

Brickie Makers & Innovators Showcase

April 20, 2016

Hobart High School

6:00 p.m.

(Concessions Available)

Full Science, Technology, Engineering, Arts or Mathematics (S.T.E.A.M.) ahead!

Tinkerers, storytellers, scientists and artists alike: come show off your talents and inventions at the second Brickie Maker and Innovator Showcase. Students have the opportunity to present original creations during an evening of mad genius! Creations can be original designs from home or school.

ARE YOU A MAKER?

Guidelines:

- Showcase an original creation in the field of Science, Technology, Engineering, Arts or Mathematics.
- The creation should be made by the student. The more they do on their own, the more they will learn.
- This showcase is about ingenuity and self-discovery. Imperfection is welcome! Made at home or school!
- Create with material safe for use in a public forum.
- Student (parent) should be able to transport the creation with minimal assistance. Design your inventions keeping in mind the event will take place indoors.
- The School City of Hobart will provide tables and necessary technology.

For more information and to complete this form online, please visit: <http://hobart.schoolwires.com/maker>.

We are the Makers of Tomorrow!

Please complete the bottom portion to reserve your space by **APRIL 8, 2016** and return to your teacher. Teachers will submit to the School City of Hobart.
