

# Summer learning on IXL!

**STAY SHARP WITH FREE MATH AND LANGUAGE ARTS PRACTICE**

We've used IXL to reinforce our curriculum this year, and your child will continue to have free access to the online program over the summer. With thousands of interactive practice problems for math and language arts, IXL is a fun way for your child to maintain the skills he or she has worked hard to learn!

## Did you know?

Studies have found that students lose one to two months of math and reading skills over the summer. You can play an important role in preventing this “summer slide” over the summer months by encouraging your child to continue learning!

Have your child sign in throughout the summer at [www.ixl.com](http://www.ixl.com)!

**USERNAME:**

**PASSWORD:**

*If your child needs help signing in, please contact his or her teacher.*

## Summer goals

Here are our class goals for the summer. Challenge your child to hit these targets!

- Practice IXL for 1 hour each week
- 
- 
- 
- 
- 

Want more ideas for motivating your child to practice this summer? Visit:  
[www.ixl.com/community/resources/summer](http://www.ixl.com/community/resources/summer)

## What is IXL?

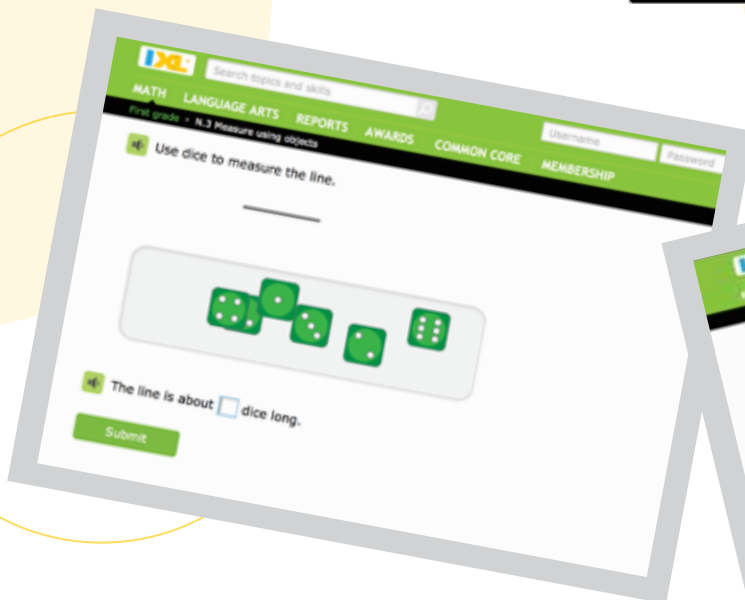

IXL is an online math and English language arts practice program built to personalize the learning experience for your child. As your child practices, IXL adjusts in difficulty so that your child can master skills at his or her own pace. Because your child has unlimited access to all grade levels, it's easy to select material that will help them fill gaps in learning, review what they've learned in class, or even advance in topic areas of interest.

Have your child sign in for access to:

-  **UNLIMITED, UNIQUE QUESTIONS**  
to make practice engaging!
-  **ADAPTABLE SKILL LEVELS**  
to support and encourage your child!
-  **FUN AWARDS**  
to keep your child motivated!
-  **DETAILED PARENT REPORTS**  
to stay in the know!

## IXL mobile apps

Going on a road trip this summer? Take IXL along—with our iPad, Android, and Kindle Fire apps, your child can practice on the go!

# Summer Learning on IXL!

## STAY SHARP WITH FREE MATH AND LANGUAGE ARTS PRACTICE!!!

NO LOGIN or Registration is needed.

All of these grade levels and activities are open to use without a login name.

### DIRECTIONS:

Visit [www.ixl.com](http://www.ixl.com) in the center part of the page will display with grade levels. Click to access a grade level, then select math and language activities to stay sharp all summer long.

### PARENTS:

\*\*Studies have found that students lose one to two months of math and reading skills over the summer. You can play an important role in preventing this “summer slide” over the summer months by encouraging your child to continue to learning!!! \*\*
