Action Plan

Standard 1: Purpose and Direction

Improvement Goal: The district and Ridge View Elementary have an established vision and mission for providing high expectations of learning for students.

Objective(s) for Student Learning:

Vision for Student Learning:

The School City of Hobart Community will foster intellectual curiosity, natural abilities, critical thinking, and literacy in students while developing respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

District Mission:

The primary mission of the School City of Hobart and the Board of School Trustees is to continually provide effective community schools.

A. Our Schools Equip Children for Adulthood

Effective Community Schools adequately equip young people for adulthood in the 21st century. Our students must be prepared both for employment and for day-to-day living in a complicated and rapidly changing world. This necessitates that our schools provide students with the intellectual tools necessary for life-long learning. Among these tools must be: skills to facilitate participation in a democracy, communication skills, critical thinking, and other flexible learning skills as well as the ability to work both individually and in a team situation. It is expected that these skills be developed through all curricular areas.

B. Our Schools Address the Needs of Individual Students

Effective Community Schools address the needs of individual students and focus on individual development. Students bring to the schools a great diversity of interest, aptitudes, motivations and learning styles. Our schools must be able to address this diversity by identifying individual needs, responding with appropriate teaching strategies, flexibly meeting these needs and recognizing each individual student's ability to contribute to the school community.

C. Our Schools Are Community Schools

Effective Community Schools are necessary to a healthy community. Our schools must always recognize their affirmative duty to the entire community, including families, government, business and industry, other institutions, civic groups and individual citizens. Our schools must draw from the strengths of this community to identify and accomplish their goals.

D. Our Schools Are Committed to Success

Effective Community Schools fully utilize the resources of the entire school community (administration, teachers, support personnel, families and students) in all aspects of school life. Our schools cannot succeed without the committed involvement of all.

Ridge View Elementary Mission:

Ridge View's mission is to foster significant and measurable academic progress in every student by encouraging creativity while following the Indiana State Standards (Common Core State Standards) in an atmosphere that nurtures the development of confident, responsible citizens who are prepared to be uniquely successful in a changing world.

Ridge View Motto: Together, we build responsible citizens for the community, America, and the world.

Ridge View Elementary
Teaching and Learning Action Plan #3 Problem Solving

Improvement Goal:

All students will use problem solving skills to think critically and apply knowledge and reason to solve problems.

Expectation(s) for Student Learning:

- All students will think and reason effectively.
- All students will solve problems accurately, and efficiently.
- All students will communicate clearly using mathematical language and representations by demonstrating skills and knowledge.
- All students will use technology research tools to locate, evaluate, and collect information in order to process data, report results, and make decisions for solving problems.

Target Participants:

All students at Ridge View Elementary

Subgroups:

Students who are achieving below proficiency level.

Students who are achieving above proficiency level.

Interventions:**Curriculum, Instruction and Assessment:**

All students will increase skills in problem solving through monitoring progress on Indiana Academic Standards (IAS) to determine instructional needs.

All students will increase problem solving skills through differentiated instruction across the mathematics curriculum that emphasizes conceptual understanding.

All students will use reasoning and critical thinking to solve problems through applied mathematics **across the curriculum** that provide relevant, concrete, and everyday problems.

Students will participate in project/problem based learning including STEM and STEAM.

All students will increase problem-solving skills by using technology tools **across the curriculum**.

Student Support:

Students will participate in Response to Instruction (RTI) Tiers based on achievement and behavior levels.

Subgroup students with low performance will increase problem solving skills beyond regular classroom instruction with increased academic learning time. All students will increase problem solving skills through opportunities for family/community participation.

Students will participate in after school clubs and extracurricular activities.

Staff:

All students will increase problem solving skills as a result of teacher participation in professional learning communities.

Evaluation:

Units of Study

School City of Hobart's Balanced Assessment System Framework:

Classroom Assessments- Checklists, Rubrics, Envisions Problem Solving, Quizzes, and Unit Tests

Common Formative Assessments (CFAs)- Grade Level CFAs, Compass Learning Odyssey, Rubrics, Checklists, Formal Scales

Benchmark Assessments- quarterly standards based assessments, Pivot

External Summative Assessments- ISTEP+, ISTAR, WIDA

Timeframe for Implementation: 2012-2017

Teaching and Learning Action Plan #4: Career**

Improvement Goal:

All students will demonstrate the skills and knowledge necessary for managing the dual role of productive and successful community member and wage earner by gaining employment in a career or by continuing education at the post-secondary level.

Expectation(s) for Student Learning:

All students will develop career awareness through interaction with community workers.

Target Participants:

All students at Ridge View Elementary

Interventions:

All students will participate in career awareness.

All students will participate in career exploration.

Community, parents, and guardians will help students develop career education knowledge.

Students will participate in small learning communities.
