

Grades 3&4 — Fun in the Air

Let's go fly a kite—paper airplanes, bubbles, and more. This is a science-based class children won't want to miss!

Presented by: Mrs. Moore

Tues., Weds., & Thurs. / July 14th—July 30th

Grades 3&4 — Reader's Theater

Is your child theatrical? Perhaps he/she should join Reader's Theater. Students will strengthen their reading and performance skills as they practice a play. Wait 'til you see them perform!

Presented by: Mrs. Bourne

Mons., Weds., and Frds. / June 22nd—July 10th

Grades 3&4—Computer Whiz Kids

Your children have worked hard all year; don't let their learning take the summer slide. Sign them up for Computer Whiz Kids, a program offering students an opportunity to log-on to Raz-Kids and read "just-right," entertaining and educational books. Students will also participate in the Computer Whiz Kids' summer book club, focusing on developing comprehension skills through the use of fun, interactive read-alouds. Whether your child is an avid reader or needs a little extra help, remember: Kids win when they log-in!

Presented by: Mrs. Carden

Tuesdays and Thursdays / June 30th—July 30th

Learning Camp Programs...

Ridge View School

During this summer, we are offering some fun and exciting programs here at Ridge View.

Although these programs will be scheduled on different days throughout the week, all classes will meet from 9:30 a.m. to 11:30 a.m. During that time, our summer campers will also be receiving a free lunch sponsored by the USDA and served by the School City of Hobart.

Since bus service is not available, you must provide transportation for your children, or allow your children to walk. **Remember, students must be picked up promptly at (11:30 a.m.) dismissal.**

If you are interested, complete the permission slip today! Children are admitted on a first come, first served, basis. **Remember, permission slips must be signed!**

We hope to see your children at Ridge View this summer.

Kindergarten — Story Time and Crafts

Children will enjoy a variety of stories and engage in related craft activities. What a summer of reading fun!

*Presented by: Mrs. Klaich and Miss Sattler
Tuesdays and Thursdays / June 23rd—July 16th*

Grades 1&2—Computer Whiz Kids

Your children have worked hard all year; don't let their learning take the summer slide. Sign them up for Computer Whiz Kids, a program offering students an opportunity to log-on to Raz-Kids and read "just-right," entertaining and educational books. Students will also participate in the Computer Whiz Kids' summer book club, focusing on developing comprehension skills through the use of fun, interactive read-alouds. Whether your child is an avid reader or needs a little extra help, remember: Kids win when they log-in!

Tuesdays and Thursdays / June 30th—July 30th*

Grades 1&2 — Reader's Theater

Is your child theatrical? Perhaps he/she should join Reader's Theater. Students will strengthen their reading and performance skills as they practice a play. Wait 'til you see them perform!

*Presented by: Mrs. Tillery
Mons., Weds., and Frds. / June 22nd—July 10th*

Grades 1 & 2 — Craft Time

Children will create all sorts of fun art projects using a variety of materials including: seed/sand mosaics, decorated picture frames, paper plate critters, abstract designs, sea mobiles, creepy crawly caterpillars and much more...

*Presented by: Mrs. Huttle
Mons., Weds., and Frds. / June 22nd—July 10th*

Grades 2&3 — Math Fun

Second and Third Grade Math experts will be exploring the Ridge View Jungle to research native insects in their natural environment. Explorers will be using their math and science skills to determine the biggest and smallest of insects. They will be reporting shapes and measurements as well. Scientific journals and microscopic examinations will determine characteristics of native bugs. Explorers do get hungry from time to time, so there could even be edible insects to consume. Ohhhhhh Noooooo! Come join the fun.

*Presented by: Mrs. Stephens and Mrs. Synko
Tuesdays and Thursdays / June 30th—July 30th*

Grades 3 & 4 — Math, an Exciting World

If you thought math was all adding and subtracting problems...think again. We will be using Tangrams, Pentominoes, and creating solid shapes. Come explore the fun side of math! Summer Classes = FUN

*Presented by: Mrs. Kuyachich
Tuesdays and Thursdays / June 30th—July 30th*
