the broader context of data aggregated across groups of college-bound seniors.
- Study changes over time in the characteristics of students taking SAT tests.
- Look at year-to-year educational and demographic changes in this population, along with changes in test performance.

Keep in mind, however, that:

- Relationships between test scores and other factors such as educational background, gender, racial/ethnic background, parental education, and household income are complex and interdependent. These factors do not directly affect test performance; rather, they are associated with educational experiences both on tests such as the SAT and in schoolwork.
- Not all students in a high school, school district or state take the SAT. Since the population of test-takers is self-selected, using aggregate SAT scores to compare or evaluate teachers, schools, districts, states or other educational units is not valid, and the College Board strongly discourages such uses.
- Interpreting SAT scores for subgroups requires unique considerations. The most significant factor to consider in interpreting SAT scores for any group, or subgroup, of test-takers is the proportion of students taking the test. For example, if state data are being

considered, it is appropriate to recognize that in some states there are lower participation rates. Typically, test-takers in these states have strong academic backgrounds and apply to the nation's most selective colleges and scholarship programs. For these states, it is expected that the SAT mean scores reported for students will be higher than the national average.

Statistical Definitions

The following terms are used throughout this report. For more statistical information, visit the College Board website at www.collegeboard.org.

Mean

The *mean* is the arithmetic average.

Percentile

The *percentile*, also called the *percentile point*, is the point on the measurement scale below which a specified percentage of scores falls. The 25th, 50th and 75th percentile points are often reported for large data sets. The 50th percentile point is also called the *median* and, like the mean, is an average and a good indicator of the center of the distribution of scores. Comparing the 25th and 75th percentile points gives an idea of the range of scores in the populations reported in this document. Like the standard deviation, the difference between the scores associated with the 75th and 25th percentiles is an indication of the variability of the scores in a particular sample.

Scaled score

A *scaled score* is a score that has been converted from the raw score (number of questions answered correctly minus a fraction of the incorrect answers) for reporting. The SAT Program uses a 200- to 800-point scale.

Standard deviation (SD)

The *standard deviation* (SD) is a measure of the variability of a set of scores. If test scores cluster tightly around the mean score, as they do when the group tested is relatively homogeneous, the standard deviation is smaller than it would be with a more diverse group and a greater scatter of scores around the mean.

About the College Board

The College Board is a mission-driven not-for-profit organization that connects students to college success and opportunity. Founded in 1900, the College Board was created to expand access to higher education. Today, the membership association is made up of over 6,000 of the world's leading educational institutions and is dedicated to promoting excellence and equity in education. Each year, the College Board helps more than seven million students prepare for a successful transition to college through programs and services in college readiness and college success — including the SAT® and the Advanced Placement Program® (AP®). The organization also serves the education community through research and advocacy on behalf of students, educators and schools. For further information, visit www.collegeboard.org.

SAT® Data

Data in this report are for high school graduates in the year 2016. Information is summarized for seniors who took the SAT at any time during their high school years through January 2016. If a student took the pre-March 2016 SAT more than once, the most recent score is used. A small percentage of seniors take their first SAT between March and June of their senior years.

Table 1: Overall Mean Scores

SAT	Test-Takers Number	Critical Reading		Mathematics		Writing		Writing Subscores			
		Mean	SD	Mean	SD	Mean	SD	Multiple Choice		Essay	
		Mean	SD	Mean	SD	Mean	SD	Mean	SD	Mean	SD
Total	350	427	106	422	101	422	102	42.3	10.2	6.4	1.8

Table 2: Mean Scores by Gender

SAT	Test-Takers Number	Critical Reading		Mathematics		Writing		Writing Subscores			
		Mean	SD	Mean	SD	Mean	SD	Multiple Choice		Essay	
		Mean	SD	Mean	SD	Mean	SD	Mean	SD	Mean	SD

9th Work Keys - 2013 to 2015

Strengths:

AP students have risen

Many pursuing health related majors

116 students needed no college remediation

ACT: 3% above state in composition

4% above in Bio

"Old" SAT: 1% above state in met benchmarks (all grades)

Challenges:

Lack of parent involvement

Lack of knowledge of programs to assist with college

Takes a test to see what they limited should do - best fits personality = stuck

3.0 or more/HHS is lower than the state average

Since 2011 we have gone down to <50%

Money to go ?

Scholarships ?

Lack of motivation

Unsure of major

General education Core 40 not enrolling in college

AP scores are poor

Staying local colleges to help with cost

Career matching test = prevents students from exploring

Freshman average = C 2.0 GPA

Difficult to pull out Honors 3.1 GPA

Not a full-time counselor at the ELC

529 - college

All kindergarteners, all 5th graders ---- Promise Indiana - writes grants

Trends and Patterns:

Hobart High, 4305 Core 40 diplomas has gone down from 56.4% in 2011-12 to 49.6% in 2015-16

Hobart High Honors increased from 19.5% in 2011-12 to 28.2% in 2015-16

We are always below Indiana and global for AP students with scores 3+

We are higher than state by 3% with students ready for college level English Composition Coursework

We are very close to state with students ready for college coursework in college social science and college biology.

Student Performance:

Citizenship

GALLUP STUDENT POLL

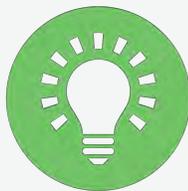

ENGAGED TODAY - READY FOR TOMORROW

SCHOOL CITY OF HOBART

FALL 2015 SCORECARD

INTRODUCTION

The Gallup Student Poll is a 24-question survey that measures the engagement, hope, entrepreneurial aspiration and career/financial literacy of students in grades 5-12. The Gallup Student Poll includes non-cognitive metrics with links to student success. This scorecard reflects U.S. overall data comparison results from surveys completed in U.S. public schools.

Engagement: The involvement in and enthusiasm for school.

Hope: The ideas and energy students have for the future.

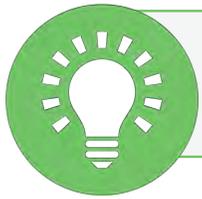

Entrepreneurial Aspiration: The talent and energy for building businesses that survive, thrive and employ others.

Career/Financial Literacy: The information, attitudes and behaviors that students need to practice for healthy participation in the economy.

This document contains proprietary research, copyrighted materials, and literary property of Gallup, Inc. Gallup is a trademark of Gallup, Inc.

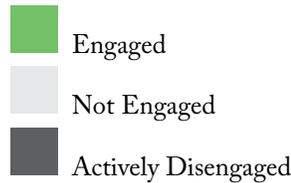

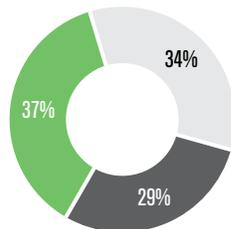

ENGAGEMENT

THE INVOLVEMENT IN AND ENTHUSIASM FOR SCHOOL.

APPENDIX

SHARING GALLUP STUDENT POLL RESULTS

Gallup encourages schools and districts to share their Gallup Student Poll results with your local community and key stakeholders. Below are some guidelines for the public release of school, district, and the overall convenience sample data and results.

- You may share the Gallup Student Poll participation results for your school and/or district. The total number of respondents for your school or district is represented by the n sizes on the scorecard. Your school or district participation rate is based upon the total number of eligible students in your school. Students in grades 5 through 12 are eligible to participate in the Gallup Student Poll.
- Please include the Gallup Student Poll Methodology and Limitations of Polling. If most eligible students in grades five through twelve were polled, the district (or school) may indicate that the data represent a census.
- Please do not compare your school or district's data to the overall line of data on your scorecard when publicly sharing results. Since the overall data found in your school or district report is an aggregate of a convenience sample of all schools and districts that opted to participate in the Gallup Student Poll within that survey year, the data are not representative of the U.S. population of students in grades 5 through 12 and are thereby not fit for data comparisons.
- You may share district or school plans to utilize the data to inform strategies and focus.
- If you would like more information on how to publicly share Gallup Student Poll data, please email Gallup at: educationhelp@gallup.com.

GALLUP STUDENT POLL METHODOLOGY AND LIMITATIONS OF POLLING

The annual Gallup Student Poll is offered at no cost for U.S. schools and districts in the United States. The online poll is completed by a convenience sample of schools and districts each fall. Schools participating in the annual Gallup Student Poll are not randomly selected and are neither charged nor given any incentives beyond receipt of school-specific data. Participation rates vary by school. The poll is conducted during a designated survey period and available during school hours Monday through Friday only. The Gallup Student Poll is administered to students in grades 5 through 12. The primary application of the Gallup Student Poll is as a measure of non-cognitive metrics with links to student success in academic and other youth development settings.

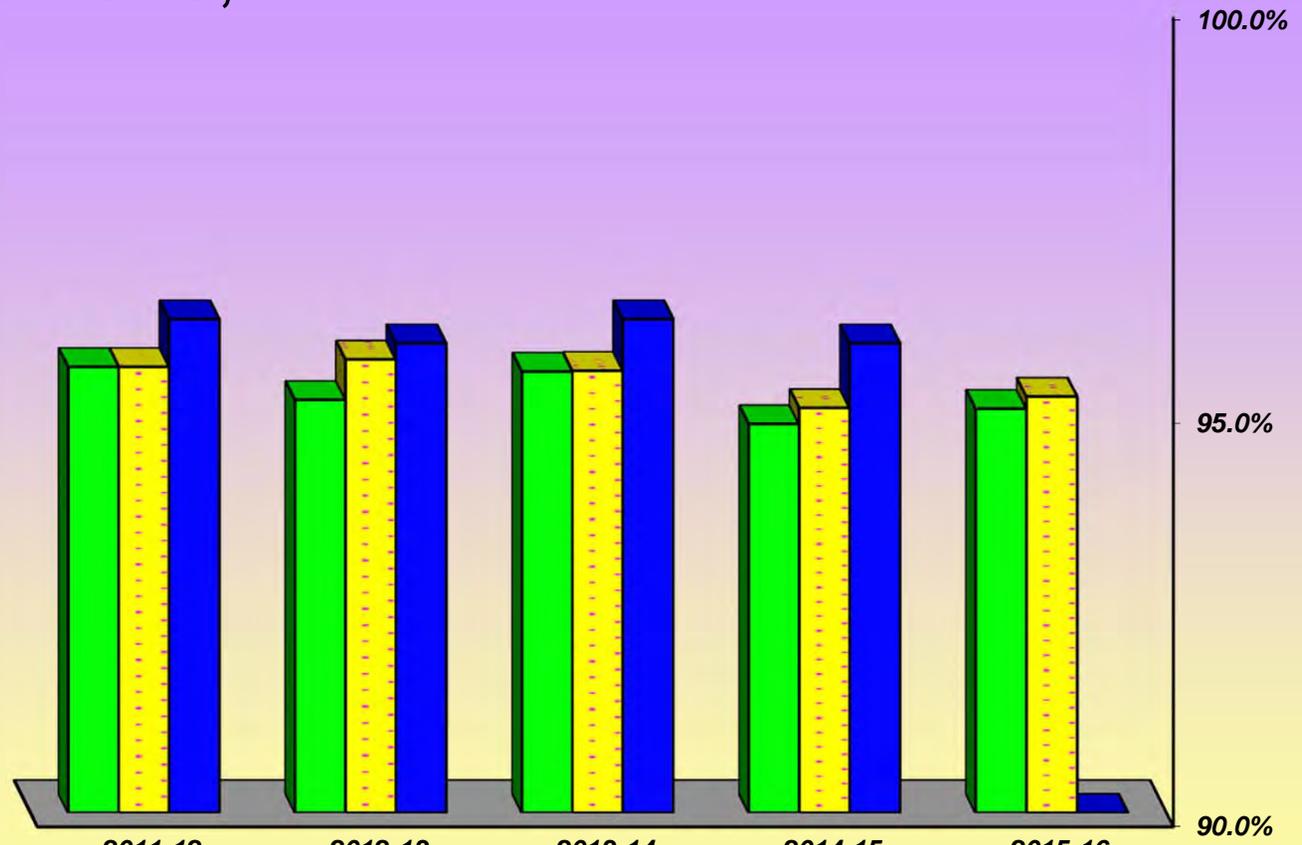

The overall data from the annual administration of the Gallup Student Poll may not reflect responses from a nationally representative sample of students, and the overall data are not statistically weighted to reflect the U.S. student population; thereby, overall data and scorecards should be used cautiously by local schools and districts as a data comparison. School and district data and scorecards provide meaningful data for local comparisons and may inform strategic initiatives and programming, though the results are not generalizable beyond the universe of the participating school or district.

THE INDIANA PREVENTION RESOURCE CENTER
2015 MAIN FINDINGS

INDIANA YOUTH SURVEY

(Formerly known as Alcohol, Tobacco and Other Drug
Use by Indiana Children and Adolescents)

School City of Hobart - 6th Grade Students -

Survey Conducted January through April 2015
Report Dated August 2015

**Conducted by: Indiana Prevention Resource Center
School of Public Health-Bloomington
Indiana University
501 North Morton Street Suite 110
Bloomington, IN 47404**

**<http://www.drugs.indiana.edu>
INYS@indiana.edu
Toll free: 1-800-346-3077
Fax: 812-855-4940**

Funded in part by a contract with the Indiana Family
and Social Services Administration - Division of
Mental Health and Addiction

INDIANA YOUTH SURVEY

Thank you for participating in the 2015 Indiana Youth Survey! Your participation allows us to collect valid data about children and adolescents across the state of Indiana. We can then present this data to state officials so they can better understand the students in Indiana as well as identify and address any issues related to substance use and mental health.

We also hope that your INYS report results will be of value to your school/corporation. We believe these results can help you better understand your student body, inform school policies, select prevention programs or curricula, collaborate with community prevention efforts, and provide necessary data for grant and funding applications.

If you have any questions about your report, please contact the INYS Coordinators at 1-800-346-3077 or at INYS@indiana.edu.

Thank you!

Note: A single copy of this report was prepared for the designated local survey coordinator. The local data contained herein are the property of the local survey sponsor. They will not be released to anyone else by the Indiana Prevention Resource Center (IPRC). The local survey sponsor may determine whether or not to release these data to anyone else. If released, a reference to the source would be appreciated. Statewide data are the property of the IPRC and the Trustees of Indiana University, and they are copyrighted. Permission is granted to distribute the statewide results with the copyright notice.

Selection Criteria

The table below describes the number of surveys collected from participating students in your school/corporation. There is a protocol for checking errors to eliminate unreliable responses. A survey meeting any one of the following exclusion criteria was not included in the data analysis:

- Majority of the survey questions were left unanswered
- Student indicated they did not answer survey truthfully
- Student indicated use of fictitious drug
- No gender information provided
- No grade information provided
- Implausible combination of age and age of first time use of substances
- Inconsistent responses
- Pharmacologically implausible responses

Only valid surveys (**Usable surveys**) were included in the final analyses.

**Number of Usable Questionnaires
School City of Hobart Students, 2015

	12 years	158	56.4
	13 years or older	15	5.4

Prevalence Rates for Alcohol, Tobacco and Other Drug Use

Monthly prevalence rate is defined as the percentage of students who reported using a particular substance at least once within the past 30 days. The following table shows the monthly prevalence rates among your school corporation's students who participated in the survey. Binge drinking is defined as 5 or more alcoholic drinks in a row in the past 2 weeks.

If your school corporation has participated in the survey more than once in the past ten years, trend data are provided so that you can monitor changes in prevalence rates between years. Please note that the cleaning protocol used by the IPRC to determine valid surveys was changed in 2015. These changes were made to better align the methodology with that used by national surveys. These changes may have a noticeable effect on the reported rates, especially for alcohol use, binge drinking, and marijuana use. Therefore, caution should be used when comparing the 2015 data with earlier years.

**Past Month Use of Alcohol, Tobacco, and Other Drugs
School City of Hobart Students. 2015

Notes: --Data not available.

Local data represent entire school corporation for this and previous years, when available.

State data from the Indiana Youth Survey, IPRC, 2015.

Mean Age of First Time Use of Alcohol, Tobacco and Other Drugs

Research has shown that the younger a person is when she or he begins using alcohol, the more likely the person is to experience alcohol dependence and abuse.^{1,2} Compared to persons who began drinking at age 21 or older, those who began drinking before age 14 were more likely to experience alcohol dependence later in life.³ The table below shows the average age of first use among students who reported using a particular substance at least once during their lifetime.

**Mean Age of First Time Alcohol, Tobacco, and
Other Drug Use
School City of Hobart Students, 2015
(Valid cases only: Mean age)**

At what age did you first use...?	Grade
	6th
Q9 Cigarettes	11.00
Q9 Alcohol	10.50
Q9 Marijuana	12.00
Q9 Inhalants	.
Q9 Prescription drugs	10.71
Q9 Other illegal drugs	.

3 Hingson, R. W., Heeren, T., & Winter, M. R. (2006). Age at drinking onset and alcohol dependence: Age at onset, duration, and severity. *Archives of Pediatrics & Adolescent Medicine, 160*(7), 739-746.

Communities that Care (CTC) Risk and Protective Factors

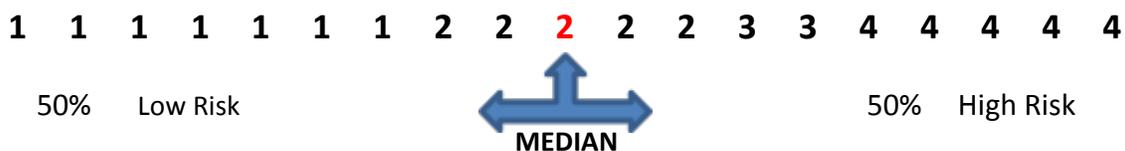

Risk factors are conditions that increase the chances that children will become involved in problem behaviors in adolescence and young adulthood.¹ Measures included in the *Indiana Youth Survey* from the Communities That Care (CTC) System can predict alcohol and other drugs use, as well as delinquency, dropping out of school, teen pregnancy and violence. Students with elevated risk factor scores have a higher likelihood of substance use and problem behaviors compared to those with low risk factor scores.

CTC is based on the Social Development Strategy which focuses primarily on the strengthening of protective factors. **Protective factors** are conditions that have a positive influence and “protect” or “buffer” against the negative influences associated with risk factors. Though closely related, protective factors are not the opposite of risk factors but rather reduce the effects of existing risk factors.

The Indiana Prevention Resource Center uses a cut-point method to identify elevated risk factors and depressed protective factors on the *Indiana Youth Survey* for students in grades 6, 8, 10 and 12.² Survey respondents were divided into two categories – low risk and high risk for risk factors, and low protection and high protection for protective factors– based upon national data. Students from around the country were asked the same questions.

For example, youth were asked: “How much do you think people risk harming themselves if they try marijuana once or twice?”

All of the responses from the national survey were scored with a numerical value and put in order from lowest to highest, and the middlemost score was identified. This score is the median and it divided all responses into two halves (50% of responses are at/below the median and 50% are above the median). The median was used to determine the cut point for low and high groups. In this example, any youth that indicated a 2 or higher is considered to be at high risk.

In simple terms, if 50% of the students in Indiana are at high risk and 50% are at low risk on a particular risk factor, then the Indiana students are similar to the nationwide data. **Problem areas are considered to be any risk factors with 50% or more of students showing high risk or any protective factors with 50% or more of students showing low protection.** The following

table shows the percentage of students at low or high risk for six different risk factors, while the second table shows the percentage of students at low or high protection for six protective factors. Please take note of **bold numbers over 50.0**.

**Percentage of students with CTC risk factor scores
at/below (low risk) or above (high risk) the national
standard
School City of Hobart Students, 2015**

		Grade
		6th
Risk score - Poor family management	Low risk	74.5
	High risk	25.5
Risk score - High family conflict	Low risk	56.3
	High risk	43.7
Risk score - Parental attitudes favor drug use	Low risk	86.2
	High risk	13.8
Risk score - School academic failure	Low risk	70.0
	High risk	30.0
Risk score - Peer-individual perceived risk of drug use	Low risk	40.2
	High risk	59.8

Note: The national standards (cut-off points) are provided by the Social Development Research Group at the University of Washington.

**Percentage of students with CTC protective factor scores
at/below (low protection) or above (high protection) the
national standard
School City of Hobart Students, 2015**

		Grade
		6th
Protective score - Community rewards for involvement	Low protection High protection	60.3 39.7
Protective score - Family opportunities for involvement	Low protection High protection	36.3 63.7
Protective score - Family rewards for involvement	Low protection High protection	43.9 56.1
Protective score - School opportunity for involvement	Low protection High protection	31.7 68.3
Protective score - School rewards for prosocial involvement	Low protection High protection	41.7 58.3
Protective score - Peer- individual interaction with prosocial peers	Low protection High protection	52.9 47.1

Note: The national standards (cut-off points) are provided by the Social Development Research Group at the University of Washington.

Identification of elevated risk and low protection is important in addressing several problem behaviors among youth. Implementation of evidence-based curricula and environmental strategies is the best way to address these issues. Visit www.findyouthinfo.gov for more information.

Mental Health

Prior research has demonstrated robust relationships between adolescent depression, suicidal behavior and substance abuse.^{1,2,3} As a result, the State is trying to better understand the prevalence of mental health concerns among Indiana’s youth. Mental health was measured for the past year (12 months) with survey items that asked about “feeling so sad or hopeless almost every day for two weeks or more in a row that you stopped doing some usual activities,” “seriously consider attempting suicide,” and “making a plan about how you would attempt suicide.” Since the survey is anonymous, individual students and their mental health problems cannot be identified. Thus, it is advised that referral resources be a part of your school’s student assistance policy.

**Mental Health in the Past Twelve Months
School City of Hobart Students, 2015
(Values are percentages, valid cases only)**

During the past 12 months, did you...?		Grade	
		6th	
Q21 Feel sad or hopeless for 2+ weeks in a row	No	75.7	
	Yes	24.3	
Q21 Seriously consider attempting suicide	No	90.7	
	Yes	9.3	
Q21 Make a plan about attempting suicide	No	92.8	
	Yes	7.2

Frequency Tables

The responses to all survey questions are presented in this section, in three segments. The tables are first presented by grade level, followed by tables including only male student responses, and lastly tables including only female student responses. The responses to the individual items that make up each of the CTC risk and protective factors are provided. The frequency tables are presented in the following order in each of the segments:

- Personal and Family Information
- Past Month Use of Alcohol, Tobacco, and Other Drugs
- Age Distribution of First Time Alcohol, Tobacco, and Other Drug Use
- Perceived Risks of Drug Use
- Perceived Peer Approval of Drug Use
- Parental Attitudes Favorable Toward Drug Use
- Parental Attitudes Favorable Toward Antisocial Behavior
- Mental Health in the Past Twelve Months
- Poor Family Management
- Family Conflict
- School Opportunities for Prosocial Involvement
- School Rewards for Prosocial Involvement
- Academic Failure
- Family Opportunities for Prosocial Involvement
- Family Rewards for Prosocial Involvement
- Community Rewards for Prosocial Involvement
- Interaction with Prosocial Peers

	4 of my friends	73.8

ELC Citizenship/Strength/Challenges/Trends and Patterns

Citizenship:

- 105 service hours at ELC
- attendance has been fairly consistent
- suspension are consistent
- digital citizenship and life lessons

Strengths:

- second highest in service hours in district for the elementary schools
- consistent (even when compared to district)
- suspensions are last resort... Other strategies are utilities to keep children safe and successful

Challenges:

- staff and parent participation
- baseline data
- young... first exposure to school
- families adjusting to school routines and expectations
- kindergarten is not mandatory
- new student data system
- new population of students every school year

Trends and patterns:

- suspensions: increase from 2014-2015

Early Learning Center Action Plan

STANDARD 1

Purpose and Direction Action Plan

Standard 1: Purpose and Direction

Improvement Goal:

The district and The Early Learning Center have an established vision and mission for providing high expectations of learning for students.

Objective(s) for Student Learning:

Vision for Student Learning:

The School City of Hobart Community will foster intellectual curiosity, natural abilities, critical thinking, and literacy in students while developing respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

District Mission:

The primary mission of the School City of Hobart and the Board of School Trustees is to continually provide effective community schools.

A. Our Schools Equip Children for Adulthood

Effective Community Schools adequately equip young people for adulthood in the 21st century. Our students must be prepared both for employment and for day-to-day living in a complicated and rapidly changing world. This necessitates that our schools provide students with the intellectual tools necessary for life-long learning. Among these tools must be: skills to facilitate participation in a democracy, communication skills, critical thinking, and other flexible learning skills as well as the ability to work both individually and in a team situation. It is expected that these skills be developed through all curricular areas.

B. Our Schools Address the Needs of Individual Students

Effective Community Schools address the needs of individual students and focus on individual development. Students bring to the schools a great diversity of interest, aptitudes, motivations and learning styles. Our schools must be able to address this diversity by identifying individual needs, responding with appropriate teaching strategies, flexibly meeting these needs and recognizing each individual student's ability to contribute to the school community.

C. Our Schools Are Community Schools

Effective Community Schools are necessary to a healthy community. Our schools must always recognize their affirmative duty to the entire community, including families, government, business and industry, other institutions, civic groups and individual citizens. Our schools must draw from the strengths of this community to identify and accomplish their goals.

D. Our Schools Are Committed to Success

Effective Community Schools fully utilize the resources of the entire school community (administration, teachers, support personnel, families and students) in all aspects of school life. Our schools cannot succeed without the committed involvement of all.

The Early Learning Center Mission:

At my school I pledge today, to try my best in every way, reading, math, technology, exploring with curiosity. I will learn in many ways and do my very best always. I'll be proud of my class and me because we are Brickies!

Standard 1: Purpose and Direction

Target Participants:

School City of Hobart Stakeholders:

Students

Parents/Guardians

Faculty

Staff

Community Members

Civic Organizations

Business Community

Strategies:

The district and each school engage in continuous school improvement planning.

The district has an AdvancED Leadership Team that has representation from all schools.

The district solicits feedback from stakeholders.

The district will communicate the vision and mission to stakeholders.

The district will identify goals in the Strategic Plan.

The district will meet bi-annually with schools and service departments to review implementation of the school improvement process.

The district communicates student performance and school effectiveness with stakeholders.

The district's plan and results are documented and reviewed by AdvancED for accreditation through an external review team.

Evaluation:

AdvancED Stakeholder Opinion Surveys

AdvancED District Leadership Team Focus Groups

Eighth Grade Exit Surveys

High School Exit Surveys

Timeframe for Implementation:

2012 - 2016

Target Area of Improvement: - Standard 1: Purpose and Direction

STANDARD 2

Governance and Leadership Action Plan

Governance and Leadership Action Plan #2

Improvement Goal:

The district has governance and leadership that promotes student performance and school effectiveness.

Objective(s) for Student Learning:

Vision for Student Learning

The School City of Hobart and the Early Learning Center Community will foster intellectual curiosity, natural abilities, critical thinking, and literacy in students while developing respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

Mission

The primary mission of the School City of Hobart and the Board of School Trustees is to continually provide effective community schools.

- A. Our Schools Equip Children for Adulthood
- B. Our Schools Address the Needs of Individual Students
- C. Our Schools Are Community Schools
- D. Our Schools Are Committed to Success

Teaching and Learning Goals

1. All students will increase academic achievement with a specific focus on language arts and mathematics across the curriculum.
2. All students will read and comprehend a variety of literary genres (types) and informational text.
3. All students will use mathematical skills to think critically and apply knowledge and reason to solve problems.
4. All students will demonstrate the skills and knowledge necessary for managing the dual role of family member and wage earner by gaining employment in a high-skill career or by continuing education at the post-secondary level.
5. All students will develop an understanding and commitment to the ideals of human dignity, justice and equality by focusing on productive citizenship in a democratic society.

Target Participants:

School City of Hobart Stakeholders:

Students

Parents/Guardians

Faculty

Staff

Community Members

Civic Organizations

Business Community

Strategies:

The School City of Hobart's Board of Trustees establishes policies to ensure effective administration of the schools.

The School City of Hobart's Board of Trustees will actively govern and provide resources to support the efforts of the superintendent, district staff, and families to ensure continuous student achievement for all students.

The Board will build and maintain collaborative relationships between the Board and the superintendent, all employment groups, the AdvancED leadership team, as well as stakeholders in the community.

The Board's policy will be executed through Administrative Guidelines.

The district solicits feedback from stakeholders.

The district maintains an evaluation system for certified staff that provides opportunities for continuous professional development.

The district, in accordance with Board Policy, evaluates every employee.

The district maintains an evaluation system for certified staff that provides opportunities for continuous professional development.

Early Learning Center at George Earle Elementary

Action Plan #2 Language Arts

Improvement Goal:

All students will read and comprehend a variety of genres (types) and informational text, as well as communicate ideas through writing.

Expectation(s) for Student Learning:

- All students will read with fluency.
- All students will comprehend written text.
- All students will communicate ideas through writing.
- All students will use technology research tools to locate, evaluate, and collect information in order to process data and report results.
- All students will use a variety of media and formats to collaborate, publish, and communicate information and ideas effectively to multiple audiences.

Target Participants:

All students at the Early Learning Center at George Earle Elementary.

Subgroups:

English Learners

Special Education-Early Childhood Development Students

Free/Reduced Meal Students

Students who are achieving below proficiency level.

Students who are achieving above proficiency level.

Interventions:

1. All students will increase skills in reading and writing through monitoring progress on Indiana Academic Standards.
2. All students will increase reading and writing skills as a result of participating in balanced literacy.
3. All students will increase fluency and comprehension by using reading skills/strategies with a variety of texts across the curriculum.
4. All students will increase communication skills by writing across the curriculum.
5. All students will increase reading and writing skills by using technology tools across the curriculum.
6. All students will participate in 90 minute Core Reading Program at the elementary level.
7. All students will increase fluency and comprehension by using reading skills/strategies with a variety of texts **across the**

Early Learning Center at George Earle Elementary

curriculum.

8. All students will increase reading and writing skills by using technology tools across the curriculum.

Student Support:

Subgroup students with low performance will increase reading and writing skills beyond regular classroom instruction with increased academic learning time.

All students will increase reading and writing skills through opportunities for family/community participation.

Students will participate in Response to Instruction (RTI) Tiers based on achievement and behavior levels.

Students will participate in enriched and high ability courses based on achievement levels.

All students will increase reading and writing skills through opportunities for family/community participation. Students who qualify for additional services will be provided extra instructional support.

Students will participate in after-school clubs and extracurricular activities.

Staff:

All students will increase reading and writing skills as a result of teacher participation in professional learning communities.

Evaluation:

Curriculum Calendars/Maps with Pacing Guides

Units of Study

School city of Hobart Balanced Assessment system Framework:

Classroom Assessments-running records, rubrics, checklists, quizzes, unit tests, final benchmarks, ESGI

Common Formative Assessments (CFA's)- Department/Grade Level CFA's - Compass Learning Odyssey, Rubrics, Checklists, Leveled Literacy Intervention (LLI), Formal Scales, ESGI

Benchmark Assessments- Quarterly Standards Based Assessments, Fountas and Pinnell Reading Benchmark, ESGI

External Summative Assessments- DIAL 4, NWEA, LAS Links, Standards-based Report Cards, Lexile (SRI), Standard-based Assessments, ESGI

Timeframe:

2014-2017

Action Plan #5: Citizenship

Improvement Goal:

All students will develop an understanding and commitment to the democratic ideals of human dignity, justice, and equality by focusing on productive citizenship in a democratic society.

Expectation(s) for Student Learning:

- All students will demonstrate behavior expectations through the 21st Century Lifeskills.
- All students will respect diversity while becoming effective and participating members of a democracy.
- All students will participate in school sponsored community service activities to experience personal, intellectual, and social growth.
- All students will practice digital citizenship through ethical and responsible use of technology systems, information, and software.
- All students will demonstrate the need to be globally responsible citizens from knowledge obtained in science and social studies.

Target Participants:

All Kindergarten Students at the Early Learning Center at George Earle.

Interventions:

1. All students will develop positive personal and interpersonal skills.
2. All students will develop positive leadership skills, ethics, school connectedness, and accountability.
3. The school community will collaborate to provide a safe and secure facility.
4. All students will learn necessary strategies to keep themselves safe and healthy.
5. All students will develop digital citizenship and practice acceptable technology usage.

Timeframe for Implementation:

2012-2017

Evaluation:

Stakeholder Opinion Surveys
Discipline Data
Learn More Indiana
Pivot Early Warning System

STANDARD 4

Resources and Support Systems Action Plan

Standard 4: Resources and Support Systems

Improvement Goal:

All students' achievement is ensured by providing resources and services necessary to support success.

Expectations(s) for Student Learning: Vision for Student Learning

The School City of Hobart Community will foster intellectual curiosity, natural abilities, critical thinking, and literacy in students while developing respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

Mission

The primary mission of the School City of Hobart and the Board of School Trustees is to continually provide effective community schools.

- A. Our Schools Equip Children for Adulthood
- B. Our Schools Address the Needs of Individual Students
- C. Our Schools Are Community Schools
- D. Our Schools Are Committed to Success

The Early Learning Center's Mission:

At my school I pledge today to show respect in every way. Reading, math, technology, exploring with curiosity. I will learn in many ways and do my very best always! I'll be proud of my class and me because we are Brickies!

The Early Learning Center's Motto: Be nice, work hard, and stay safe.

Teaching and Learning Goals

1. All students will increase academic achievement with a specific focus on language arts and mathematics across the curriculum.
2. All students will read and comprehend a variety of genres (types) and informational text, as well as communicate ideas through writing.
3. All students will use mathematical/problem-solving skills to think critically and apply knowledge and reason to solve problems.
4. All students will demonstrate the skills and knowledge necessary for managing the dual role of family member and wage earner by gaining employment in a high-skill career or by continuing education at the post-secondary level.
5. All students will develop an understanding and commitment to the democratic ideals of human dignity, justice and equality by focusing on productive citizenship in a democratic society.

Standard 4: Resources and Support Systems

Target Participants:

School City of Hobart Stakeholders:

Students

Parents/Guardians

Faculty

Staff

Community Members

Civic Organizations

Business Community

Strategies:

The district employs a Director of Human Resources and Compliance who helps coordinate the employment and training of employees.

The district and The Early Learning Center recruit, employ, and mentor qualified professional staff.

Support staff, including bus drivers, custodians, and food service employees, are hired according to qualifications and training.

The district and The Early Learning Center maintain an evaluation system for classified and certified staff that provides opportunities for continuous professional development.

The district employs a Business Manager who follows the state's funding formula and recommends appropriations that are representative of revenue received and plans a budget to achieve the implementation of the District Strategic Plan.

The district employs a Director of Support Services who leads site and facility maintenance in order to provide a safe, clean, and comfortable learning environment.

The district employs a Director of Food Services to provide a healthy menu of nutrition for students.

The district employs a Transportation Coordinator and Bus Mechanical staff to provide safe transport to and from school, as well as other school sponsored events.

The City of Hobart partners with the district to provide personnel for safety and learning opportunities.

The school community will collaborate to provide a safe and secure facility.

Central Office Administrators and the Director of Technology provide leadership and development for technology and media resources across the district.

The district employs a Director of Technology and Director of Information Technology Services who work with to provide leadership for technology.

The district employs a Coordinator of Student Health Services to assist the Central Office with ensuring proper health and safety measures, as well as partner with St. Mary's Medical Center for the Brickie Community Health Clinic.

STANDARD 5

Using Results for Continuous Improvement Action Plan

Standard 5: Using Results for Continuous Improvement

Standard 5: Using Results for Continuous Improvement.

Improvement Goal:

Maintaining an assessment system to monitor and document results to improve student performance and school effectiveness.

Expectations(s) for Student Learning:

Vision for Student Learning

The School City of Hobart Community will foster intellectual curiosity, natural abilities, critical thinking, and literacy in students while developing respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

Mission

The primary mission of the School City of Hobart and the Board of School Trustees is to continually provide effective community schools.

- A. Our Schools Equip Children for Adulthood
- B. Our Schools Address the Needs of Individual Students
- C. Our Schools Are Community Schools
- D. Our Schools Are Committed to Success

The Early Learning Center's Mission:

At my school I pledge today to show respect in every way. Reading, math, technology, exploring with curiosity. I will learn in many ways and do my very best always! I'll be proud of my class and me because we are Brickies!

The Early Learning Center's Motto: Be nice, work hard, and stay safe.

Teaching and Assessing for Learning

1. All students will increase academic achievement with a specific focus on language arts and mathematics across the curriculum.
2. All students will read and comprehend a variety of genres (types) and informational text, as well as communicate ideas through writing.
3. All students will use mathematical /problem solving skills to think critically and apply knowledge and reason to solve problems.
4. All students will demonstrate the skills and knowledge necessary for managing the dual role of family member and wage earner by gaining employment in a high-skill career or by continuing education at the post-secondary level.
5. All students will develop an understanding and commitment to the democratic ideals of human dignity, justice and equality by focusing on productive citizenship in a democratic society.

Standard 5: Using Results for Continuous Improvement

Standard 5: Using Results for Continuous Improvement.

Target Participants:

School City of Hobart Stakeholders:

Students

Parents/Guardians

Faculty

Staff

Community Members

Civic Organizations

Business Community

Interventions:

The district and The Early Learning Center implement a comprehensive assessment system.

The district and The Early Learning Center maintain a Profile that uses comparison and trend data of Student Characteristics, Student Performance, School Effectiveness, and School and Community Contexts, as well as data analysis of the School City of Hobart's Balanced Assessment System Framework.

Professional Learning Communities will participate in ongoing training of data tools and analysis.

The district and The Early Learning Center engage in continuous school improvement planning.

The district and The Early Learning Center communicate student performance and school effectiveness with stakeholders.

Evaluation:

School City of Hobart's Balanced Assessment System Framework:

Classroom Assessments- running records, rubrics, checklists, quizzes, unit tests, final exams

Common Formative Assessments- Odyssey Compass Learning, rubrics, checklists, Leveled Literacy Intervention (LLI)

Benchmark Assessments- Lexile (SRI), writing assessment, Acuity, quarterly standards based assessments, SPI

External Summative Assessments- DIAL, ISTEP+, IREAD3, ISTAR, IMAST, LAS Links, NWEA, SMI, SRI

Timeframe for Implementation:

2012-2016
