Ridge View Elementary School
Strategic Plan

For

Continuous School Improvement

Introduction

This section provides a narrative overview of the Vision and Profile steps of the School Improvement Process completed by the Ridge View Elementary School Continuous School Improvement Team and Stakeholders. The key actions in the vision stage of the school improvement process requested stakeholders to participate in examining research-based factors related to student performance, determine beliefs, examine the expectations that stakeholders have for student learning, develop a shared vision to focus school improvement, and fulfill the mission of the Board of School Trustees and the School City of Hobart. The key actions in the profile stage of the school improvement process led stakeholders to describe students and their performance, school effectiveness, the school and community contexts, and to determine the target areas for improvement.

Research-Based Practices and Organizational Conditions of Improving Schools

Ensure desired results
- Our district has high expectations for student achievement that are communicated with students and parents.
- Our district implements a vision for student learning through goals and strategies.

Improve teaching and learning
- Our district uses multiple assessments to provide feedback for improvement in instructional practices and student performance.
- Our district uses data to inform decision-making about teaching and learning.
- Our district delivers on these expectations for student learning through a curriculum that is coherent and rigorous.
- Our district uses instructional strategies that provide students with focus, feedback, and sufficient opportunities to master skills.
- Our district creates classroom environments that are conducive to learning.
- Our district optimizes technology and multimedia as learning tools.

Foster a culture for improvement
- Our district uses technology to assist families with student learning.
- Our district improves performance by coming together regularly for learning, decision-making, problem-solving, and celebration as a professional learning community.
- Our district engages in research and best practices that support the ongoing improvement of teaching and learning.

Quality teachers
- All teachers are certified and trained in their teaching areas.
- Our district designs and delivers quality staff development to address the individual needs of teachers with skills that can be directly applied to the classroom.

Effective leadership
- The sharing of leadership for the improvement of teaching and learning occurs throughout the district.
- The leadership articulates a compelling need for improvement and provides meaningful ways for the professional learning community to focus on its performance.

Quality information
- Our district collects data from state and local assessments and other vital areas that contribute to the quality of excellent schools. Our district strives for data that is free from

errors.
- Our district warehouses data that delivers student data to target strengths and weaknesses.

Policies and procedures
- Our Board of School Trustees regularly meets to create and update bylaws and policies.
- Our Superintendent develops administrative guidelines to implement Board policy.
- Our district communicates policy in annual notices and student handbooks.
- Our district has emergency response and crisis teams for school safety.
- The district maintains and practices continuous school improvement planning with a relentless focus on student learning.

Resources and support systems
- Our district ensures that leadership supports the vision for student learning.
- Our district allocates technological resources to target areas for improvement.
- Our district allocates time for improvement efforts.

Our School District's Beliefs

- Learning is the shared responsibility of the school, student, parent and community.

- Learning occurs best in a safe, secure environment.

- Our schools value and respect diversity, creating an equal opportunity for all children to learn.

- Successful learners, whether students or adults, set goals and monitor progress in achieving them.

- Motivation to learn is influenced by a student's emotional state, beliefs, interests, and goals.

- Students learn best when they are actively engaged in meaningful, challenging work.

- Students learn best when the staff maintains high expectations for learning.

- Successful students create and use a variety of thinking and reasoning strategies and can communicate ideas.

- Interactions with adults, who serve as role models and mentors, contribute to student learning and achievement.

- Effective educators engage in learning communities that use research and best practices that support the ongoing improvement of teaching and student performance.

Vision for Student Learning:

The School City of Hobart Community will foster intellectual curiosity, natural abilities, critical thinking, and literacy in students while developing respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

School City of Hobart and the Board of School Trustees Mission:

The primary mission of the School City of Hobart and the Board of School Trustees is to continually provide effective community schools.

A. Our Schools Equip Children for Adulthood

Effective Community Schools adequately equip young people for adulthood in the 21st century. Our students must be prepared both for employment and for day-to-day living in a complicated and rapidly changing world. This necessitates that our schools provide students with the intellectual tools necessary for life-long learning. Among these tools must be: skills to facilitate participation in a democracy, communication skills, critical thinking, and other flexible learning skills as well as the ability to work both individually and in a team situation. It is expected that these skills be developed through all curricular areas.

B. Our Schools Address the Needs of Individual Students

Effective Community Schools address the needs of individual students and focus on individual development. Students bring to the schools a great diversity of interest, aptitudes, motivations and learning styles. Our schools must be able to address this diversity by identifying individual needs, responding with appropriate teaching strategies, flexibly meeting these needs and recognizing each individual student's ability to contribute to the school community.

C. Our Schools Are Community Schools

Effective Community Schools are necessary to a healthy community. Our schools must always recognize their affirmative duty to the entire community, including families, government, business and industry, other institutions, civic groups and individual citizens. Our schools must draw from the strengths of this community to identify and accomplish their goals.

D. Our Schools Are Committed to Success

Effective Community Schools fully utilize the resources of the entire school community (administration, teachers, support personnel, families and students) in all aspects of school life. Our schools cannot succeed without the committed involvement of all.

Ridge View Mission Statement:

Ridge View's mission is to foster significant and measurable academic progress in every student by encouraging creativity while following the Indiana State Standards (Common Core State Standards, in an atmosphere that nurtures the development of confident, responsible citizens who are prepared to be uniquely successful in a changing world.

Ridge View Motto:

Together we build responsible citizens for the community, America, and the world.

Learning Areas and High-Priority Expectations for Student Learning

Learning Area - Language Arts
Expectations for Student Learning
All students will read and comprehend a variety of genres and informational text, as well as communicate ideas through writing.

Learning Area – Problem Solving
Expectations for Student Learning

All students will use problem solving skills to think critically and apply knowledge and reason to solve problems.

Learning Area - Careers
Expectations for Student Learning

All students will demonstrate the skills and knowledge necessary for managing the dual role of productive and successful community member and wage earner by gaining employment in a career or by continuing education at the post-secondary level.

Learning Area - Citizenship
 Expectations for Student Learning

All students will develop an understanding and commitment to the democratic
ideals of human dignity, justice, and equality by focusing on productive citizenship
in a democratic society.

Rationale for Learning Areas

Our district's vision for student learning envisions our students as respectful and responsible
citizens who are excited about the challenges of tomorrow, confident in their ability to chart
the future, and dedicated to the pursuit of lifelong learning.

Language Arts, Problem Solving, Careers, and Citizenship are the focus of
accountability requirements for our district.

Ridge View Elementary School mission:

    Ridge View Elementary School Equips Children for Adulthood

    Ridge View Elementary School Addresses the Needs of Individual Students

    Ridge View Elementary School is a Community School

    Ridge View Elementary School is Committed to Success

Academic Planning & Analysis

Executive Summary

In partnership with the district, Houghton Mifflin Harcourt has analyzed data from six sites that implemented the *READ 180* & *System 44* reading intervention programs this school year.

Preliminary Analysis Observations

- The analysis includes data from 397 *READ 180* and 124 *System 44* students.

- 392 students enrolled in *READ 180* completed 20+ sessions of software usage and had 2+ Reading Inventory (8+ weeks apart).

- 77 students enrolled in *System 44* completed 20+ sessions of software usage and had 2+ Reading Inventory (8+ weeks apart).

- End of Year 2015-2016 data export indicates evidence of strong growth with good software use in *READ 180* and evidence of strong growth with good software use in *System 44.*

Houghton Mifflin Harcourt.

Houghton Mifflin Harcourt

Placement Reading Inventory Overview
Were Students Appropriately Placed in READ 180 & System 44?

KEY

- ■ BR to 199L
- ■ 200L to 399L
- □ 400L to 599L
- ■ 600L to 799L
- ■ 800L to 999L
- ■ 1000L to 1199L
- □ 1200L or More
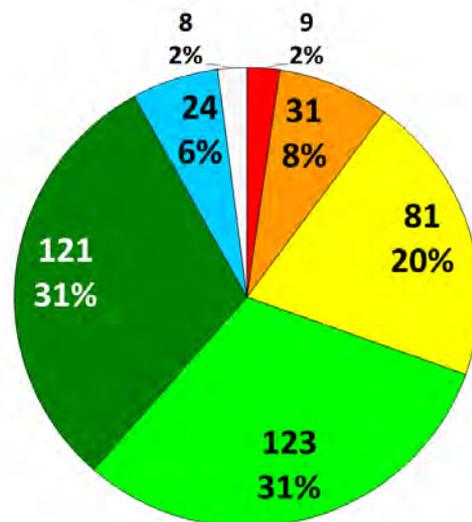

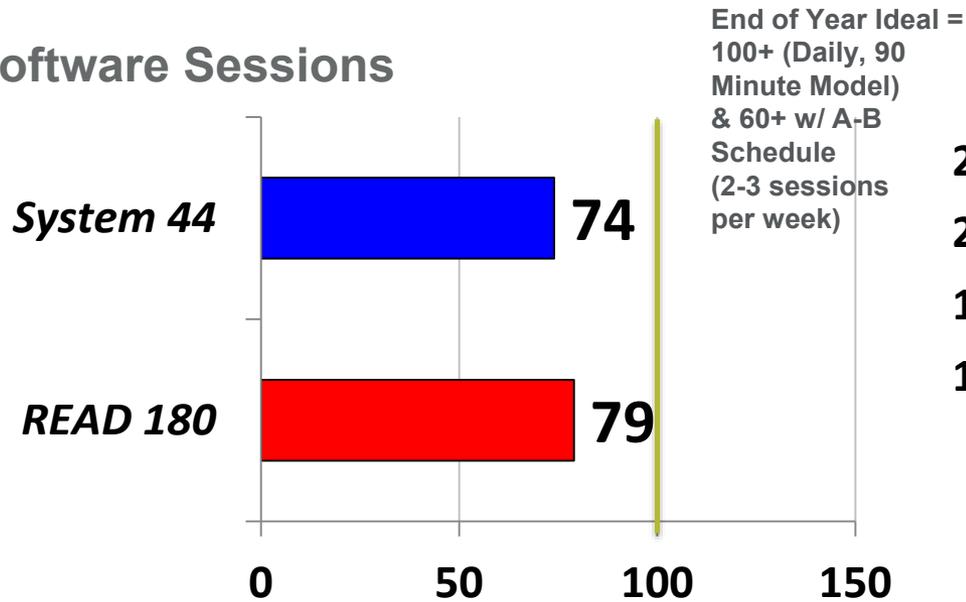

READ 180 Students at Placement

- 8 / 2%
- 9 / 2%
- 31 / 8%
- 24 / 6%
- 81 / 20%
- 121 / 31%
- 123 / 31%

System 44 Students at Placement

- 1 / 1%
- 25 / 20%
- 50 / 40%
- 48 / 39%

Students with **low Lexiles** (BR to 400L in grades three to five & BR to 600L in grades six & up) should be screened with HMH Phonics Inventory. Pre-Decoder, Beginning or Developing Decoder status students should be placed in *System 44* but Advancing Decoders belong in *READ 180.*

Students with limited phonemic awareness may not sustain higher Lexiles without Tier 3 intervention.

There were **207 *READ 180* Super Stars,** with evidence of both strong participation and Lexile gains. The students with the most growth relative to expectations are displayed above.

To reach "Reading Super Star" status, students must have:

- **At least 20 sessions** (days) of software usage
- **At least one Segment completed** in the *READ 180* software
- **A growth rate between 1.0 and 4.0***
- Pre-Test Reading Inventory Lexile score of **over 100L**.

*Students with greater than four times the normal growth rate may have had inappropriately low initial Lexile scores and are excluded from the Super Stars list.

Houghton Mifflin Harcourt

Mean Lexile Gain and Goal by Site
Mean Change in Lexile and Low End Growth Goal by School
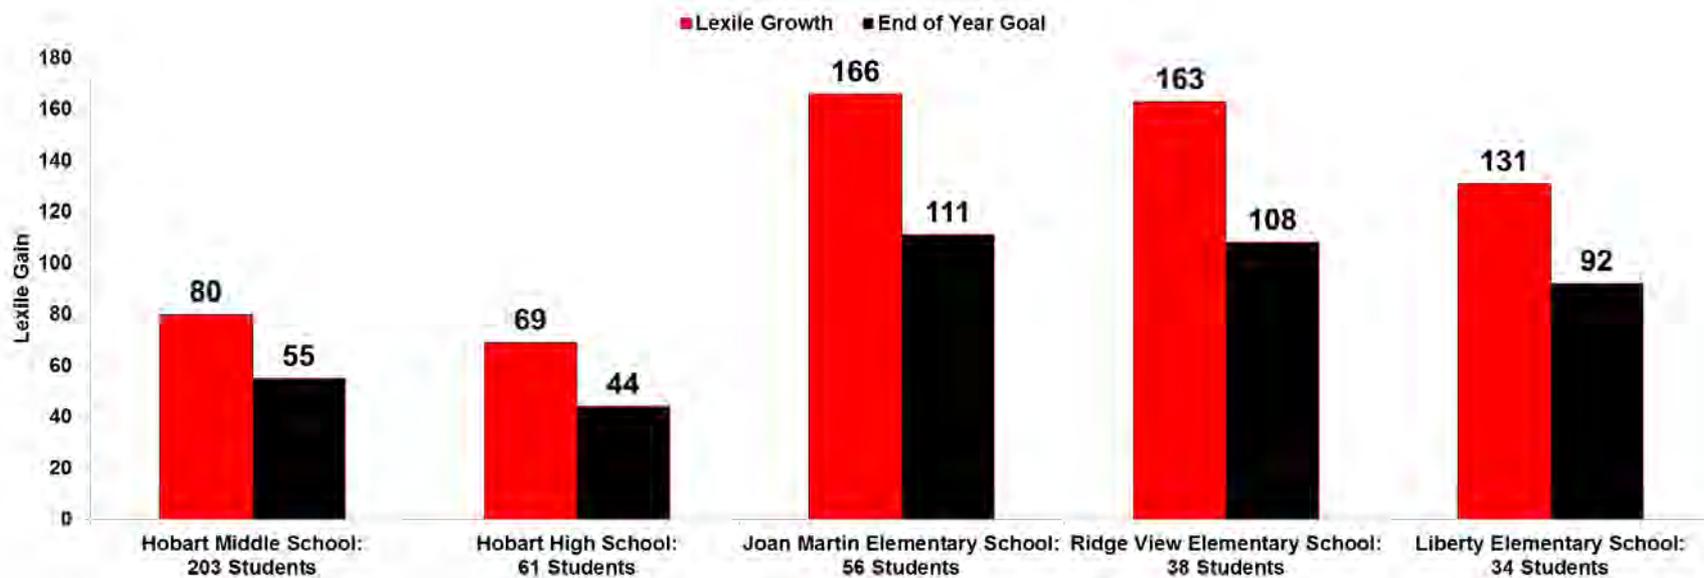

This analysis is based on students who completed **at least two** Reading Inventory tests a minimum of eight weeks apart. **Review the Reading Inventory Growth Summary Report for more information.**

(Analysis Note: Sites with fewer than 10 students or a negative change in average Lexile are not shown above)

9   Academic Planning & Analysis

Houghton Mifflin Harcourt

Liberty Elementary School	34	4 to 5	627	758	131	92	135	1.2	68%	61 [112]	2.6	16	8
Hobart Middle School	203	6 to 8	757	837	80	55	90	1.1	57%	81 [142]	3.1	16	11
READ 180 Totals	392	4 to 10	712	815	103	70	108	1.2	62%	79 [142]	2.9	16	11

HMH recommends that *READ 180* students complete the Reading Inventory three to five times a year for screening, monitoring progress, and making instructional decisions. Strongest results are typically achieved when students follow the *READ 180* Instructional Model daily, and when care is taken to ensure a positive testing environment**.**

Academic Planning & Analysis

Houghton Mifflin Harcourt.

Potential Impact of Large Lexile Declines
Highlighted Change in Lexile That Could Reflect Test Motivation
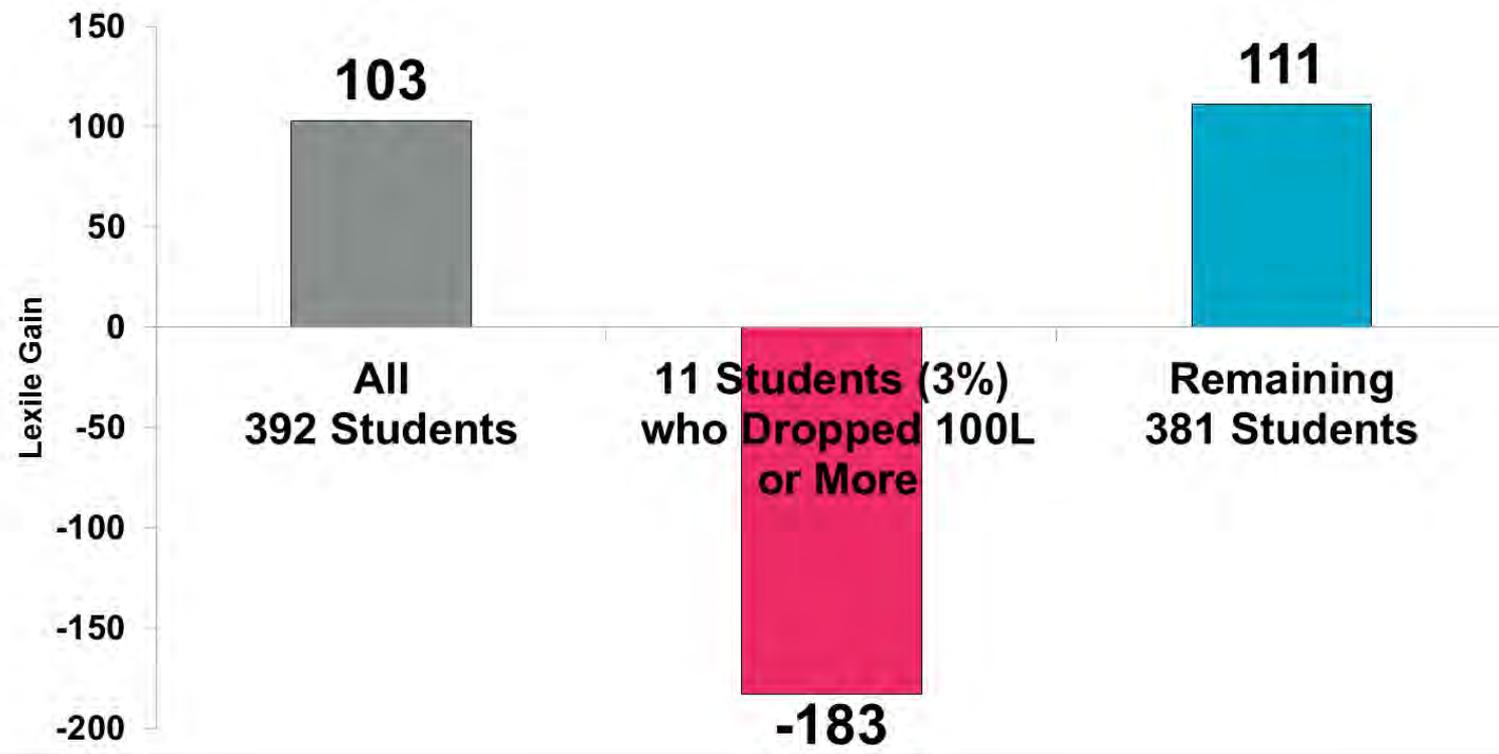

Assuming a student was targeted, Reading Inventory can provide an accurate measure of reading comprehension ability. A drop in Lexile of 100L or more might indicate that the student was not focused and attentive and did not do as well as possible. Even when best practices are in place, expect nearly 2% to 5% of students to drop 100L or more. When challenges are present, the percentage of decliners can climb to 30%.

Academic Planning & Analysis

Houghton Mifflin Harcourt.

Revised *READ 180* Results
School Level Results without 100L Decliners

School	Number of Students	Grade Range	Reading Inventory Lexile Metrics							READ 180 Metrics			
			Mean Starting Lexile	Mean Current Lexile	Change in Lexile	Low End Annual Growth Goal	High End Annual Growth Goal	Average Annual Growth Rate	% of Students Exceeding Average Growth	Mean READ 180 Sessions & [Max]	Sessions Per Week	Minutes Per Session	Mean Segments Completed
Ridge View Elementary School	38	4 to 5	559	722	163	108	153	1.3	68%	96 [119]	3.1	16	11
Hobart Middle School	194	6 to 8	750	842	92	56	91	1.2	60%	81 [142]	3.1	16	11
Joan Martin Elementary School	56	4 to 5	539	705	166	111	158	1.2	73%	107 [122]	3.4	18	15
Hobart High School	60	9 to 10	868	941	73	44	76	1.2	63%	47 [99]	1.9	15	7
Liberty Elementary School	33	4 to 5	620	759	139	93	137	1.2	70%	61 [112]	2.6	16	8
READ 180 Totals	**381**	**4 to 10**	**707**	**818**	**111**	**70**	**109**	**1.2**	**64%**	**80 [142]**	**2.9**	**16**	**11**

When students see scores drop by 100 Lexiles or more, it often means they are being impacted by factors outside the program. Their scores, meanwhile, affect the overall averages negatively. The table above shows what the *READ 180* results would have been apart from students who dropped by 100L or more.

Academic Planning & Analysis

Houghton Mifflin Harcourt.

READ 180 Student Progress along Reading Inventory College & Career Ready Lexile Performance Levels
	Current Reading Invt. Performance Levels				Initial Totals
	Below Basic	Basic	Proficient	Advanced	
Below Basic	77	71	15		163
Basic	7	122	58	5	192
Proficient		8	19	7	34
Advanced			1	2	3
Current Totals	84	201	93	14	392

(Row labels down left side: Initial Reading Invt. Performance Levels)

156	(40%)	Students Moved UP
220	(56%)	Students Stayed in Level
16	(4%)	Students Moved Down

The above results show students' Reading Inventory scores aligned to the Lexile Performance Levels set by MetaMetrics. As students move through the program, lower, non-proficient reader populations should decrease and higher, proficient reader populations should increase.

Lexile performance bands used in this analysis can be found in the Appendix.

Analysis Note: Charts above reflect Lexile data aligned to the Reading Inventory College & Career performance levels, regardless of whether students were administered Reading Inventory EE or Reading Inventory CC.

Houghton Mifflin Harcourt

# Students who Maintained Performance Level
Lexile Results for Students Who Did Not Move Up/Down a Level
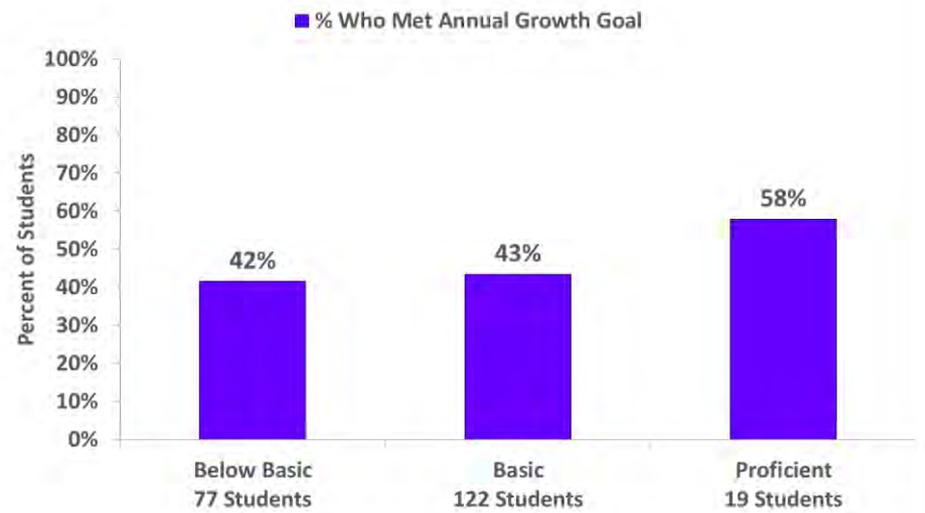

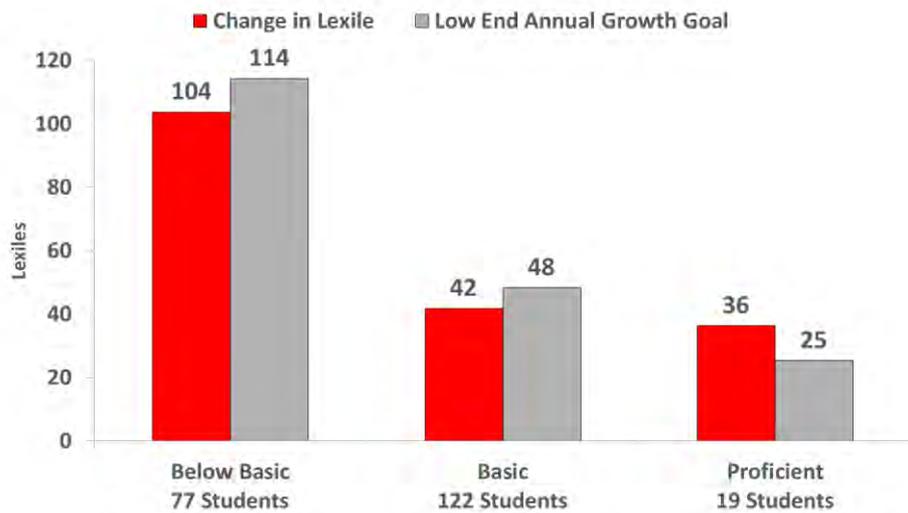

Students who maintained their performance levels demonstrated Lexile growth on average; these charts show the average advances they made towards growth goals. Below Basic students may need phonics instruction in order to demonstrate significant Lexile growth.

Houghton Mifflin Harcourt.

Below Basic *READ 180* Student Results
Summary Movement Between 200L Ranges of Below Basic Readers
		Current Reading Invt. 200L Band					
		BR to 199L	200L to 399L	400L to 599L	600L to 799L	800L to 999L	Initial Totals
Initial Reading Invt. 200L Band	BR to 199L	2	4	1			7
	200L to 399L		4	15	5		24
	400L to 599L		2	13	11		26
	600L to 799L			1	15	4	20
	800L to 999L						
	Current Totals	2	10	30	31	4	77

40	(52%)	Students Moved UP
34	(44%)	Students Stayed in Level
3	(4%)	Students Moved Down

Unlike other levels, the Below Basic College and Career Ready Range is 600L+ wide.

These reports show the progress of students who stayed in the Below Basic range by tracking their pre-test and post-test Reading Inventory results along 200-Lexile bands.

Houghton Mifflin Harcourt

Implementation Reports

System 44 Student Progress and Use
Overview of Students' Current Location in Program
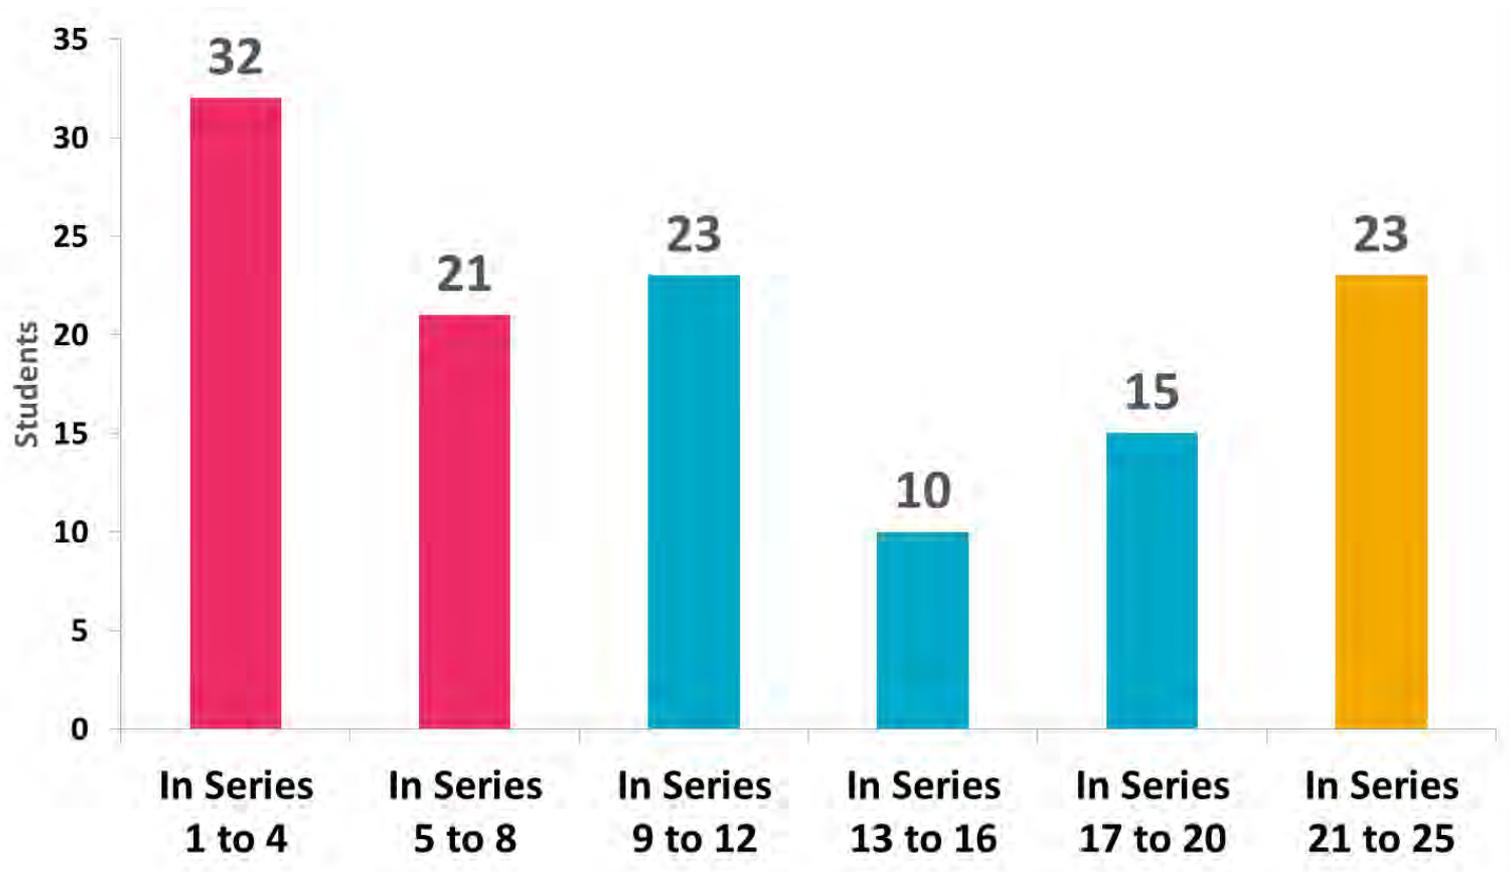

The chart above shows how much content *System 44* students have completed. Students should strive to complete **at least** 10 Series in a year, and to complete all 25 during their time in *System 44*.

Academic Planning & Analysis

Houghton Mifflin Harcourt

System 44 Summary Implementation Metrics
Student Content Completion as a Measure of Growth

On a standard daily implementation of *System 44*, schools can achieve 100 sessions of usage in a school year. In the standard implementation model, students should use the software for 15-20 minutes each day (or session). Regular use of software helps students complete the Topics more quickly; when all 160 Topics have been completed, the student is ready to exit *System 44*. **Review the results here to identify successes as well as schools that may need additional support. Use the *System 44* Response to Intervention Summary Report for more information.**

| School | Number of Students | Software Metrics | | | Content Progress | | | |
		Mean Sessions	Mean Sessions Per Week (NG)	Mean Minutes per Session	Mean Topics Completed	Mean Fast Tracked Topics	Mean Minutes per Topic	Mean Current Series
Hobart Middle School	24	72	0.0	13	45	12	37	18
Joan Martin Elementary School	30	96	0.0	15	79	22	33	12
Liberty Elementary School	44	46	0.0	11	47	19	29	7
Ridge View Elementary School	26	99	0.0	10	55	9	39	11
Students Placed in Series 1	93	84	0.0	10	57	12	34	12
Students Placed in Series 4	31	45	0.0	17	52	29	34	11
Students Using System 44	124	74	0.0	12	56	16	34	12

Analysis Note: Because Phonics Inventory and Reading Inventory use varies greatly, this chart shows software use for ALL System 44-enrolled students to avoid skewing usage results based on test administration. If students were manually placed in a specific Series other than #1 or #4 then they are reported in the total and school-level results but cannot be reported by initial placement Series.

Page 66

Academic Planning & Analysis

Houghton Mifflin Harcourt

System 44 Student Phonics Inventory Results
Total Students by Initial and Current Decoding Level
	Current Phonics Inventory Decoding Levels				
	Pre-Decoder	Beginning	Developing	Advancing	Initial Level
Pre-Decoder			1		1
Beginning	1	22	25	4	52
Developing	1	4	11	8	24
Advancing					
Current Level	2	26	37	12	77

(Row labels left of table: Initial Phonics Inventory Decoding Levels)

38	(49%)	Students Moved UP
33	(43%)	Students Stayed in Level
6	(8%)	Students Moved Down

HMH recommends that *System 44* students complete the Phonics Inventory three times a year for screening and monitoring progress. Students should be moving into higher levels of decoding as they progress through the program. Strongest results are typically achieved when students follow the *System 44* Instructional Model daily and when care is taken to ensure a positive testing environment. **Compare pre-test and post-test results to spotlight successes and identify areas that need additional focus. Review the Phonics Inventory Summary Progress Report for more information.**

Analysis Note: Above data reflects ONLY those students with sufficient software usage and Phonics Inventory test administrations to meet the "Gains Analysis Sample" criteria.

Houghton Mifflin Harcourt

Summary Phonics Inventory Results
Accuracy and Fluency Metrics by School

School	Number of Students	Initial Phonics Invt. Accuracy of 60	Current Phonics Invt. Accuracy of 60	Change in Accuracy	% of Students with Improved Accuracy	Initial Phonics Invt. Fluency of 60	Current Phonics Invt. Fluency of 60	Change in Fluency	% of Students with 4+ Points Gain in Fluency	% of Students with Advancing Decoder Status
Hobart Middle School	20	40	44	4	60%	11	16	5	60%	20%
Joan Martin Elementary School	15	36	38	2	67%	10	14	4	47%	27%
Liberty Elementary School	19	36	39	3	74%	7	11	4	47%	5%
Ridge View Elementary School	23	33	38	6	78%	7	14	7	65%	22%
System 44 Phonics Invt. Gains Sample	**77**	**36**	**40**	**4**	**70%**	**9**	**14**	**5**	**56%**	**18%**

Results for *System 44* students with two or more Phonics Inventory administrations are displayed above with the initial and most recent tests providing metrics. Students with limited Series completion between Phonics Inventory administrations tend not to demonstrate changes in Accuracy and Fluency.

- Accuracy growth indicates students have improved their ability to recognize and decode words—a prerequisite skill for fluent reading.
- Fluency growth indicates students have improved their ability to recognize and decode words with automaticity—a prerequisite skill for reading comprehension.
- Fluency growth of four points is one year of growth.
- Students with Advancing Phonics Inventory decoding levels tend to demonstrate the greatest Lexile growth by end of year Reading Inventory administration.

Analysis Note: Above data includes ONLY those students with sufficient software usage and Phonics Inventory test administrations to meet the "Gains Analysis Sample" criteria.

20   Academic Planning & Analysis

Houghton Mifflin Harcourt.

Phonics and Reading Inventory Results
Overview of Test Results for *System 44* Students
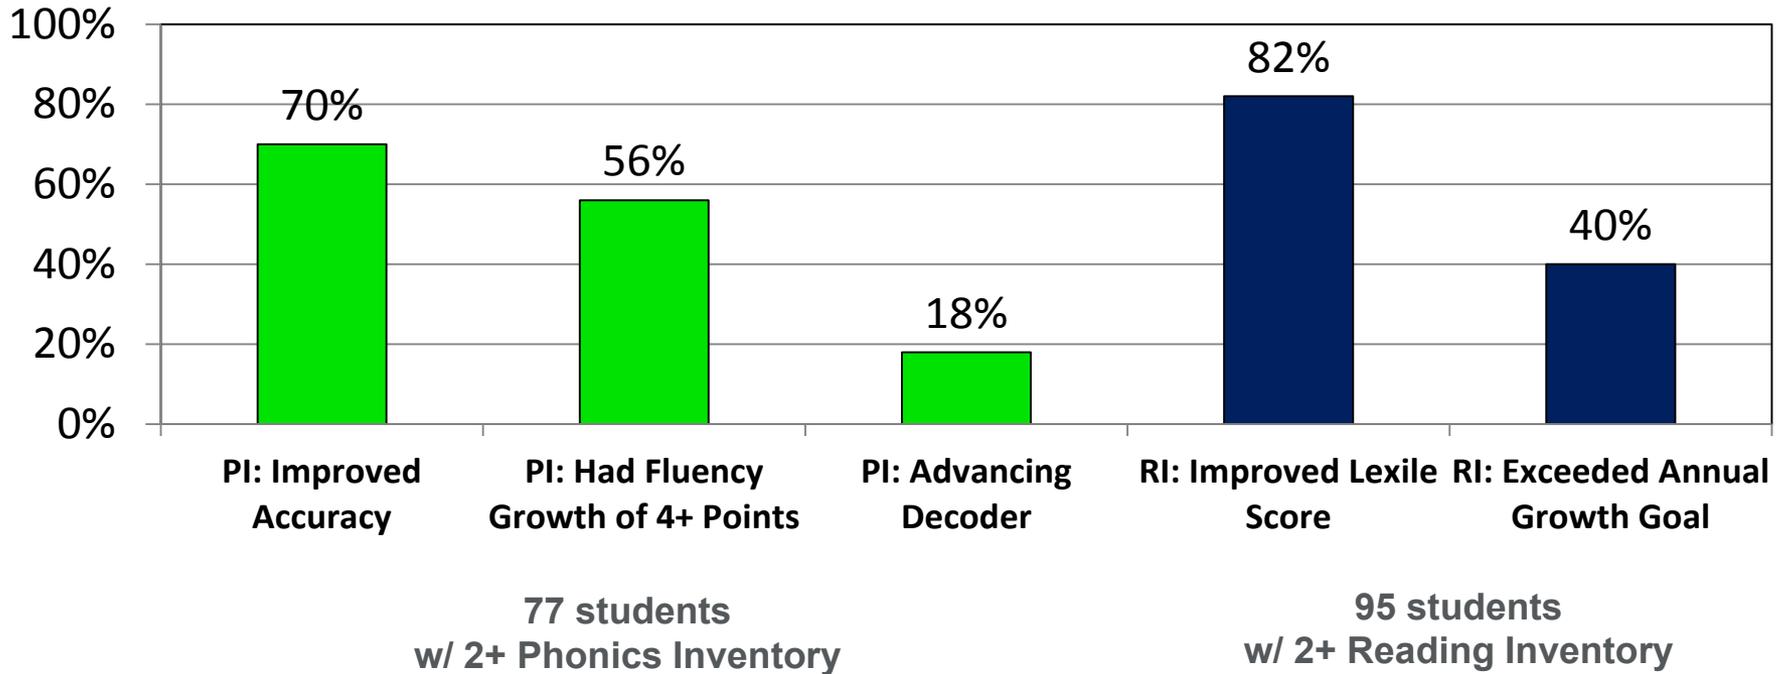

This chart shows that foundational reading skills are improving; reading comprehension results often depend upon foundational reading skills.

Meeting annual goals for Lexile growth goal is more likely when students reach Series 20 to 25 or when students demonstrate Advancing Decoder status on Phonics Inventory.

Analysis Note: Above data reflects ONLY those students with sufficient software usage to meet the "Gains Analysis Sample" criteria and Phonics Inventory/Reading Inventory tests at least 8 weeks apart.

HMH recommends that districts administer the Reading Inventory to students three to five times per year. By End of Year, students should have completed two to three Reading Inventory tests.

Reading Inventory report above does not include *READ 180* or *System 44* student records.

Houghton Mifflin Harcourt

Reading Inventory Cohorts
Intervention Need Estimate and Growth Report Sample Sizes

Cohorts for Reading Inventory Analyses

Category	Value
Students w/ 1+ RI	2884
Students w/ 2+ RI	2518
Students w/ 2+ RI 8+ weeks apart	2514
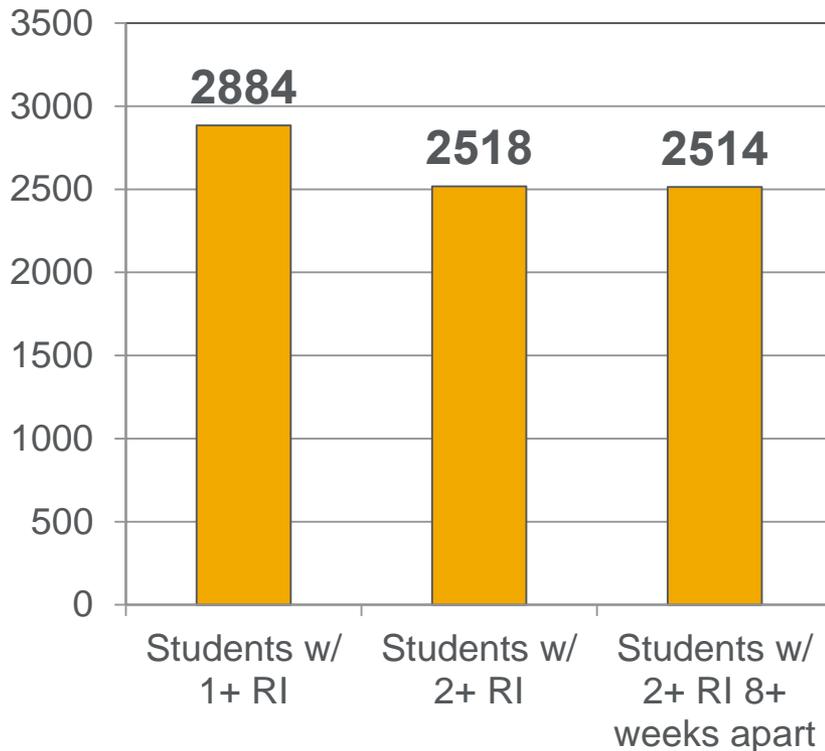

Reading Inventory summary reports serve two functions:

1. Summarize whether students need intervention. These measurements can be based on single Reading Inventory score. 2884 students have a recent Lexile for this.

1. Measure Lexile growth. This requires two Reading Inventory test administrations at least eight weeks apart. 2514 students met this standard.

Reading Inventory report above does not include *READ 180* or *System 44* student records.

Reading Inventory Screening Results
Total Students by College and Career Ready Performance Level

Grade Level	Number of Students	Minimum Proficient Lexile for Grade Level	Below Basic	Basic	Proficient	Advanced
Kindergarten	19	0			16	3
Grade 1	192	190		94	89	9
Grade 2	291	420	51	73	102	65
Grade 3	296	520	19	58	146	73
Grade 4	220	740	10	26	116	68
Grade 5	217	830	10	25	81	101
Grade 6	12	925	11			1
Grade 7	249	970	9	51	80	109
Grade 8	264	1010	6	33	116	109
Grade 9	229	1050	7	47	106	69
Grade 10	321	1080	24	59	189	49
Grade 11	274	1185	34	72	129	39
Grade 12	300	1185	53	73	127	47
RI Only Student Totals	**2884**		**234**	**611**	**1297**	**742**

The above results represent the most recent Lexile score for all non-intervention students with at least one Reading Inventory. 611 students in the Basic Reading Inventory CC range could need Tier 2 intervention and that 234 students in the Below Basic range could need either Tier 2 or Tier 3 support.

Reading Inventory report above does not include *READ 180* or *System 44* student records.

RI Screening Totals	2514	0L to 1816L	897	963	66	66	98	0.8	53%

HMH recommends that students complete the Reading Inventory three to five times a year for screening, monitoring progress and making instructional decisions. Strongest results are typically achieved when care is taken to ensure a positive testing environment and when student targeting is used for the first Reading Inventory administration.

Reading Inventory report above does not include *READ 180* or *System 44* student records.

Total Students in Each 200L Range	**2884**		**186**	**169**	**245**	**255**	**504**	**716**	**809**

- The above results reflect the most recent Lexile score for all non-intervention students with at least one Reading Inventory.
- Students with low Lexile scores may have gaps in phonemic awareness (0L to 400L in grades three to five & 0L to 600L in grades six & up). Left unaddressed, these gaps will limit potential Lexile growth each year.
- Use the HMH Phonics Inventory to determine whether such gaps exist.
- Red cells above indicate students scoring in the range where phonemic awareness could be limited.
- Green cells indicate students near the low-end cut-score for a proficient Lexile under Reading Inventory CCR bands.

Reading Inventory report above does not include *READ 180* or *System 44* student records.

Low and High End Lexile Growth Goals
Using Student's Fall Lexile & Grade Level to Set Goals for Students

- HMH Reading Inventory can be used to set reading goals and to compare students' response to instruction to growth expectations from fall to spring.

- Monitoring growth helps educators to determine if students are on track to meet achievement standards.

- Expected growth is determined by fall Reading Inventory Lexile and grade level. For more on using fall Lexiles to set growth goals consult the professional paper *Growth Expectations – Setting Achievable Goals*

- **Tier III reading intervention students are unlikely to reach personal growth goals without a firm grasp of phonemic principles.**

- HMH recommends that *System 44* students receive three Phonics Inventory Tests to monitor emerging skills.

- Without knowledge of a student beyond data in the export, Gains Analysts assign student records with personal Lexile growth goals derived from tables similar to the one at the right.

Grade 7 Lexile-Based Normal Growth Bands		
Fall Lexile Range	**Low End of Normal Growth Range**	**High End of Normal Growth Range**
BR to 199L	220	350
200L to 299L	165	240
300L to 399L	125	185
400L to 499L	90	145

College and Career Ready Proficiency Levels
Spring Proficiency Targets for Students to Meet Rigorous Demands

Grade	Below Basic	Basic	Proficient	Advanced
K	N/A	BR	0 to 279L	280 & Above
1	BR	0L to 189L	190L to 534L	535L & Above
2	BR to 219L	220L to 419L	420L to 654L	655L & Above
3	BR to 329L	330L to 519L	520L to 824L	825L & Above
4	BR to 539L	540L to 739L	740L to 944L	945L & Above
5	BR to 619L	620L to 829L	830L to 1014L	1015L & Above
6	BR to 729L	730L to 924L	925L to 1074L	1075L & Above
7	BR to 769L	770L to 969L	970L to 1124L	1125L & Above
8	BR to 789L	790L to 1009L	1010L to 1189L	1190L & Above
9	BR to 849L	850L to 1049L	1050L to 1264L	1265L & Above
10	BR to 889L	890L to 1079L	1080L to 1339L	1340L & Above
11 / 12	BR to 984L	985L to 1184L	1185L to 1389L	1390L & Above

With the release of Reading Inventory College & Career, HMH and MetaMetrics (creator of the Lexile Framework) updated the Lexile ranges that comprise Below Basic, Basic, Proficient, and Advanced performance levels for each grade. To establish the new performance levels, MetaMetrics conducted an extensive study of college and career texts. The new score ranges more accurately reflect the increased expectations for college and career readiness and indicate whether students are on track to comprehend college and career level texts by the end of high school.

Gains Analysis

School City of Hobart

MATH 180 **Course I**
MATH 180 **Course II**

Results Based On Program Data 08/20/2015 – 05/27/2016

Academic Planning & Analysis

Executive Summary

In partnership with School City of Hobart, Houghton Mifflin Harcourt has analyzed data from three sites that have implemented the *MATH 180* Course I and *MATH 180* Course II intervention programs.

Preliminary Analysis Observations

- For *MATH 180* Course I

  - May data export indicates evidence of good software usage and excellent growth demonstrated through content assessment.

  - 196 of 200 enrolled students (**98%**) had 20+ sessions of software use and have completed two *Math Inventory* test administrations 8+ weeks apart.

- For *MATH 180* Course II

  - May data export indicates evidence of excellent software usage and growth demonstrated through content assessment.

  - 72 of 73 enrolled students (**99%**) had 20+ sessions of software use and have completed two *Math Inventory* test administrations 8+ weeks apart.

Quantile® Measures and Student Placement
How Do Students' Quantile Measures Reflect *MATH 180* Need?

Quantile Measure	Grade 5	Grade 6	Grade 7	Grade 8	Grade 9	Grade 10 & Up
1100Q to 1145Q						G9=1140Q
1050Q to 1095Q						
1000Q to 1045Q					G8=1030Q	
950Q to 995Q				G7=950Q		
900Q to 945Q						
850Q to 895Q			G6=870Q			
800Q to 845Q		G5=820Q				
750Q to 795Q				**Candidate for**		
700Q to 745Q	G4=715Q			***MATH 180* Course II**		
650Q to 695Q						
600Q to 645Q						
550Q to 595Q						
500Q to 545Q		**Optional *Block 4* Promotion**				
450Q to 495Q						
400Q to 445Q						
350Q to 395Q						
300Q to 345Q						
250Q to 295Q		***MATH 180* Course I**				
200Q to 245Q						
150Q to 195Q						
100Q to 145Q		***FASTT Math* or *Do The Math***				
50Q to 95Q						
EM to 45Q						

- • **In High School grades, place students according to need.**

- • Students below 200Q need Tier 3 math intervention (RED ZONE).

- • Students within 100Q of prior grade proficiency may be able to find success in on-grade level curriculum (GOLD ZONE).

- • Students in **200Q to 600Q+** range in the fall are ready to handle *MATH 180* Course I content (BLUE & PURPLE ZONES).

- • Students **above 450Q** may benefit from promotion out of Blocks 1, 2 or 3 up to Block 4 (PURPLE ZONE).

- • Students **above 600Q** may need math intervention in Pre-Algebra content, within the scope of *MATH 180* Course II (GREEN ZONE).

- • **Always use multiple measures when making student placement decisions.**

Mid-Year Goal

End of Year Goal is 15+ Topics

0   3   6   9   12   15   18   21   24   27
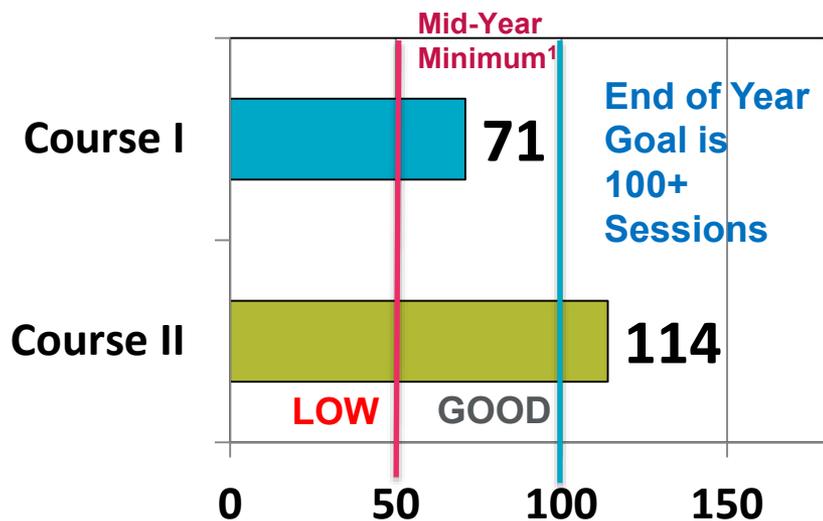

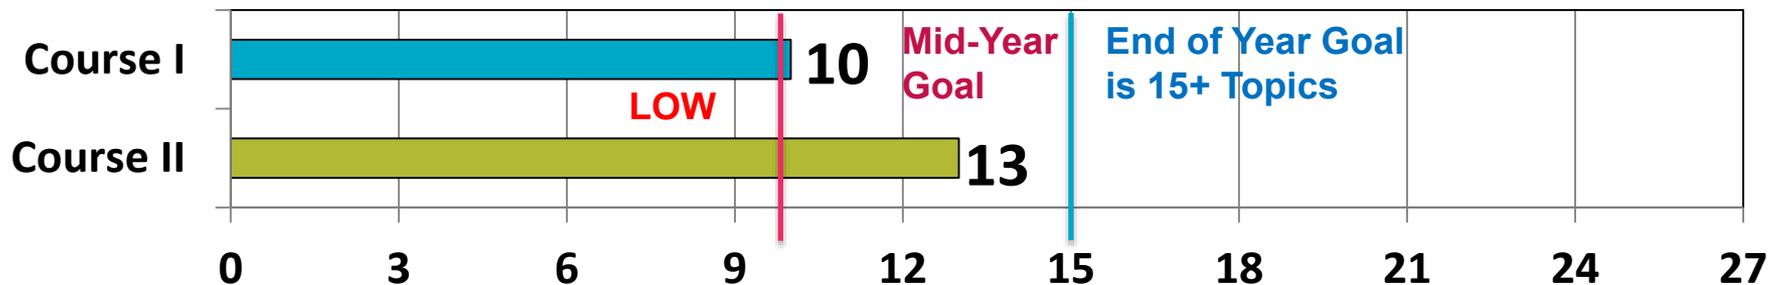

1. Assumes that *MATH 180* Course I *and MATH 180* Course II are implemented five days per week with full-rotational model in place each day and that implementation began no later than October.

2. Extra session time after hours is beneficial, but long sessions in class could mean that instructional time is limited.

**Houghton Mifflin Harcourt**

Summary Recommendations

After the analysis of School City of Hobart 2015–2016 end-of-year data, the following recommendations are presented to maximize success in the future.

- Recommended Implementation Model
  - *MATH 180* implemented daily for 55–70 minutes
- Professional development
- Coaching/follow-up days
- License utilization/expansion based on gains data
- Other recommendations…

Houghton Mifflin Harcourt.

MATH 180 Course I

MATH 180 Course I Gains Criteria
## How many students had sufficient data for analysis*?*
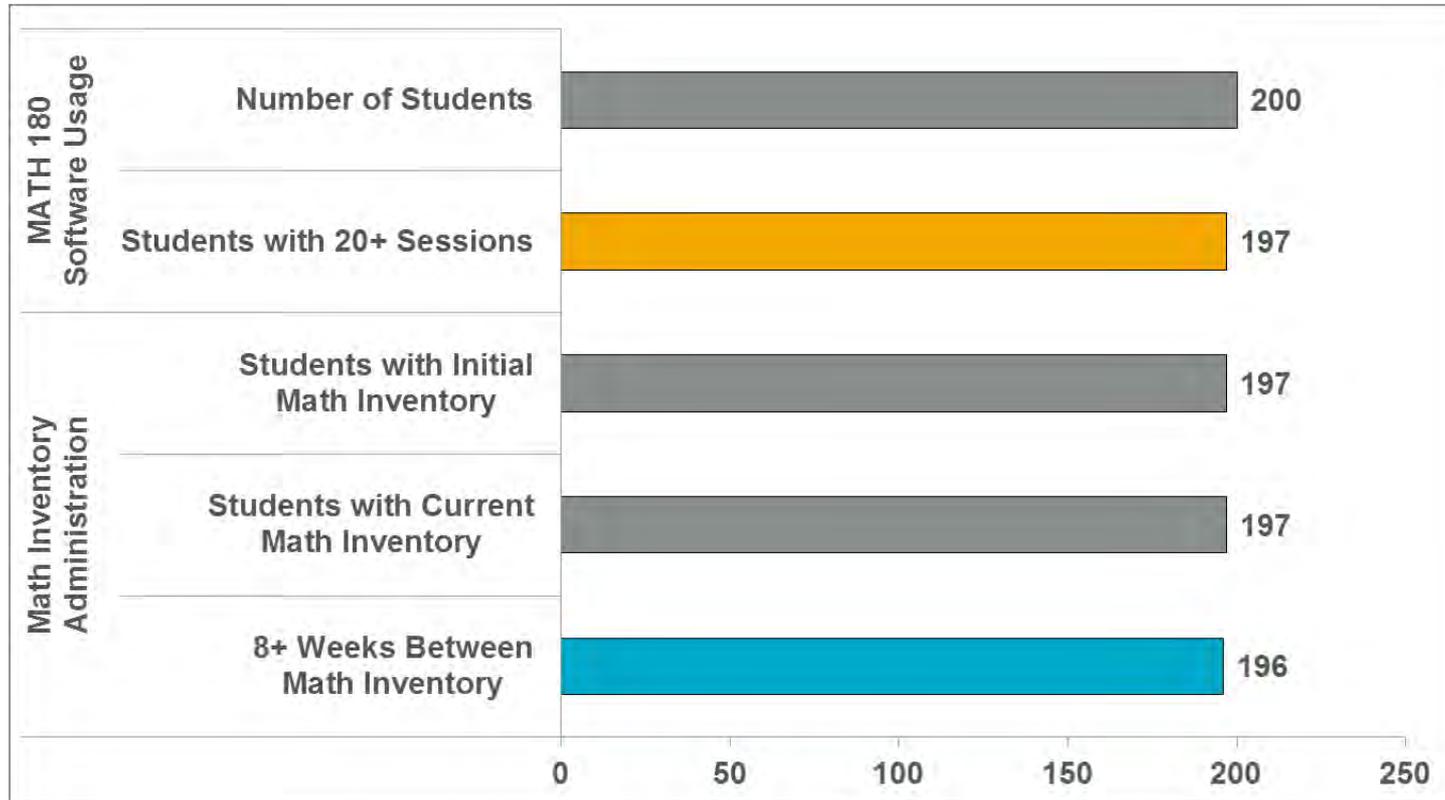

Math 180 gains inclusion criteria result in two subsets of students.

- Software gains analyses are based on students with 20+ software sessions (n = 197).

- Quantile gains analyses are based on students with 20+ software sessions and two *Math Inventory* tests administered 8+ weeks apart (n = 196).

Page 100

Total Students by *MATH 180* Course I Block

MATH 180 Course I Success Zone and mSkills Test Progress as a Measure of Learning

Chart: Total Students by MATH 180 Course I Block. Legend: mSkills (pink), Success Zone (blue). Y-axis: Course I Students (0–160).

Block	mSkills	Success Zone	Category
No Blocks	1	5	
Block 1	137	143	Multiplicative Thinking
Block 2	60	100	Distributive Property
Block 3	27	62	Division
Block 4	85	105	Fraction Concepts
Block 5	82	84	Fraction Relationships
Block 6	60	64	Fraction Mult & Div
Block 7	58	53	Decimals & Place Value
Block 8	49	35	Decimal Operations
Block 9	17	15	Both Sides of Zero

- Reflects 197 students in *MATH 180* Course I with 20+ software sessions in the 2015–2016 school year.

- NOTE: Since students may need to participate in *MATH 180* for two years, both metrics indicate progress on a cumulative basis and may not reflect content completed in the current school year. Above shows students' locations in the scope and sequence of *MATH 180* Course I. Completed Blocks indicate total Blocks students completed by time of export, including any from prior years. An mSkills test is administered by the *MATH 180* educator at the end of direct instruction of a Block's material.

Page 101

- Strongest results are typically achieved when students follow the *MATH 180* Instructional Model daily, and when care is taken to ensure a positive testing environment.

- Recommended daily Brain Arcade time is 10 to 15 minutes; Brain Arcade time under five minutes may indicate that usage only occurs in class.

- Completed Topics indicates students' work completed on software.

- mSkills tests should occur at the end of each Block taught by the *MATH 180* teacher and reflect in-class instruction.

As many states adopt more rigorous standards for content and assessment, HMH has partnered with MetaMetrics to determine what Quantile Measure performance would best prepare students to be college ready in the 21st century. *The Math Inventory* Quantile Measure performance bands above have been implemented as part of SAM and gains reports since Fall 2014.

AP Five-Year School Score Summary (2016)

This report shows five years of data at the school, state and global levels. On the first page, a graph illustrates the year-over-year change in the percentage of AP students with scores of 3 or higher, next to a table that provides the overall total exams, total unique students and both the number and percentage of AP students with one or more scores of 3 or higher. On subsequent pages, the report provides subject-specific summary data by year: total exams, total exams by score and mean score.

✔ Data Updated Jun 26, 2016, Report Run Jul 13, 2016

% of Total AP Students with Scores 3+	61.5	60.9	61.3	60.7	60.2

"Success" on an AP Exam is defined as an exam score of 3 or higher, which represents the score point that research finds predictive of college success and college graduation. These findings have held consistent across the decades. One example of such a study comes from the National Center for Educational Accountability, which found that an AP Exam score, and a score of 3 or higher in particular, is a strong predictor of a student's ability to persist in college and earn a bachelor's degree.

The data in this report differs from other College Board reports, such as *The AP Report to the Nation*, which tracks exams taken by seniors throughout their high school career (cohort-based) and includes public school data only.

Data Sources: Indiana Commission for Higher Education (CHE); Indiana Department of Education (IDOE), National Student Clearinghouse (NSC)

NOTES:

High School Graduates ("Students"): Count of Indiana high school graduates and associated disaggregations are based on the total count of graduates reported on the IDOE-GR report for 2014. Graduate counts are not IDOE cohort graduate counts and thus may not match cohort graduate counts and associated disaggregations reported in other places, such as DOE Compass. SOURCE: IDOE

College Enrollment: Represents students reported as enrolled in postsecondary education, regardless of institution type, within the year following high school graduation (e.g., for 2014 high school graduates, postsecondary enrollment is counted for 2014-15 school year). A student was considered enrolled only if: a) s/he was enrolled as a degree or certificate-seeking undergraduate student and b) s/he was enrolled for the equivalent of at least one semester during the school year. SOURCES: NSC, CHE

Indiana Public College Enrollment: Represents students reported as enrolled in an Indiana public postsecondary institution. SOURCE: CHE

21st Century Scholar Status: Represents students who were eligible for affirmation and affirmed. Students who were enrolled in K-12 as Scholars but did not affirm, or students who affirmed but were not eligible, are not considered 21st Century Scholars for this report. SOURCE: CHE

AP Participation/Passing Exam Status: Represents students who sat for and/or passed (received score of 3 or higher) at least one Advanced Placement exam. SOURCE: IDOE

College Entrance Exam Readiness Benchmark: Represents students who passed/did not pass at least one college readiness benchmark score established by the testing agencies. The SAT benchmarks are 500 for both the Critical Reading and Mathematics sections. The ACT benchmarks are 18, 22, 22, and 23 for the English, Mathematics, Reading, and Science sections, respectively. If no SAT or ACT score was on file for student, s/he was reported as not taking a college entrance exam. Data available for 2012 high school graduate cohort onward. SOURCE: IDOE

Dual Credit Status: Represents students who earned/did not earn credit hours awarded by Indiana public colleges that were recognized by both the high school and the postsecondary institution. Dual credit calculations only include credits awarded by Indiana publics. SOURCE: CHE

Full-time/Part-time Enrollment Status: Full-time enrollment defined as enrolled in 12 or more credits in the semester of entry at an Indiana public college. Part-time enrollment defined as enrolled in fewer than 12 credits in the semester of entry at an Indiana public college. SOURCE: CHE

Remediation Enrollment: Represents Indiana public college students identified as deficient in the general competencies necessary for regular postsecondary curriculum in English/language arts and/or mathematics. Students enrolled in both credit and non-credit remedial coursework are included in remediation totals. SOURCE: CHE

Remediation Success: Represents Indiana public college students who successfully complete the subject(s) in which they were identified as needing remediation. Students who were identified as needing remediation in both English/language arts and math needed to successfully complete both English/language arts and math in order to be counted as earning remedial credit. SOURCE: CHE

Freshman GPA: Represents cumulative grade point average for the latest term of enrollment at an Indiana public college in the year following high school graduation. SOURCE: CHE

Freshman Credit Hours Earned: Represents average number of institutional credits earned during the year following high school graduation at an Indiana public college. SOURCE: CHE

***Not Applicable/Suppressed Data: Data may be missing either because no data were available or fewer than 10 students were in a group and the data had to be suppressed for privacy reasons. In some cases, at least two groups of student data had to be suppressed because of complementary suppression rules

This report reflects the achievement of your graduates on the ACT over time and an indication of the extent to which they are prepared for college-level work. The ACT consists of curriculum-based tests of educational development in English, mathematics, reading, and science designed to measure the skills needed for success in first-year college coursework. Table 1 shows the five-year trend of your ACT-tested graduates. Beginning with the 2013 Graduating Class, all students whose scores are college reportable, both standard and extended time tests, are included in this report.

Table 1: Five Year Trends - Average ACT Scores

Grad Year	Total Tested		English		Mathematics		Reading		Science		Composite	
	District	State	District	State	District	State	District	State	District	State	District	State
2012	39	22,372	20.7	21.7	20.7	22.5	22.4	22.6	21.3	21.9	21.3	22.3
2013	292	26,227	17.4	21.0	17.5	21.9	17.6	22.1	16.8	21.4	17.5	21.7
2014	254	27,226	18.7	21.1	18.9	21.9	19.5	22.3	19.2	21.6	19.2	21.9
2015	273	27,415	18.1	21.5	17.9	22.0	19.3	22.6	18.1	21.8	18.5	22.1
2016	**40**	**27,268**	**21.0**	**21.6**	**20.6**	**22.1**	**22.2**	**22.9**	**22.1**	**22.0**	**21.5**	**22.3**

Figure 1. Percent of ACT-Tested Students Ready for College-Level Coursework

Are Your Students Ready for College?

Through collaborative research with postsecondary institutions nationwide, ACT has established the following as college readiness benchmark scores for designated college courses.

A benchmark score is the minimum score needed on an ACT subject-area test to indicate a 50% chance of obtaining a B or higher or about a 75% chance of obtaining a C or higher in the corresponding credit-bearing college courses.

* English Composition: 18 on ACT English Test
* College Algebra: 22 on ACT Mathematics Test
* Social Science: 22 on ACT Reading Test
* Biology: 23 on ACT Science Test

A High School College Readiness Letter has been sent to the Principal of each high school with at least one ACT-tested graduate.

ACT Research has shown that it is the rigor of coursework - rather than simply the number of core courses - that has the greatest impact on ACT performance and college readiness. Figures 2 and 3 report the value added by increasingly rigorous coursework in mathematics and science respectively.

Figure 2. Average ACT Mathematics Scores by Course Sequence

Chart data (Your District, State):
- Alg 1/2, Geo, Trig, Calc: 21.4, 24.5
- Alg 1/2, Geo, Trig, Other: 19.8, 22.1
- Alg 1/2, Geo, Trig: 20.7, 20.3
- Alg 1/2, Geo: 17.0, 17.5
- Less than 3 years: 19.0, 17.1
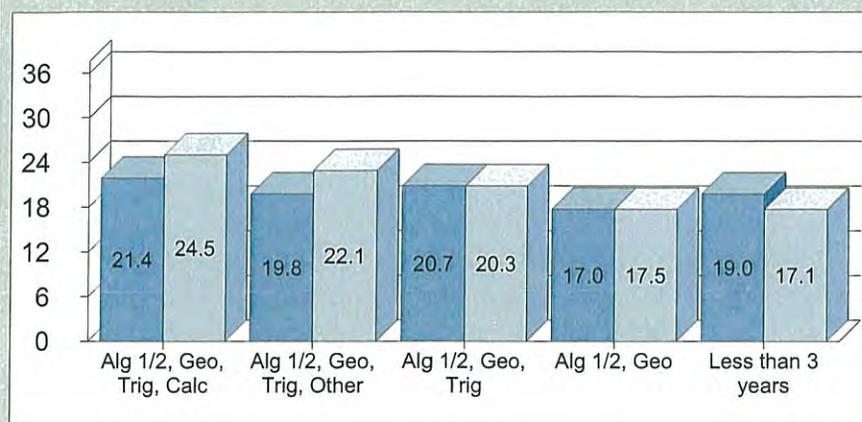

Value Added by Mathematics Courses
Students who take Algebra 1, Algebra 2, and Geometry typically achieve higher ACT Mathematics scores than students who take less than three years of mathematics. In addition, students who take more advanced mathematics courses substantially increase their ACT Mathematics score.

Figure 3. Average ACT Science Scores by Course Sequence

Chart data (Your District, State):
- Gen Sci, Bio, Chem, Phys: 23.8, 22.4
- Bio, Chem, Phys: 23.2, 24.2
- Gen Sci, Bio, Chem: 20.4, 21.0
- Less than 3 years: 23.8, 21.2
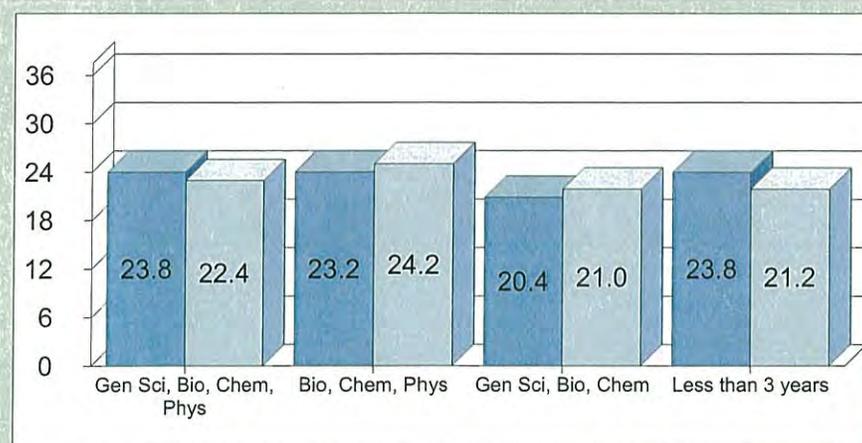

Value Added by Science Courses
Students taking Biology and Chemistry in combination with Physics typically achieve higher ACT Science scores than students taking less than three years of science courses.

In order to ensure that all students are ready for college, an overview of vital action steps is provided.

College Readiness for All: An Action Plan for Schools and Districts

1. **Create a Common Focus.** Establish collaborative partnerships with local and state postsecondary institutions to come to a shared understanding of what students need to know for college readiness. Use ACT's College Readiness Benchmarks as a common language to define readiness.
2. **Establish High Expectations for All.** Create a school culture that identifies and communicates the need for all students to meet or exceed College Readiness Benchmark Scores.
3. **Require a Rigorous Curriculum.** Review and evaluate the rigor and alignment of courses offered and required in your school in English, mathematics, and science to ensure that the foundational skills leading to readiness for college-level work are taught, reaffirmed, and articulated across courses.
4. **Provide Student Counseling.** Engage all students in early college and career awareness, help them to set high aspirations, and ensure that they plan a rigorous high school coursework program.
5. **Measure and Evaluate Progress.** Monitor and measure every student's progress early and often using college readiness assessments like ACT Aspire and the ACT. Make timely interventions with those students who are not making adequate progress in meeting College Readiness Benchmarks.

To learn more about these recommended action steps and ACT programs that will help improve college readiness for your students, contact ACT Customer Service at 319-337-1365 or customerservices@act.org.

SAT® Takers: Critical Reading Mean Scores and Middle 50th Percent Range

Data in this report are for high school graduates in the year 2016. The College Board administered the first redesigned SAT in March 2016. While a majority of the Class of 2016 took only the pre-March 2016 SAT, a small percentage took the new SAT. The report includes senior test-takers in this class who took the SAT prior to March 2016. A small percentage of seniors take their first SAT between March and June of their senior years.
Results from the new SAT can be accessed from the SAT Suite of Assessments integrated score reporting portal. For more information see sat.org/k12-scores.
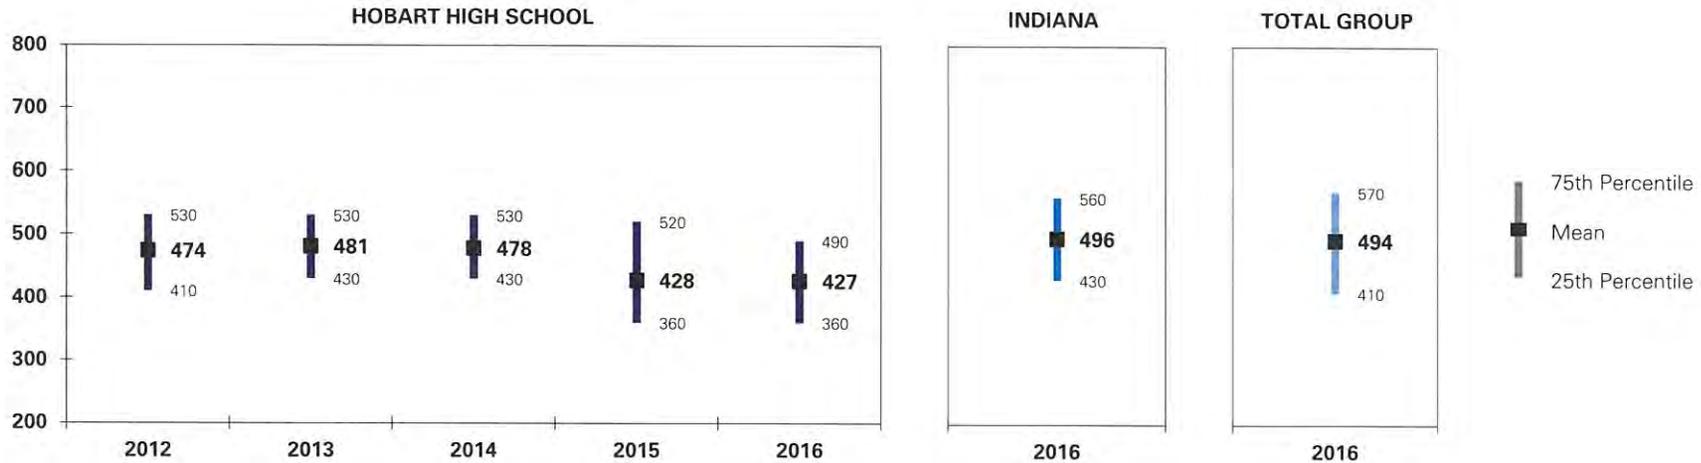

HOBART HIGH SCHOOL

Year	25th Percentile	Mean	75th Percentile
2012	410	474	530
2013	430	481	530
2014	430	478	530
2015	360	428	520
2016	360	427	490

INDIANA

Year	25th Percentile	Mean	75th Percentile
2016	430	496	560

TOTAL GROUP

Year	25th Percentile	Mean	75th Percentile
2016	410	494	570

Legend:
- 75th Percentile
- Mean
- 25th Percentile

'Mean' and 'Middle 50th Percent Range': The mean is the arithmetic average of a set of scores. To calculate the mean, the scores are totaled and the sum is divided by the number of scores. Extreme scores on the high or low end of the distribution may skew the mean in smaller sets of scores. The middle 50th percent range shows the score range between the 25th and 75th percentiles.

Mean Score Five-Year Trend

Legend: HOBART HIGH SCHOOL, INDIANA, TOTAL GROUP

Mean Scores and Point Change by Year

|	2012	2013	2014	2015	2016	Five-Yr Change
HOBART HIGH SCHOOL	474	481	478	428	427	-47
Change:		+7	-3	-50	-1	
INDIANA	493	493	497	496	496	+3
Change:		0	+4	-1	0	
TOTAL GROUP	496	496	497	495	494	-2
Change:		0	+1	-2	-1	

'Mean Scores' and 'Point Change by Year': The change below each year reflects the point difference between the mean score of that year as compared to the mean score of the previous year. The 'Five-Year Change' in mean score reflects the point difference between the mean score in 2016 as compared to the mean score in 2012.

"Mean" and "Middle 50th Percent Range": The mean is the arithmetic average of a set of scores. To calculate the mean, the scores are totaled and the sum is divided by the number of scores. Extreme scores on the high or low end of the distribution may skew the mean in smaller sets of scores. The middle 50 percent range shows the score range between the 25th and 75th percentiles.

50	2%	1%	3%	1%

Writing

Mean Change of at Least	Schools with 50–99 Test-Takers	Schools with 100–299 Test-Takers	Schools with 300+ Test-Takers	All Schools with 50+ Test-Takers
10	59%	45%	37%	49%
20	28%	14%	12%	19%
30	10%	4%	6%	7%
40	4%	1%	3%	2%
50	2%	0%	1%	1%

How to Use This Graph

> Use this graph when comparing the mean scores of similar groups across different years or within a given year.

> First, determine the average size of the two groups for which you are comparing scores, then locate that point on the horizontal axis.

> Next, locate the point on the vertical axis corresponding to the difference in the mean scores of the groups being compared.

> Locate the point where the two values intersect. Score differences that lie in the area to the left and beneath the curve are most likely to be due to chance; i.e., the chance of the two mean scores being different is 5 percent or less. Those that lie in the area to the right and above the curve are considered statistically significant.

Points to Note

> More than half of all high schools experience mean score changes of at least 10 points up or down from one year to the next.

> Broken down by school size, mean changes are most likely at low-volume schools and least likely at high-volume schools.

> Mean scores are reported where there are five or more test-takers. Percentiles (75th, 50th and 25th) are reported when there are 20 or more test-takers.

SAT Subject Tests™ Data

Demographic and Academic Information

College Plans

DATA EMBARGO IN EFFECT. This report contains information on college-bound students in the class of 2016 who took the pre-March 2016 SAT or SAT Subject Tests at any time during high school. *Data and other information in this report are embargoed from dissemination to the media and general public until after the College Board makes state and total group-level data and information publically available. The embargo will be lifted no later than September 30, 2016.* Prior to that time, you may use the data and other information in this report for internal purposes. The College Board will post updated information in the coming weeks about the embargo at https://collegeboard.org/press; if you have questions, please contact the College Board communications department at communications@collegeboard.org.

The SAT® Program

The SAT® assesses student reasoning based on knowledge and skills developed by the students in their course work. The SAT Subject Tests™ (formerly known as SAT II: Subject Tests) are a series of one-hour, mostly multiple-choice tests that measure how much students know about a particular academic subject and how well they can apply that knowledge. Most students also complete the optional SAT Questionnaire (formerly known as the Student Descriptive Questionnaire) when they register to take SAT Program tests, providing valuable contextual information to aid in interpreting and understanding individual and group scores. *College-Bound Seniors 2016* includes students who tested through January 2016. The College Board administered the first redesigned SAT in March 2016. While a majority of the Class of 2016 took only the pre-March 2016 SAT, a small percentage took the new SAT. The report includes senior test-takers in this class who took the SAT prior to March 2016. To help schools with the transition to the new SAT, we have included an addendum on results from the March - June 2016 administrations.

Using This Report

College-Bound Seniors presents data on high school graduates in the year 2016 who participated in the SAT Program. Students are counted only once, no matter how often they tested, and only their latest scores and most recent SAT Questionnaire responses are summarized. Because the accuracy of self-reported information has been documented and the college-bound population is relatively stable from year to year, SAT Questionnaire responses from these students can be considered highly accurate. Therefore, you can use this report to:

- Interpret scores of individual students within the broader context of data aggregated across groups of college-bound seniors.

- Study changes over time in the characteristics of students taking SAT tests.

- Look at year-to-year educational and demographic changes in this population, along with changes in test performance.

Keep in mind, however, that:

- Relationships between test scores and other factors such as educational background, gender, racial/ethnic background, parental education, and household income are complex and interdependent.These factors do not directly affect test performance; rather, they are associated with educational experiences both on tests such as the SAT and in schoolwork.

- Not all students in a high school, school district or state take the SAT. Since the population of test-takers is self-selected, using aggregate SAT scores to compare or evaluate teachers, schools, districts, states or other educational units is not valid, and the College Board strongly discourages such uses.

- Interpreting SAT scores for subgroups requires unique considerations. The most significant factor to consider in interpreting SAT scores for any group, or subgroup, of test-takers is the proportion of students taking the test. For example, if state data are being

considered, it is appropriate to recognize that in some states there are lower participation rates. Typically, test-takers in these states have strong academic backgrounds and apply to the nation's most selective colleges and scholarship programs. For these states, it is expected that the SAT mean scores reported for students will be higher than the national average.

Statistical Definitions

The following terms are used throughout this report. For more statistical information, visit the College Board website at www.collegeboard.org.

Mean
The *mean* is the arithmetic average.

Percentile
The *percentile*, also called the *percentile point*, is the point on the measurement scale below which a specified percentage of scores falls. The 25th, 50th and 75th percentile points are often reported for large data sets. The 50th percentile point is also called the *median* and, like the mean, is an average and a good indicator of the center of the distribution of scores. Comparing the 25th and 75th percentile points gives an idea of the range of scores in the populations reported in this document. Like the standard deviation, the difference between the scores associated with the 75th and 25th percentiles is an indication of the variability of the scores in a particular sample.

Scaled score
A *scaled score* is a score that has been converted from the raw score (number of questions answered correctly minus a fraction of the incorrect answers) for reporting. The SAT Program uses a 200- to 800-point scale.

Standard deviation (SD)
The *standard deviation* (SD) is a measure of the variability of a set of scores. If test scores cluster tightly around the mean score, as they do when the group tested is relatively homogeneous, the standard deviation is smaller than it would be with a more diverse group and a greater scatter of scores around the mean.

About the College Board

The College Board is a mission-driven not-for-profit organization that connects students to college success and opportunity. Founded in 1900, the College Board was created to expand access to higher education. Today, the membership association is made up of over 6,000 of the world's leading educational institutions and is dedicated to promoting excellence and equity in education. Each year, the College Board helps more than seven million students prepare for a successful transition to college through programs and services in college readiness and college success — including the SAT® and the Advanced Placement Program® (AP®). The organization also serves the education community through research and advocacy on behalf of students, educators and schools. For further information, visit www.collegeboard.org.

Table of Contents

SAT® Data

Data in this report are for high school graduates in the year 2016. Information is summarized for seniors who took the SAT at any time during their high school years through January 2016. If a student took the pre-March 2016 SAT more than once, the most recent score is used. A small percentage of seniors take their first SAT between March and June of their senior years.

Table 1: Overall Mean Scores

SAT	Test-Takers	Critical Reading		Mathematics		Writing		Writing Subscores			
								Multiple Choice		Essay

Table 3: Year in Which Seniors Last Took the SAT

Scores are from the last administration in which seniors took the pre-March 2016 SAT.

SAT	Test-Takers	Critical Reading		Mathematics		Writing		Writing Subscores			
								Multiple Choice		Essay	
	Number	Mean	SD	Mean	SD	Mean	SD	Mean	SD	Mean	SD
Senior (2015-2016)	317	432	106	429	100	427	102	42.7	10.3	6.5	1.8
Junior (2014-2015)	33	382	91	355	84	376	88	38.0	9.0	5.7	1.6
Sophomore (2013-2014)	0										
Freshman (2012-2013)	0										
Total	350	427	106	422	101	422	102	42.3	10.2	6.4	1.8

Table 4: Mean Scores for State and Total Group

Mean scores for the state and total group may serve as points of reference when evaluating mean scores for the high school.

SAT	Test-Takers	Critical Reading		Mathematics		Writing		Writing Subscores			
								Multiple Choice		Essay	
	Number	Mean	SD	Mean	SD	Mean	SD	Mean	SD	Mean	SD
Indiana	44,333	496	100	499	104	477	96	48.3	9.9	6.8	1.4
Total Group	1,637,589	494	117	508	121	482	115	48.4	11.7	6.9	1.7

Note: Mean scores are reported when there are five or more test-takers. Standard deviations are reported when there are 25 or more test-takers.

SAT Data

Table 5: Percentiles for High School, State, and Total Group

A percentile represents the point below which a percentage of scores fall. Comparing the 25th percentile point to the 75th percentile point gives an idea of the range of performance in a group.

SAT	High School			State			Total Group		
Percentile	Critical Reading	Mathematics	Writing	Critical Reading	Mathematics	Writing	Critical Reading	Mathematics	Writing
75th	490	490	490	560	570	540	570	590	560
50th	440	420	420	490	500	470	490	500	480
25th	360	360	360	430	430	410	410	420	400

Table 6: Score Distributions

Table 25: Institutions That Received the Most SAT Program Score Reports from Your Students

Of the 350 students from your school who took the SAT and/or an SAT Subject Test, 261 designated that their score reports be sent to institutions. Students may designate more than one institution to receive scores. This list includes only the 45 institutions that received the most score reports. A total of 171 institutions received score reports from your students.

Institution	State	Type	Number of Students	Percent of Score Senders*

COLLEGE AND CAREER READINESS

TRENDS AND PATTERNS

1. Core 40 participation has been at or above the state average the past 3 years and is trending up.
2. After trending up for four years, AP participation fell off in 2015, but rebounded this year.
3. Students are participating in ACT testing to help identify college and career readiness.
4. Honors diplomas granted each year continues at below the average, but fell off this year.
5. AP participation continues at around 50% of the Indiana average.
6. HHS mean SAT scores are trending lower or steady.
7. Overall GPA of SAT test takers is trending downward, while the state average is trending up.
8. With wider participation, AP test scores are trending down.

STRENGTHS

1. AP participation in 2016 has improved by 5% since 2015.
2. Core 40 participation increased by 4% over 2015.
3. AP participation remains high in Chemistry, English and Psychology although each experienced slight dips this year.
4. ACT score in both English and Mathematics are increasing and approaching the state average.
5. Act scores are above the state average in reading, biology and English comp.
6. 43% of 8th graders me the PSAT benchmarks approaching the state average of 47%.
7. 45% of 10th graders met the PSAT benchmarks approaching the state average of 49%.
8. 19% of all grades met the old SAT benchmarks, exceeding the state average.

CHALLENGES

1. The number of Honors Diplomas remains well below the state average during the last year, although they are well above the 2011-12 numbers.
2. SAT score averages have been below the state average.
3. AP participation in Biology and Calculus dropped nearly 50% since 2013.
4. AP participation in European History is less than 80% of 2015.
5. AP participation in US Gov't and US History have dropped.
6. ACT scores in College Algebra are less than the state average at 18%.
7. ACT score in all four areas are less than the state average at 15%
8. Only 30% of 9th graders met both PSAT benchmarks when the state average was 51%.
9. The mid range score of the middle 50% on SAT held steady in the 427 range, but the state average was 496.

GALLUP STUDENT POLL
ENGAGED TODAY - READY FOR TOMORROW
RIDGE VIEW ELEMENTARY SCHOOL

FALL 2015 SCORECARD

INTRODUCTION

The Gallup Student Poll is a 24-question survey that measures the engagement, hope, entrepreneurial aspiration and career/financial literacy of students in grades 5-12. The Gallup Student Poll includes non-cognitive metrics with links to student success. This scorecard reflects U.S. overall data comparison results from surveys completed in U.S. public schools.

Engagement: The involvement in and enthusiasm for school.

Hope: The ideas and energy students have for the future.

Entrepreneurial Aspiration: The talent and energy for building businesses that survive, thrive and employ others.

Career/Financial Literacy: The information, attitudes and behaviors that students need to practice for healthy participation in the economy.

- No Data Available

APPENDIX

SHARING GALLUP STUDENT POLL RESULTS

Gallup encourages schools and districts to share their Gallup Student Poll results with your local community and key stakeholders. Below are some guidelines for the public release of school, district, and the overall convenience sample data and results.

- You may share the Gallup Student Poll participation results for your school and/or district. The total number of respondents for your school or district is represented by the n sizes on the scorecard. Your school or district participation rate is based upon the total number of eligible students in your school. Students in grades 5 through 12 are eligible to participate in the Gallup Student Poll.

- Please include the Gallup Student Poll Methodology and Limitations of Polling. If most eligible students in grades five through twelve were polled, the district (or school) may indicate that the data represent a census.

- Please do not compare your school or district's data to the overall line of data on your scorecard when publicly sharing results. Since the overall data found in your school or district report is an aggregate of a convenience sample of all schools and districts that opted to participate in the Gallup Student Poll within that survey year, the data are not representative of the U.S. population of students in grades 5 through 12 and are thereby not fit for data comparisons.

- You may share district or school plans to utilize the data to inform strategies and focus.

- If you would like more information on how to publicly share Gallup Student Poll data, please email Gallup at: educationhelp@gallup.com.

GALLUP STUDENT POLL METHODOLOGY AND LIMITATIONS OF POLLING

The annual Gallup Student Poll is offered at no cost for U.S. schools and districts in the United States. The online poll is completed by a convenience sample of schools and districts each fall. Schools participating in the annual Gallup Student Poll are not randomly selected and are neither charged nor given any incentives beyond receipt of school-specific data. Participation rates vary by school. The poll is conducted during a designated survey period and available during school hours Monday through Friday only. The Gallup Student Poll is administered to students in grades 5 through 12. The primary application of the Gallup Student Poll is as a measure of non-cognitive metrics with links to student success in academic and other youth development settings.

The overall data from the annual administration of the Gallup Student Poll may not reflect responses from a nationally representative sample of students, and the overall data are not statistically weighted to reflect the U.S. student population; thereby, overall data and scorecards should be used cautiously by local schools and districts as a data comparison. School and district data and scorecards provide meaningful data for local comparisons and may inform strategic initiatives and programming, though the results are not generalizable beyond the universe of the participating school or district.

THE INDIANA PREVENTION RESOURCE CENTER
2015 MAIN FINDINGS

INDIANA YOUTH SURVEY

(Formerly known as Alcohol, Tobacco and Other Drug
Use by Indiana Children and Adolescents)

School City of Hobart
- 6th Grade Students -

Survey Conducted January through April 2015
Report Dated August 2015

INDIANA YOUTH SURVEY

Thank you for participating in the 2015 Indiana Youth Survey! Your participation allows us to collect valid data about children and adolescents across the state of Indiana. We can then present this data to state officials so they can better understand the students in Indiana as well as identify and address any issues related to substance use and mental health.

We also hope that your INYS report results will be of value to your school/corporation. We believe these results can help you better understand your student body, inform school policies, select prevention programs or curricula, collaborate with community prevention efforts, and provide necessary data for grant and funding applications.

If you have any questions about your report, please contact the INYS Coordinators at 1-800-346-3077 or at INYS@indiana.edu.

Thank you!

Note: A single copy of this report was prepared for the designated local survey coordinator. The local data contained herein are the property of the local survey sponsor. They will not be released to anyone else by the Indiana Prevention Resource Center (IPRC). The local survey sponsor may determine whether or not to release these data to anyone else. If released, a reference to the source would be appreciated. Statewide data are the property of the IPRC and the Trustees of Indiana University, and they are copyrighted. Permission is granted to distribute the statewide results with the copyright notice.

Table of Contents

Selection Criteria

The table below describes the number of surveys collected from participating students in your school/corporation. There is a protocol for checking errors to eliminate unreliable responses. A survey meeting any one of the following exclusion criteria was not included in the data analysis:

- Majority of the survey questions were left unanswered
- Student indicated they did not answer survey truthfully
- Student indicated use of fictitious drug
- No gender information provided
- No grade information provided
- Implausible combination of age and age of first time use of substances
- Inconsistent responses
- Pharmacologically implausible responses

Only valid surveys (**Usable surveys**) were included in the final analyses.

Q5 Age	11 years	107	38.2
	12 years	158	56.4
	13 years or older	15	5.4

Prevalence Rates for Alcohol, Tobacco and Other Drug Use

Monthly prevalence rate is defined as the percentage of students who reported using a particular substance at least once within the past 30 days. The following table shows the monthly prevalence rates among your school corporation's students who participated in the survey. Binge drinking is defined as 5 or more alcoholic drinks in a row in the past 2 weeks.

If your school corporation has participated in the survey more than once in the past ten years, trend data are provided so that you can monitor changes in prevalence rates between years. Please note that the cleaning protocol used by the IPRC to determine valid surveys was changed in 2015. These changes were made to better align the methodology with that used by national surveys. These changes may have a noticeable effect on the reported rates, especially for alcohol use, binge drinking, and marijuana use. Therefore, caution should be used when comparing the 2015 data with earlier years.

Past Month Use of Alcohol, Tobacco, and Other Drugs
School City of Hobart Students. 2015
(Percentages)

| | 6th Grade | | | | |
| | Local | | | | State |

Notes: --Data not available.
    Local data represent entire school corporation for this and previous years, when available.
    State data from the Indiana Youth Survey, IPRC, 2015.

Mean Age of First Time Use of Alcohol, Tobacco and Other Drugs

Research has shown that the younger a person is when she or he begins using alcohol, the more likely the person is to experience alcohol dependence and abuse.[1,2] Compared to persons who began drinking at age 21 or older, those who began drinking before age 14 were more likely to experience alcohol dependence later in life.[3] The table below shows the average age of first use among students who reported using a particular substance at least once during their lifetime.

Mean Age of First Time Alcohol, Tobacco, and Other Drug Use
School City of Hobart Students, 2015
(Valid cases only: Mean age)

At what age did you first use...?	Grade
	6th
Q9 Cigarettes	11.00
Q9 Alcohol	10.50
Q9 Marijuana	12.00
Q9 Inhalants	.
Q9 Prescription drugs	10.71
Q9 Other illegal drugs	.

2 Warner, L. A., & White, H. R. (2003). Longitudinal effects of age at onset and first drinking situations on problem drinking. *Substance Use & Misuse, 38(14),* 1983-2016.

3 Hingson, R. W., Heeren, T., & Winter, M. R. (2006). Age at drinking onset and alcohol dependence: Age at onset, duration, and severity. *Archives of Pediatrics & Adolescent Medicine, 160(7),* 739-746.

Communities that Care (CTC) Risk and Protective Factors

Risk factors are conditions that increase the chances that children will become involved in problem behaviors in adolescence and young adulthood.[1] Measures included in the *Indiana Youth Survey* from the Communities That Care (CTC) System can predict alcohol and other drugs use, as well as delinquency, dropping out of school, teen pregnancy and violence. Students with elevated risk factor scores have a higher likelihood of substance use and problem behaviors compared to those with low risk factor scores.

CTC is based on the Social Development Strategy which focuses primarily on the strengthening of protective factors**. Protective factors** are conditions that have a positive influence and "protect" or "buffer" against the negative influences associated with risk factors. Though closely related, protective factors are not the opposite of risk factors but rather reduce the effects of existing risk factors.

The Indiana Prevention Resource Center uses a cut-point method to identify elevated risk factors and depressed protective factors on the *Indiana Youth Survey* for students in grades 6, 8, 10 and 12.[2] Survey respondents were divided into two categories – low risk and high risk for risk factors, and low protection and high protection for protective factors– based upon national data. Students from around the country were asked the same questions.

For example, youth were asked: "How much do you think people risk harming themselves if they try marijuana once or twice?"

All of the responses from the national survey were scored with a numerical value and put in order from lowest to highest, and the middlemost score was identified. This score is the median and it divided all responses into two halves (50% of responses are at/below the median and 50% are above the median). The median was used to determine the cut point for low and high groups. In this example, any youth that indicated a 2 or higher is considered to be at high risk.

<div align="center">

1   1   1   1   1   1   1   2   2   2   2   2   3   3   4   4   4   4   4

50%   Low Risk   **MEDIAN**   50%   High Risk

</div>

In simple terms, if 50% of the students in Indiana are at high risk and 50% are at low risk on a particular risk factor, then the Indiana students are similar to the nationwide data. **Problem areas are considered to be any risk factors with 50% or more of students showing high risk or any protective factors with 50% or more of students showing low protection.** The following

table shows the percentage of students at low or high risk for six different risk factors, while the second table shows the percentage of students at low or high protection for six protective factors. Please take note of **bold numbers over 50.0**.

Percentage of students with CTC risk factor scores at/below (low risk) or above (high risk) the national standard
School City of Hobart Students, 2015

		Grade
		6th
Risk score - Poor family management	Low risk	74.5
	High risk	**25.5**
Risk score - High family conflict	Low risk	56.3
	High risk	**43.7**
Risk score - Parental attitudes favor drug use	Low risk	86.2
	High risk	**13.8**
Risk score - School academic failure	Low risk	70.0
	High risk	**30.0**
Risk score - Peer-individual perceived risk of drug use	Low risk	40.2
	High risk	**59.8**

Note: The national standards (cut-off points) are provided by the Social Development Research Group at the University of Washington.

Percentage of students with CTC protective factor scores at/below (low protection) or above (high protection) the national standard
School City of Hobart Students, 2015

		Grade
		6th
Protective score - Community rewards for involvement	**Low protection**	**60.3**
	High protection	39.7
Protective score - Family opportunities for involvement	**Low protection**	**36.3**
	High protection	63.7
Protective score - Family rewards for involvement	**Low protection**	**43.9**
	High protection	56.1
Protective score - School opportunity for involvement	**Low protection**	**31.7**
	High protection	68.3
Protective score - School rewards for prosocial involvement	**Low protection**	**41.7**
	High protection	58.3
Protective score - Peer-individual interaction with prosocial peers	**Low protection**	**52.9**
	High protection	47.1

Note: The national standards (cut-off points) are provided by the Social Development Research Group at the University of Washington.

Identification of elevated risk and low protection is important in addressing several problem behaviors among youth. Implementation of evidence-based curricula and environmental strategies is the best way to address these issues. Visit www.findyouthinfo.gov for more information.

Mental Health

Prior research has demonstrated robust relationships between adolescent depression, suicidal behavior and substance abuse.[1,2,3] As a result, the Sate is trying to better understand the prevalence of mental health concerns among Indiana's youth. Mental health was measured for the past year (12 months) with survey items that asked about "feeling so sad or hopeless almost every day for two weeks or more in a row that you stopped doing some usual activities," "seriously consider attempting suicide," and "making a plan about how you would attempt suicide." Since the survey is anonymous, individual students and their mental health problems cannot be identified. Thus, it is advised that referral resources be a part of your school's student assistance policy.

Mental Health in the Past Twelve Months
School City of Hobart Students, 2015
(Values are percentages, valid cases only)

During the past 12 months, did you...?		Grade

Frequency Tables

The responses to all survey questions are presented in this section, in three segments. The tables are first presented by grade level, followed by tables including only male student responses, and lastly tables including only female student responses. The responses to the individual items that make up each of the CTC risk and protective factors are provided. The frequency tables are presented in the following order in each of the segments:

- Personal and Family Information
- Past Month Use of Alcohol, Tobacco, and Other Drugs
- Age Distribution of First Time Alcohol, Tobacco, and Other Drug Use
- Perceived Risks of Drug Use
- Perceived Peer Approval of Drug Use
- Parental Attitudes Favorable Toward Drug Use
- Parental Attitudes Favorable Toward Antisocial Behavior
- Mental Health in the Past Twelve Months
- Poor Family Management
- Family Conflict
- School Opportunities for Prosocial Involvement
- School Rewards for Prosocial Involvement
- Academic Failure
- Family Opportunities for Prosocial Involvement
- Family Rewards for Prosocial Involvement
- Community Rewards for Prosocial Involvement
- Interaction with Prosocial Peers

Ridge View's Citizenship :

Strengths:
*Student Engagement at RV
*Students have hope at RV
*Students involved in at least one activity at RV (86%)
*Many service hours at RV

Challenges:
*Only 74% (5th graders) of students say they feel like adults care about them at RV.
*Only 70% (5th graders) of students felt they could problem solve situations
*We want to decrease the number of suspensions
*We want to implement the message of Rachel's Challenge on a grander scale and it will be called our Brickie Challenge

Trends and Patterns:
*Last 3 years, our attendance rate was 95%
*RV was consistent with the state average's attendance
*Number of suspensions at RV has increased each year

Ridge View Elementary School

Action Plan

STANDARD 1

Purpose and Direction
Action Plan

Standard 1: Purpose and Direction

Improvement Goal: The district and Ridge View Elementary have an established vision and mission for providing high expectations of learning for students.

Objective(s) for Student Learning:

Vision for Student Learning:
The School City of Hobart Community will foster intellectual curiosity, natural abilities, critical thinking, and literacy in students while developing respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

District Mission:
The primary mission of the School City of Hobart and the Board of School Trustees is to continually provide effective community schools.

A. Our Schools Equip Children for Adulthood

Effective Community Schools adequately equip young people for adulthood in the 21st century. Our students must be prepared both for employment and for day-to-day living in a complicated and rapidly changing world. This necessitates that our schools provide students with the intellectual tools necessary for life-long learning. Among these tools must be: skills to facilitate participation in a democracy, communication skills, critical thinking, and other flexible learning skills as well as the ability to work both individually and in a team situation. It is expected that these skills be developed through all curricular areas.

B. Our Schools Address the Needs of Individual Students

Effective Community Schools address the needs of individual students and focus on individual development. Students bring to the schools a great diversity of interest, aptitudes, motivations and learning styles. Our schools must be able to address this diversity by identifying individual needs, responding with appropriate teaching strategies, flexibly meeting these needs and recognizing each individual student's ability to contribute to the school community.

C. Our Schools Are Community Schools

Effective Community Schools are necessary to a healthy community. Our schools must always recognize their affirmative duty to the entire community, including families, government, business and industry, other institutions, civic groups and individual citizens. Our schools must draw from the strengths of this community to identify and accomplish their goals.

D. Our Schools Are Committed to Success

Effective Community Schools fully utilize the resources of the entire school community (administration, teachers, support personnel, families and students) in all aspects of school life. Our schools cannot succeed without the committed involvement of all.

Ridge View Elementary Mission:
Ridge View's mission is to foster significant and measurable academic progress in every student by encouraging creativity while following the Indiana State Standards (Common Core State Standards) in an atmosphere that nurtures the development of confident, responsible citizens who are prepared to be uniquely successful in a changing world.

Ridge View Motto: Together, we build responsible citizens for the community, America, and the world.

Standard 1: Purpose and Direction

Target Participants:
School City of Hobart Stakeholders:
Students
Parents/Guardians
Faculty
Staff
Community Members
Civic Organizations
Business Community

Strategies:
The district and Ridge View Elementary School engage in continuous school improvement
planning.

The district and Ridge View Elementary have an AdvancED Leadership Team.

The district and Ridge View Elementary solicit feedback from stakeholders.

The district and Ridge View Elementary will communicate the vision and mission to stakeholders.

The district and Ridge View Elementary will identify goals in the Strategic Plan.

The district will meet bi-annually with schools and service departments to review implementation of the school improvement
process.

The district and Ridge View Elementary communicate student performance and school
effectiveness with stakeholders.

The district's plan and results are documented and reviewed by AdvancED for accreditation through an external review team.

Evaluation:
AdvancED Stakeholder Opinion Surveys
AdvancED District Leadership Team Focus Groups
Eighth Grade Exit Surveys
High School Exit Surveys

Timeframe for Implementation:
2012 - 2016

Target Area of Improvement: - Standard 1: Purpose and Direction

STANDARD 2

Governance and Leadership
Action Plan

Governance and Leadership Action Plan #2

Improvement Goal: The district and Ridge View Elementary have governance and leadership that promotes student performance and school effectiveness.

Objective(s) for Student Learning:

Vision for Student Learning

The School City of Hobart Community will foster intellectual curiosity, natural abilities, critical thinking, and literacy in students while developing respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

Mission

The primary mission of the School City of Hobart and the Board of School Trustees is to continually provide effective community schools.

A. Our Schools Equip Children for Adulthood

B. Our Schools Address the Needs of Individual Students

C. Our Schools Are Community Schools

D. Our Schools Are Committed to Success

Teaching and Learning Goals

1. All students will increase academic achievement with a specific focus on language arts and mathematics across the curriculum.

2. All students will read and comprehend a variety of literary genres (types) and informational text.

3. All students will use mathematical skills to think critically and apply knowledge and reason to solve problems.

4. All students will demonstrate the skills and knowledge necessary for managing the dual role of family member and wage earner by gaining employment in a high-skill career or by continuing education at the post-secondary level.

5. All students will develop an understanding and commitment to the ideals of human dignity, justice and equality by focusing on productive citizenship in a democratic society.

Ridge View Elementary Mission:

Ridge View's mission is to foster significant and measurable academic progress in every student by encouraging creativity while following the Indiana State Standards (Common Core State Standards) in an atmosphere that nurtures the development of confident, responsible citizens who are prepared to be uniquely successful in a changing world.

Ridge View Motto: Together, we build responsible citizens for the community, America, and the world.

Governance and Leadership Action Plan #2

Target Participants:
School City of Hobart Stakeholders:
Students
Parents/Guardians
Faculty
Staff
Community Members
Civic Organizations
Business Community

Strategies:
The School City of Hobart's Board of Trustees establishes policies to ensure effective administration of the schools.
The School City of Hobart's Board of Trustees will actively govern and provide resources to support the efforts of the superintendent, district staff, and families to ensure continuous student achievement for all students.
The Board will build and maintain collaborative relationships between the Board and the superintendent, all employment groups, the AdvancED leadership team, as well as stakeholders in the community.
The Board's policy will be executed through Administrative Guidelines.
The district and Ridge View Elementary solicit feedback from stakeholders.
The district and Ridge View Elementary maintain an evaluation system for certified staff that provides opportunities for continuous professional development.
The district and Ridge View Elementary, in accordance with Board Policy, evaluates every employee.

Teaching and Assessing for Learning Action Plan

3a. Curriculum

3b. Language Arts

3c. Problem Solving

3d. Careers

3e. Citizenship

Teaching and Learning Action Plan #1: Curriculum

Improvement Goal:
All students will increase academic achievement with a specific focus on language arts and problem solving across the curriculum.

Expectation(s) for Student Learning:
All students will receive a curriculum that is challenging and rigorous.

Target Participants:
All students at Ridge View Elementary

Interventions:
Curriculum, Instructional, and Assessment:
The school-wide language of instruction is used regularly by faculty in their professional learning communities.
All students will receive a curriculum based on defined expectations for student learning from the Indiana Academic Standards (IAS).
All students will increase skills identified in the Indiana Academic Standards as a result of regular data analysis to inform instruction and curricular needs as identified from professional learning communities.

Student Support:
Students will participate in project/problem based learning including STEM and STEAM.
Students will participate in Response to Instruction (RTI) Tiers based on achievement and behavior levels.
Student will participate in enriched and high ability courses based on achievement levels.
Students who qualify for additional services will be provided extra instructional support.

Staff:
All students will increase academic skills as a result of teacher participation in professional learning communities.

Evaluation:
Curriculum Maps
Units of Study

School City of Hobart Balanced Assessment System Framework:
Student Self-Study- scales, effort, and college and career readiness
Classroom Assessments- running records, rubrics, checklists, quizzes, unit tests, assessments
Common Formative Assessments (CFAs)- Grade Level CFAs, Compass Learning Odyssey, Rubrics, Checklists, Leveled Literacy Intervention (LLI), Formal Scales
Benchmark Assessments- Lexile (SRI), PIVOT, writing assessment, spelling inventory, quarterly standards based assessments, SPI
External Summative Assessments- ISTEP+, IREAD3, ISTAR, WIDA

Timeframe for Implementation:
2012 – 2017

ACTIONS	SCHEDULE	RESPONSIBILITIES	MONITORING	RESOURCES
Intervention: Marzano's *The Art and Science of Teaching Framework* 1. The school-wide language of instruction is used regularly by faculty in their professional learning and model communities. A. The school-wide language of instruction is used regularly in faculty and department meetings and shared in Professional Learning Communities by chairs and coordinators. B. Professional development opportunities are provided for all teachers regarding the school-wide model of instruction. C. Domain 1 strategies are implemented from The Art and Science of Teaching Framework. – Teachers will select elements to grow in addition to Marzano's top 10.	2012-2017	-Lead: Central Office Administrators -Principals -1-5 Teachers	-Central Office Administrators - Principals -1-5 Teachers -Faculty and Department Meetings -iObservation -Professional Learning Communities	-*The Art and Science of Teaching* by Robert Marzano -iObservation -*Classroom Instruction That Works* by Marzano, Pickering, Pollock -*Designing and Teaching Learning Goals and Objectives: Classroom Strategies that Work* by Marzano -*Balanced Assessment* by Burke -*Common Formative Assessments* by Bailey and Jakicic -*Effective Supervision: Supporting The Art and Science of Teaching* by Marzano, Frontier, Livingston -Late Start Wednesdays Professional Development -Professional

Ridge View Elementary School
Teaching and Learning Action Plan #2: Language Arts

Improvement Goal:
All students will read and comprehend a variety of genres (types) and informational text, as well as communicate ideas throug h writing.

Expectation(s) for Student Learning:
• All students will comprehend written text.
• All students will read with fluency.
• All students will communicate ideas through writing.
• All students will use technology research tools to locate, evaluate, and collect information in order to process data and report results.
• All students will use a variety of media and formats to collaborate, publish, and communicate information and ideas effective ly to multiple audiences.

Target Participants:
All students at Ridge View Elementary
Subgroups:
Students who are achieving below proficiency level.
Students who are achieving above proficiency level.

Interventions:

Curriculum, Instructional, and Assessment:

All students will increase skills in reading and writing through monitoring progress on Indiana Academic Standards.

All students will increase reading and writing skills as a result of participating in balanced literacy.

All students will participate in 90 minute Core Reading Program at the elementary level.

All students will increase fluency and comprehension by using reading skills/strategies with a variety of texts **across the curriculum**.

All students will increase communication skills by writing **across the curriculum**.

All students will increase reading and writing skills by using technology tools **across the curriculum**.

Student Support:

Students will participate in Response to Instruction (RTI) Tiers based on achievement and behavior levels.

Students will participate in enriched and high ability courses based on achievement levels.

All students will increase reading and writing skills through opportunities for family/community participation.

Students who qualify for additional services will be provided extra instructional support.

Students will participate in after-school clubs and extracurricular activities.

Staff:

All students will increase reading and writing skills as a result of teacher participation in professional learning communities.

Evaluation:
Curriculum Calendars/Maps with Pacing Guides
Units of Study
School City of Hobart's Balanced Assessment System Framework:

Intervention: Balanced Literacy **1. All students will increase reading and writing skills as a result of participating in Balanced Literacy.** **2. All students will participate in a 90 minute Core Reading Program at the elementary level.** **3. IDOE Skills and Scaffolding will be implemented.** A. Reading Components – Students will learn grade appropriate phonemic awareness, phonics, fluency, vocabulary, and comprehension. B. Just Right Books - Students will read at their independent reading levels. Leveled libraries will be available in the classroom and through the school library. C. Small Group Instruction - Students will receive small group instruction based on their instructional reading levels to aid in comprehension. D. Independent Reading (Differentiation) - Students will read daily to increase stamina ranging from 10 minutes in first grade up to 30 minutes in the intermediate grades. E. Read Alouds - Students will participate in read alouds. F. Shared Reading - Students will participate in shared reading. G. Interactive Reading - Students will actively participate in conversations about books being read aloud to them. H. Interactive Writing - Students will participate in writing activities in which the teacher and students write together. I. Shared Writing - Students will observe a teacher modeling writing, and will give verbal suggestions as the teacher writes. J. Independent Writing (Differentiation) - Students will learn and improve independent writing skills and strategies by participating in daily instructional time focused on teaching to apply writing skills and strategies, independently, in their own classroom writing	2012-2017	- Literacy Coordinators - Title I Staff -Administrators -1-5 Teachers -LRE Facilitator	- School City of Hobart's Balanced Assessment System Framework -Professional Learning Communities -Rubrics -Group -CFA's Discussions -Written Pieces of Work -Classroom Assessments -Turn and Talk Discussions -Lesson Plans -Conference Notes -Reading Logs -Anecdotal Notes -Observations -Running Records -Formal Scales -Portfolios	- School City of Hobart's Balanced Assessment System Framework -Books with Multiple Copies of the Same Text -Overhead Projector/ Transparencies -Chart Paper -Writing Folders -Reader's and Writer's Notebooks -TRC (District Website) -Flip Charts -Big Books -Books for read alouds -Benchmark Kits -Leveled Reading Books -*Journeys* by Houghton Mifflin Harcourt -Scholastic News -Raz-Kids -Write Source -READ 180 - System 44 -Vocabulary A-Z -Reading A-Z -Making Meaning -Being A Writer -Scholastic Coaching -Scholastic Story Works

and journaling.				

ACTIONS	SCHEDULE	RESPONSIBILITIES	MONITORING	RESOURCES
Intervention: Balanced Literacy, continued K. Literature Circles/Book Clubs - Students will participate in literature circles- small, temporary groups, determined by teacher discretion, based upon book choice, which meet on a regular basis to discuss their reading through open and natural conversations about books. L. Curricular Calendars/Units of Study/Traveling Lessons – Students will receive focused reading/writing instruction by participating in mini-lessons derived from specific Units of Study, mapped out per month in Reading/Writing Curricular Calendars. M. Close Reading/Annotation – Students will receive instruction and practice the skill of close reading, questioning, and marking the text. N. Moving from Comprehension to Analysis – Students will receive instruction and practice the critical thinking skills required to move beyond recall of information in a text to application of that information to larger concepts. O. Moving from Analysis to Synthesis – With teacher support, students will apply what they have learned from analyzing multiple texts to create a new product (e.g paper, presentation, project) that demonstrates their knowledge.	2012-2017			-*Reading and Writing Workshop Books* K-6 by Lucy Calkins - Smeken's Workshops and Website -*Teaching the Qualities of Writing* by Ralph Fletcher -*Strategies that Work* by Harvey and Goudvis -*Classroom Instruction that Works* by Robert Marzano -The Daily Café Website -Newsela -*Journeys* ThinkCentral Website -Readworks -Khan Academy - Pivot -Google Apps

Ridge View Elementary

Teaching and Learning Action Plan #3 Problem Solving

Improvement Goal:
All students will use problem solving skills to think critically and apply knowledge and reason to solve problems.
Expectation(s) for Student Learning:
• All students will think and reason effectively.
• All students will solve problems accurately, and efficiently.
• All students will communicate clearly using mathematical language and representations by demonstrating skills and knowledge.
• All students will use technology research tools to locate, evaluate, and collect information in order to process data, report results, and make decisions for solving problems.
Target Participants:
All students at Ridge View Elementary
Subgroups:
Students who are achieving below proficiency level.
Students who are achieving above proficiency level.

Interventions:

Curriculum, Instruction and Assessment:

All students will increase skills in problem solving through monitoring progress on Indiana Academic Standards (IAS) to determine instructional needs.

All students will increase problem solving skills through differentiated instruction across the mathematics curriculum that emphasizes conceptual understanding.

All students will use reasoning and critical thinking to solve problems through applied mathematics **across the curriculum** that provide relevant, concrete, and everyday problems.

Students will participate in project/problem based learning including STEM and STEAM.

All students will increase problem-solving skills by using technology tools **across the curriculum**.

Student Support:

Students will participate in Response to Instruction (RTI) Tiers based on achievement and behavior levels.

Subgroup students with low performance will increase problem solving skills beyond regular classroom instruction with increased academic learning time. All students will increase problem solving skills through opportunities for family/community participation. Students will participate in after school clubs and extracurricular activities.

Staff:

All students will increase problem solving skills as a result of teacher participation in professional learning communities.

Evaluation:

Curriculum Calendar

Units of Study

School City of Hobart's Balanced Assessment System Framework:

Classroom Assessments- Checklists, Rubrics, Envisions Problem Solving, Quizzes, and Unit Tests

Common Formative Assessments (CFAs)- Grade Level CFAs, Compass Learning Odyssey, Rubrics, Checklists, Formal Scales

Benchmark Assessments- quarterly standards based assessments, Pivot

External Summative Assessments- ISTEP+, ISTAR, WIDA

Timeframe for Implementation: 2012-2017

ACTIONS	SCHEDULE	RESPONSIBILITIES	MONITORING	RESOURCES
Intervention: Indiana Academic Standards 1. **All students will increase Problem Solving through monitoring progress on Indiana Academic Standards and Mathematical Practices.** A. School City of Hobart's Balanced Assessment System Framework B. Using Indiana Academic Standards Mathematical Practices. 1. Make sense of problems and persevere in solving them. 2. Reason abstractly and quantitatively. 3. Construct viable arguments and critique the reasoning of others. 4. Model with mathematics. 5. Use appropriate tools strategically. 6. Attend to precision. 7. Look for and express regularity in repeated reasoning.	2012-2017	-Central Office Administrators -Principals -1-5 Teachers	-School City of Hobart's Balanced Assessment System Framework -Classroom Assessments (emphasis) -Formal Scales -CFA's - Conferring/Anecdotal Records -Checklists/Rubrics -Quizzes -Unit Tests - Report Cards -Pivot -Google Apps/Classroom	- School City of Hobart's Balanced Assessment System Framework - Classroom Assessments - CFA's - Conferring/Anecdotal Records - Checklists/Rubrics -Math Journals/Notebooks - Report Cards -TRC (District Web site) -Google Apps -*Balanced Assessment* by Burke -*Common Formative Assessments* by Bailey and Jakicic -*The Art of Science and Teaching* by Marzano

C. Using Indiana Academic Standard's Vocabulary.
D. Pivot be administered to all grades to determine goal areas needing remediation for each student.
E. ISTEP data will be analyzed to determine skill areas needing remediation for each student.
 F. Students will develop a set of problem solving strategies across the curriculum.
Example:
1. READ What is the question?
2. REREAD What is the necessary information?
3. THINK Putting together = addition
       Taking apart = subtraction
       Do I need all the information?
       Is it a two-step problem?
4. SOLVE Write the equation.
5. CHECK Recalculate
       Label
       Compare

Intervention: Reasoning and Critical Thinking to Solve Problems
 	
1. All students will use reasoning and critical thinking to solve problems through applied mathematics across the curriculum that provide relevant, concrete, and everyday problems.
 	
A. Students will build academic vocabulary and comprehension across the curriculum.
 	
B. Students will understand and choose the correct mathematical operation to solve problems across the curriculum. (Example: Similarities and
    Differences/Graphic Organizers - Marzano)
C.   Students will use mental math/estimation to understand when an exact answer is necessary or an estimate is sufficient.
D. Students will develop a set of problem solving strategies.
Example:
1. READ What is the question?
2. REREAD What is the necessary information?
3   THINK Putting together = addition
    Taking apart = subtraction
    Do I need all the information?
    Is it a two-step problem?
4. SOLVE Write the equation.
5. CHECK Recalculate, label, and compare.
E. Students will problem solve independently and interactively by using probability, data analysis, and

Ridge View's **Teaching and Learning Action Plan #4: Career**
Improvement Goal: All students will demonstrate the skills and knowledge necessary for managing the dual role of productive and successful community member and wage earner by gaining employment in a career or by continuing education at the post-secondary level.
Expectation(s) for Student Learning: All students will develop career awareness through interaction with community workers.
Target Participants: All students at Ridge View Elementary
Interventions: All students will participate in career awareness. All students will participate in career exploration. Community, parents, and guardians will help students develop career education knowledge. Students will participate in small learning communities. Community groups will collaborate with Ridge View Elementary to support student learning. Students will participate in after-school clubs and extra-curricular activities.
Evaluation: Inventory of School Effectiveness Classroom Participation in Career Awareness Activities
Timeframe for Implementation: 2016-2017

ACTIONS	SCHEDULE	RESPONSIBILITIES	MONITORING	RESOURCES
Intervention: Career Awareness **1. All students will participate in career awareness.** A. Students will participate in interest surveys to identify career interests. B. Students will be provided with connected curriculum opportunities. C. Students will have the opportunities to listen and learn from guest speakers, mentors, and guest readers. D. Students will participate in a variety of study trips connected to the curriculum. E. Students will be given the opportunity to join after-school clubs involving career based activities, such as: Helping Hands, Brickie Leaders, Student Council, Coding Club, Ridge Bots, F. Students will participate in various economical, hands-on activities through Junior Achievement. G. All students will use Career Cruising's online portfolio for college and career planning. **2. All students will participate in College Go! Week** A. Students will engage in classroom using Learn More Magazine activities to be college ready. B. RV Teaching and Learning Action Plan #5: Citizenship

Improvement Goal:

All students will develop an understanding and commitment to the democratic ideals of human dignity, justice and equality by focusing on productive citizenship in a democratic society.

Expectation(s) for Student Learning:

• All students will demonstrate behavior expectations through the Lifelong Guidelines/Lifeskills, Workforce Expectations, and following the model of, Be responsible! Be respectful! Be safe!

• All students will respect diversity while becoming effective and participating members of a democracy.

• All students will have an opportunity to participate in community service activities to experience personal, intellectual, and social growth.

• All students will practice digital citizenship through ethical and responsible use of technology systems, information, and software.

Target Participants:

All students at Ridge View Elementary

Grades 4-5 – Reproduction and Family Planning

Grade 5 – Substance Abuse/ Too Good for Drugs and Violence

Interventions:

Student Support:

All students will develop positive personal and interpersonal skills through Lifelong Guidelines/Lifeskills and following the model of Be responsible!, Be respectful!, and Be safe!

All students will develop positive leadership skills, ethics, school connectedness, and accountability.

All students will develop digital citizenship and practice acceptable technology usage.

All students will learn necessary strategies to keep themselves safe and healthy.

The school community will collaborate to provide a safe and secure facility.

Evaluation:

Stakeholder Opinion Surveys	Discipline Data
Leadership Survey	Gallup Poll Data
Learn More Indiana Student Survey	PIVOT Early Warning System

Timeframe for Implementation:

2012- 2017

ACTIONS	SCHEDULE	RESPONSIBILITIES	MONITORING	RESOURCES
Intervention: Positive Personal and Interpersonal Skills 1. All students will develop positive personal and interpersonal skills through Lifelong Guidelines/Lifeskills and following the model of Be responsible!, Be respectful!, and Be safe! A. Daily practice and usage of Lifelong Guidelines/Lifeskills and the model of Be responsible!, Be respectful!, and Be safe! in classroom management and curriculum B. Incorporate Lifeskills and the model of Be responsible!, Be respectful!, and Be safe! in student government, athletics, clubs, and other activities. C. Incorporate Lifeskills and the model of Be responsible!, Be respectful!, and Be safe! in student discipline. D. Opportunities to practice Employer Expectations in Work One poster. **1. M.O.P. K-12** We teach, model, and practice these questions so that students can "mop up" inappropriate behavior. **Me** -- Did or could this behavior hurt me or get me in trouble? **Others**- Did or could this behavior hurt others or get others in trouble? **Property**- Did or could this hurt	2012-2017	-Lead: Administrators -Home School Coordinator/Counselor -Citizenship Goal Chairs -1-5 Teachers -YMCA -Scouts -Youth Athletic Organizations -Parents -Support Staff -RTI Team -Team LEAD -Safety Patrols	-Leadership Surveys -Observable Student Behaviors -Referral Form Data -Discipline Data -NSSE Opinion Surveys -AIMSweb -Easy CBM -Gallup Poll Data - Learn More Indian Survey - Threat Assessment - PIVOT Early Warning System -PBIS Data	-A.M. STANDARD 4

Resources and Support Systems Action Plan

Standard 4: Resources and Support Systems

Improvement Goal:

All students' achievement is ensured by providing resources and services necessary to support success.

Expectations(s) for Student Learning:

Vision for Student Learning

The School City of Hobart Community will foster intellectual curiosity, natural abilities, critical thinking, and literacy in students while developing respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

Mission

The primary mission of the School City of Hobart and the Board of School Trustees is to continually provide effective community schools.

A. Our Schools Equip Children for Adulthood

B. Our Schools Address the Needs of Individual Students

C. Our Schools Are Community Schools

D. Our Schools Are Committed to Success

Ridge View Elementary Mission:

Ridge View's mission is to foster significant and measurable academic progress in every student by encouraging creativity while following the Indiana State Standards (Common Core State Standards) in an atmosphere that nurtures the development of confident, responsible citizens who are prepared to be uniquely successful in a changing world.

Ridge View Motto: Together, we build responsible citizens for the community, America, and the world.

Teaching and Learning Goals

1. All students will increase academic achievement with a specific focus on language arts and mathematics across the curriculum.

2. All students will read and comprehend a variety of genres (types) and informational text, as well as communicate ideas through writing.

3. All students will use mathematical/problem solving skills to think critically and apply knowledge and reason to solve problems.

4. All students will demonstrate the skills and knowledge necessary for managing the dual role of family member and wage earner by gaining employment in a high-skill career or by continuing education at the post-secondary level.

5. All students will develop an understanding and commitment to the democratic ideals of human dignity, justice and equality by focusing on productive citizenship in a democratic society.

Standard 4: Resources and Support Systems

Target Participants:

School City of Hobart Stakeholders:

Students

Parents/Guardians

Faculty

Staff

Community Members

Civic Organizations

Business Community

Strategies:

The district employs a Director of Human Resources and Compliance who helps coordinate the employment and training of employees.

The district and Ridge View Elementary recruit, employ, and mentor qualified professional staff.

Support staff, including bus drivers, custodians, and food service employees, are hired according to qualifications and training.

The district and Ridge View Elementary maintain an evaluation system for classified and certified staff that provides opportunities for continuous professional development.

The district employs a Business Manager who follows the state's funding formula and recommends appropriations that are representative of revenue received and plans a budget to achieve the implementation of the District Strategic Plan.

The district employs a Director of Support Services who leads site and facility maintenance in order to provide a safe, clean, and comfortable learning environment.

The district employs a Director of Food Services to provide a healthy menu of nutrition for students.

The district employs a Transportation Coordinator and Bus Mechanical staff to provide safe transport to and from school, as well as other school sponsored events.

The City of Hobart partners with the district to provide personnel for safety and learning opportunities.

The school community will collaborate to provide a safe and secure facility.

Central Office Administrators and the Director of Technology provide leadership and development for technology and media resources across the district.

The district employs a Director of Technology and Director of Information Technology Services who work with to provide leadership for technology.

The district employs a Coordinator of Student Health Services to assist the Central Office with ensuring proper health and safety measures, as well as partner with St. Mary's Medical Center for the Brickie Community Health Clinic.

ACTIONS	SCHEDULE	RESPONSIBILITIES	MONITORING	RESOURCES
Intervention: Employment 1. The district employs a Director of Human Resources and Compliance (HRC) who helps coordinate the employment and training of employees. 2. The district and Ridge View Elementary recruit, employ, and mentor qualified professional staff. A. Central Office Administrators and principals meet regularly to ensure appropriate staffing meets the needs of students and is projected in the budget. -Demographic studies are conducted and matched with accurate Average Daily Membership (ADM) counts. -Harmony Student Management System is used for projections and master scheduling. -Spreadsheet enrollment analysis is regularly updated at the elementary levels for proper staffing. -Curriculum and RTI changes are reviewed continuously. -Projected staff needs, enrollment projections, and curriculum and RTI needs are matched to the budget appropriations. B. Positions are posted on the Indiana Department of Education Web site, the School City of Hobart Web site, and colleges and universities throughout the state. -All applicants apply online (Applitrack) with highly qualified credentials as a part of the application process. C. Certified staff assignments are based on credentials and certification that meet state and federal laws and regulations. D. All newly licensed teachers are assigned a mentor for a 1 year period. E. All teachers are a part of professional learning communities. F. All new employees are provided an induction program. -District Philosophy -Blood Borne Pathogens -Hazardous Communication -Forms, Procedures, School Safety -Curriculum, Assessment, AdvancED/SIP -Professional Development from AdvancED/SIP Plans -Technology G. All substitute teachers possess certification from IDOE in order to be employed.	2012-2016	-Lead: Director of Human Resources and Compliance (HRC) - Central Office Administrators -Business Manager -Building Administrators -Director of Support Services	-Superintendent - Director of HRC -Business Manager - Director of Curriculum -Administrators -Applitrack -McKibben Demographic Study -ADM -Spreadsheet -RTI Data -Budget -Harmony -90 Day Review of Classified Employees -Gallup Interview Questionnaire -Job Description -Evaluation Instruments: -*The Art and Science of Teaching* by Marzano -Pre-employment Qualifications/Credentials Checklist -Monitoring in Accordance with State and Local Mentor Guidelines for Certified Staff	- Superintendent - Director of HRC -Business Manager - Director of Curriculum -Administrators -DOE Web site -IDOE Assignment Code -Indiana Mentor Assessment Program -District Web site -Indiana College and University and Placement Centers -Local Media -Bargaining Agreement Between the Board of School Trustees and the HTA -Applitrack -McKibben Demographic Study -ADM -Spreadsheet -RTI Data -Budget -Harmony -SafeSchools -REM4ed

ACTIONS	SCHEDULE	RESPONSIBILITIES	MONITORING	RESOURCES
Intervention: Employment (continued) H. All classroom aides must meet the regulations of NCLB (2 years of college or pass the ParaPro exam in order to be hired). 3. Support staff, including bus drivers, custodians, and food service employees, are hired according to qualifications and training. 4. The district and Ridge View Elementary maintain an evaluation system for classified and certified staff that provides opportunities for continuous professional development. A. The district has a rigorous evaluation system that includes: -An instructional model that is researched-based including: a. Domain 1: Classroom strategies and Behaviors b. Domain 2: Planning and Preparing c. Domain 3: Reflecting on Teaching d. Domain 4: Collegiality and Professionalism -The evaluation process provides opportunities for the following: a. Goal Setting- Professional Growth Plan b. Self-assessment and reflection c. Pre-observation Conferences d. Formative Evaluation e. Classroom Walkthroughs f. Summative Evaluation B. The School City of Hobart and Ridge View Elementary will implement Professional Learning Communities. -Professional Learning Communities develop a shared vision, mission, and values. -The engine of improvement, growth, and renewal in a Professional Learning Community is collective inquiry. a. Reflection b. Shared Meaning c. Joint Planning d. Coordinated Action -The basic structure of the Professional Learning Community is a group of collaborative teams that share a common purpose. -Professional Learning Communities are action oriented. -Professional Learning Communities are engaged in continuous improvement. -Professional Learning Communities focus on results.	2012-2016	Lead: Central Office Administrators -Building Administrators -K-12 Teachers -Staff	-NCLB ACT -Teacher Evaluation	-Applitrack -School City of Hobart's Professional Development Catalog -*Professional Learning Communities at Work*, DuFour and Eaker -*The Art and Science of Teaching* -iObservation

ACTIONS	SCHEDULE	RESPONSIBILITIES	MONITORING	RESOURCES
Intervention: Employment (Continued) C. The district and Ridge View Elementary provide professional development. Program components include the following: -Flexibility of Professional Development Opportunities a. A Professional Development Catalog is published annually. b. Peer Mentoring/Coaching Partners/Instructional Rounds are available. c. Job-embedded training is available. d. The district is a sponsor for Professional Growth Points (PGP) for license renewal. e. The district establishes flexible schedules so teachers can practice what they have learned (or to continue their learning). f. Outside Professional Development, as required, to train teachers for In-house Professional Development -Provisional Support/ Administrative Support Team a. Aligns and organizes staff development b. Supports teachers both emotionally and technically c. Essential link for empowering teachers to learn and grow d. Establishing flexible schedules so teachers can practice what they have learned (or continue their learning) -Collaborative Development a. Encourages and facilitates team teaching and peer mentoring b. Provides teachers time to visit each other's classrooms to observe c. Schedules meetings among teachers to plain and evaluate instruction -Teacher Recognition a. Encourages teachers to share experiences by writing articles, sharing at conferences, leading workshops, etc. b. Encouraging and financially supporting teachers to attend other means of professional development outside of the district. -Sustain Professional Development a. Developing Awareness b. Building Knowledge c. Translating Knowledge into Practice d. Implementing New Approaches e. Deepening Understanding f. Reflecting on New Teaching Practice and Examining the Impact on Student Learning. g. Refining Practice and Sharing Expertise	2012-2016	Lead: Central Office Administrators -Building Principals -K-12 Teachers -Staff -Technology Department	-Professional Development Attendance	-CRUs Sponsorship -Literacy Coordinators -Master Schedule -Time for Collaboration -District/School Web Sites -District Newsletter -Professional Development Days -Chamber Teacher of the Year Award -Board Presentations to Celebrate Success -Bargaining Agreement Between the Board of School Trustees and the HTA -iObservation -Professional Growth Points (PGP) -Late Start Wednesdays -*Becoming A Reflective Teacher* by Robert Marzano

ACTIONS	SCHEDULE	RESPONSIBILITIES	MONITORING	RESOURCES
Intervention: Budget 1. The district employs a Business Manager who follows the state's funding formula and recommends appropriations that are representative of revenue received and plans a budget to achieve the implementation of the District Strategic Plan. A. The district works within the budget to achieve goals. -The Board, Superintendent, and Business Manager work closely to achieve financial stability in terms of budget practices that affect hiring of personnel and benefit packages. -Resources are budgeted yearly to maintain sufficient staffing to promote educational programs. -Student safety, learning environment, maintaining equipment and introduction of new technologies into the classroom are budget priorities. -Grants are used to jumpstart new educational programs or to make sure that existing educational programs and staff development continue uninterrupted in the event of revenue shortfalls. -Regular dialogue with district leaders and principals on vision and future planning of budget considerations occur. B. The Business Office maintains a level of checks and balances to achieve high financial accountability and integrity with a district-wide financial system. -The Indiana State Board of Accounts and the State Department of Local Government Finance provide detail on State requirements for financial and operational reporting. -The corporation uses the accounting guidelines prescribed by the State Board of Accounts to maintain compliance and accountability under state law. -The corporation is audited every two years by the State Board of Accounts. -All expenditures are presented to the school board on a monthly basis for review and approval.	2012-2016	-Business Manager -Board of School Trustees -Superintendent -Administrators -Business Office -Director of Technology -Directory of Informational Technology -Director of Support Services -K-12 Teachers	-Business Manager -Treasurer -Board of School Trustees -Superintendent -Administrators -Business Office -Director of Technology -Directory of Informational Technology -Director of Support Services -K-12 Teachers -Monthly Review of Percent of Revenue Received and Percent of Expenditures -Comparative Analysis -Trends of Expenditures for Spending Patterns -Cash Flow -State Audit -LOW Financial Software -10 year Capital Project Plan	-Department of Local Government Finance (DLGF) -State Funding Formula -Indiana Department of Education (IDOE) -LOW Financial System -Internal Programming Through Excel -Hobart Educational Foundation (grants) -LOW Financial Software -City Securities (financial planner) -Outside Facilitators: Interest-based Bargaining -State Auditor

ACTIONS	SCHEDULE	RESPONSIBILITIES	MONITORING	RESOURCES
C. The Business Office contracts a professional fixed assets appraisal every two years. D. The schools have allocations for operating supplies and Capital Improvements. E. The district and Ridge View Elementary engage in textbook/technology adoption annually according to the Indiana Department of Education (IDOE) schedule. F. The Board responds appropriately to facility and technology needs with special bond issuances.	2012-2016	-Business Manager -Board of School Trustees -Superintendent -Administrators -Business Office -Director of Technology -Directory of Informational Technology Services -Director of Support Services -K-12 Teachers	-American Appraisal: Fixed Asset Appraisal -School budgets -Textbook/Technology Adoption -10 year Capital Projects Plan -3 year Technology Plan	-Textbook/Technology Adoption -School budgets

Standard 4: Resources and Support Systems

ACTIONS	SCHEDULE	RESPONSIBILITIES	MONITORING	RESOURCES
Intervention: Safe Environment 1. The district employs a Director of Support Services who leads site and facility maintenance in order to provide a safe, clean, and comfortable learning environment. A. The Director of Support Services maintains a prioritized 10 year capital project plan with the administration and Board of School Trustees. -Support services monitors the need for repairs and replacement of building materials such as roofs, doors, windows, flooring, sidewalks, pavement, etc. B. The Director of Support Services maintains a scheduled maintenance calendar for life expectancy of equipment and safety. -Monthly Safety Inspections a. Emergency Lighting b. Exit Lighting c. Fire Extinguishers d. Playground Inspections -Annual Maintenance Inspections and Testing a. Fire Sprinkler Systems b. Fire Alarm Systems c. Kitchen Fire Hood Systems d. Fire Extinguishers e. Pressurized Vessels f. Asbestos g. Elevators h. Code Compliance -Employee Training Checklists a. Material Safety Training b. Ladder Safety c. Blood-bourne Pathogen d. STANDARD 5

Using Results for Continuous Improvement Action Plan

Standard 5: Using Results for Continuous Improvement.

Standard 5: Using Results for Continuous Improvement.

Improvement Goal:

Maintaining an assessment system to monitor and document results to improve student performance and school effectiveness.

Expectations(s) for Student Learning:

Vision for Student Learning

The School City of Hobart Community will foster intellectual curiosity, natural abilities, critical thinking, and literacy in students while developing respectful and responsible citizens who are excited about the challenges of tomorrow, confident in their ability to chart the future, and dedicated to the pursuit of lifelong learning.

Mission

The primary mission of the School City of Hobart and the Board of School Trustees is to continually provide effective community schools.

A. Our Schools Equip Children for Adulthood

B. Our Schools Address the Needs of Individual Students

C. Our Schools Are Community Schools

D. Our Schools Are Committed to Success

Ridge View Elementary Mission:

Ridge View's mission is to foster significant and measurable academic progress in every student by encouraging creativity while following the Indiana State Standards (Common Core State Standards) in an atmosphere that nurtures the development of confident, responsible citizens who are prepared to be uniquely successful in a changing world.

Ridge View Motto: Together, we build responsible citizens for the community, America, and the world.

Teaching and Assessing for Learning

1. All students will increase academic achievement with a specific focus on language arts and mathematics across the curriculum.

2. All students will read and comprehend a variety of genres (types) and informational text, as well as communicate ideas through writing.

3. All students will use problem solving skills to think critically and apply knowledge and reason to solve problems.

4. All students will demonstrate the skills and knowledge necessary for managing the dual role of family member and wage earner by gaining employment in a high-skill career or by continuing education at the post-secondary level.

5. All students will develop an understanding and commitment to the democratic ideals of human dignity, justice and equality by focusing on productive citizenship in a democratic society.
