

A H E R A

In accordance with the provisions of the Asbestos Hazard Emergency Response Act (AHERA), the School City of Hobart hereby provides annual notification to occupants of our buildings and to the community of the availability of the Asbestos Inspections and Management Plan for review. Extensive asbestos inspections and testing procedures have been conducted and the findings indicate that, although some asbestos has been detected, we do not have a substantial problem. The inspections are made in order to determine that safe conditions exist at all locations. The management plan may be reviewed anytime during regular school hours. A copy may be found in the principal's office at each school or in the Office of Support Services.

Another provision of the regulation is to inform workers and building occupants of asbestos inspections, response actions, and post-response action activities. Inspections and periodic surveillance are conducted twice each year. No abatement or response actions are planned at any school at this time.

Any questions regarding the plan should be directed to the Support Services Office at 219-947-2413.
