

# Construction Technology

## Career Opportunities

Carpenter  
Plumber  
Electrician  
Masonry Worker

### Wages

#### Carpenter

Average Salary-  
\$39,530

#### Plumber

Average Salary-  
\$46,660

#### Electrician

Average Salary-  
\$48,250

#### Masonry Worker

Average Salary-  
\$45,410

### Schooling / Training

#### Carpenter

Most carpenters learn their trade through a 3- or 4-year apprenticeship while others attend a technical college for a carpentry degree.

#### Plumber

Most plumbers, pipefitters, and steamfitters learn on the job through an apprenticeship. Some start out by attending a technical school. Most states and localities require plumbers to have a license.

#### Electrician

Although most electricians learn through a formal apprenticeship, some start out by attending a technical school. Most states require licensure.

#### Masonry Worker

Although most masons learn through a formal apprenticeship, others learn through 1- or 2-year mason programs at technical colleges.

If you enjoy working with your hands, you should consider this career field!

### Job Outlook

Employment for carpenters, plumbers, electricians, and masonry workers is expected to grow much faster than the average from 2010-2020.

**If you're interested in gaining pre-apprenticeship training in carpentry, electrical, heating, air conditioning, painting, plumbing, and masonry trades- Sign up for this class at PCCC.**
