

Don't Let Head Lice Bug You!

What You Need to Know

Any child can get head lice.

- It doesn't matter how clean your hair or home may be.
- It doesn't matter where children and families live, play, or work.

Check with your child's doctor.

- The most effective way to treat head lice is with head lice medicine.
- Head lice medicine should only be used when it is certain that your child has head lice.
- Ask your child's doctor about treatment options.

Treat it right away!

- Use the head lice medicine your doctor prescribes.
- Always follow the directions exactly as written.
- Never let children apply the medicine.
- Check with your doctor if a second treatment is needed.
