

Students: Access CompassLearning Odyssey online, anywhere, anytime — at home or on the go.

Hey, we know how it is: You've got a lot to do — at school and at home. That's why we made Odyssey® flexible, so you can access your learning paths and assignments online from any computer with Internet access. Your teacher will tell you how to log in. When you do, you'll see the exact same Student Launchpad you see when you log in at school. Plus your parents get a special login so they can see your progress and your assignments. *(But they can't do them for you. Nice try!)*

Students, record your login here:

To ensure that your workstation is properly set up, click on the "System Requirements" button on the Odyssey home page:
<http://www.compasslearningodyssey.com>.

The logo for CompassLearning, with "Compass" in green and "Learning" in blue, followed by a registered trademark symbol.

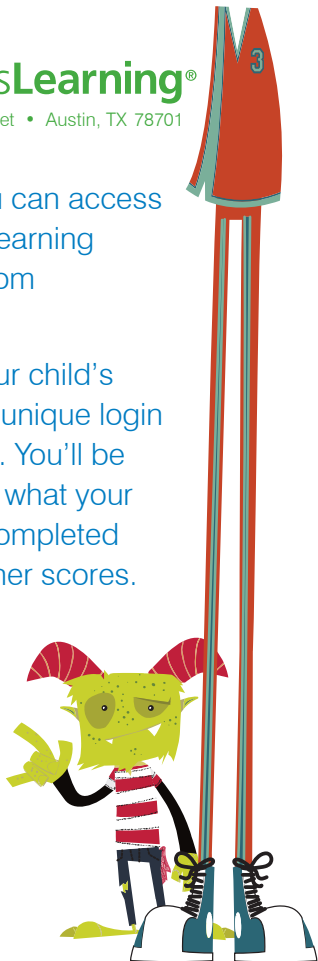

CompassLearning®

203 Colorado Street • Austin, TX 78701

Parents: You can access
CompassLearning
Odyssey from
home, too!

Contact your child's
teacher for unique login
information. You'll be
able to see what your
child has completed
and his or her scores.

**Parents,
record your
login here:**
