## Reading Strategy

*Infer and Support with Evidence*

*Have you ever read a book and assumed what the author was saying or feeling without having it actually written down?*

How can you help your child with this strategy at home?

1. Read to your child and model your thinking as you read. Modeling is one of the most effective teaching strategies.
2. Have your child "read" a wordless picture book. Using the pictures to tell stories helps with the inferring process.
3. Ask your child the following questions
   - Can you explain why the character acted this way?
   - How do you think the author might feel about the character?

These guidelines and strategies are from
