Welcome Back!

Welcome back, cadets! This year our

program is host to a whopping 154 students, and it's the sentiment of all the upperclassmen and instructors to be excited that you're here! Read on for some pertinent information about our program and our student leaders, as well as how to become involved in some of the

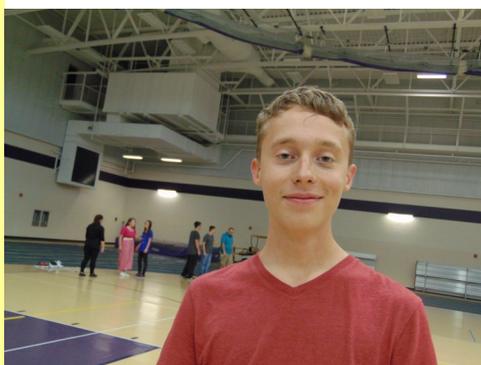

awesome organizations and activities that JROTC organizes throughout the year. It's going to be a good one!

Getting Involved

With the start of every new year comes the opportunity to get involved in JROTC-based extra-curriculars. Cadets are welcome and encouraged to join one or more of the many teams and activities we offer after school, such as

Raiders, Color Guard, Drill, and Marksmanship. We are also proud

host to groups such as the JROTC Band and JLAB, which will become more active as the year progresses. For more information on each team, feel free to see that team's captain or another upperclassman, and keep an eye out for sign-up sheets in LTC Buhmann's room!

Learning Through Community Service

Hobart High School JROTC prides itself on its dedication to serving the community. Dozens of community service opportunities are presented to cadets throughout the course of the year and cadets have the chance to rack up hundreds of service learning hours while having fun and spending productive time with their peers in JROTC. Cadets who are interested in participating in service learning MUST have a drug testing consent form on file with the office before they will be

permitted to attend service learning events. Those who have the necessary paperwork filed should keep an eye out for new sign-up sheets as they appear on LTC Buhmann's whiteboard, and questions about service learning sign-ups and events can be directed towards LTC Buhmann or c/CSM Garry Hall.
